**Found Chair To Study Tuberculosis**

Mr. J. A. Richards Gives Ten Thousands For Fight With White Plague.

Laval University has unanimously accepted the offer of Mr. J. Auguste Richards, president of the Fashion Craft Company, of \$10,000 for the establishment of a French seat of learning of a chair of phthisiology. Dr. J. E. Dube, of Montreal, who for many years has been a close student of tuberculosis symptoms, has been appointed the first incumbent, and he enters upon his duties immediately. Speaking of the founding of the newest chair at Laval, L'Union Medicale, an important French medical publication, says:

"Thanks to Mr. Richards' generosity and broad-mindedness, to his wise thought and supple mind, which realized the importance and the necessity of a strong fight against the dire enemy, tuberculosis, a new start has been taken, by which its rapid growth may be checked and its terrible consequences warded off from many otherwise innocent victims, who, through lack of knowledge, or proper care, would be ravaged by this dread disease. The thanks of our city are, and should be, unanimously tendered to such men as this, who wisely and courageously endeavor to do their duty in this life, and withhold nothing that is in their power to aid in the building up, both morally and mentally, and physically, of those who go side by side through the battle of life with them, towards the common goal."

"The donor in this case is known to many as a philanthropist of the highest standing, his name being connected with many charitable and beneficial organizations throughout Canada, whilst in Montreal he is best known as president of the Bruce Institute and governor of Notre Dame Hospital. He is known as an active, energetic co-operator, whose level-headed knowledge of business affairs renders his advice of the greatest value to his fellow-workers for the welfare of humanity."

"There is no doubt that a public dispensary, such as that of the Institute Bruce, fills a very important want, as it is there that the doctor comes in contact with the sick, teaches them and gives them intelligent and assiduous care, and draws their attention to the best means to prevent contagion and the spreading of the disease. But this is not sufficient. It was necessary to place the seal of 'officialism' on the teaching 'against tuberculosis,' so that it would become perpetual and give a real start to the fight which is being pursued everywhere else and which has already provoked here such beautiful devotion and such noble aspirations."

**Had a Stroke of Paralysis**  
AND FOUND A CURE IN DR. CHASE'S NERVE FOOD.

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion. Prostration, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. R. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband, and we cannot speak too highly of them."

W. C. T. U. Ladies Accepted Invitation of Col. Hodgins.

The Woman's Christian Temperance Union held its regular semi-monthly gathering at 432 Park avenue yesterday afternoon, with their president, Mrs. Hubert Asplund, in charge of the proceedings.

Preliminaries over, the ladies concluded arrangements for the county convention to be held at Parkhill on Thursday and Friday, 26th and 27th, where it is hoped a large gathering will assemble.

The secretary read an invitation from the commandant and officers in camp to the president, officers and members of the union to be present at a reception given by the officers of the militia resident at present on Carling's Heights. The quarterly reports were to be given yesterday afternoon, but these were pushed aside in order not to interfere with the acceptance of this honor.

**LEGAL FIGHT GROWS FROM THE BARRON CASE**

Courts Will Decide As To Who Will Have Possession of Child.

An interesting legal fight has grown out of the removal of little Elsie Barron, from the Talbot street school, four weeks ago today. The child's mother was claimed to have spirited her away from the control of her aunt, with whom she was living. Kidnapping was charged at the time, but that charge has now been modified in a fight for possession of the child that will be heard in the Ontario courts at Toronto.

At the time the girl was taken from the city, it created an unusual sensation. It was supposed that the mother, who had secured a divorce in the American courts, but who had been refused possession of the child there, had taken little Elsie to the United States. Two days after the disappearance she was located at Newcastle, Ontario, as announced earlier.

Just when the legal battle will be fought has not yet been determined, but it is expected that the case will be brought to trial before long.

**LONDON AND S. EASTERN RENAMES OLD BOARD**

Election of Officers and Passing of Small Accounts the Only Business Transacted.

Comparatively speaking, the meeting of the directorate of the London and Streatham Railway on Tuesday was as short as the line itself. The L. & S. E. is supposed to be the shortest line in the world. The meeting of the directorate was the shortest railway meeting on record. The election of officers (one minute), and the passing of some small accounts (two minutes), constituted the meeting.

The election was a mere formality, all the old directors being returned by acclamation. The executive is:

President, W. J. Reid; vice-president, T. H. Smallman; secretary-treasurer, J. W. Little; directors, J. A. Campbell, John Dillon, T. H. Hobbs and John Labatt.

**MUSKOKA CONVENTION ON WORK OF THE Y.W.C.A.**

Noted Speakers Gathering at the Elgin House From All Parts of World.

[Special to The Advertiser.]  
Elgin House, Muskoka, June 25.—There is something going on at the Elgin House, Lake Joseph, Muskoka, that is bound to make its influence felt throughout all Canada, and to some extent throughout the world. This something is a gathering of girls from colleges and cities throughout the land, brought together by the Dominion Council of the Young Women's Christian Association.

The purpose of the gathering is to give fresh impulse towards noble living and to show the best methods of managing the association in all its varied branches.

One is to understand that the Y. W. C. A. of Canada, belongs to the great world association, and so we have people here, not only of national, but of world importance. One such is Miss Ruth Rouse, the John R. Mott of the Y. W. C. A., so to speak. Her very appearance is imposing; tall, well-proportioned and fine-looking, Miss Rouse first commands one's admiration, and then wins one's love. Dressed in a deep shade of mauve, she is good to look upon. Her sweet smile lights up a face clearly intellectual and almost serene when in repose. Travelling all the time, all over the world, she makes her way in due course through forty-three different countries, bringing to each one of them her wide experience and broad outlook.

Then, there is our own national secretary, Miss Anna Saunders, graduate of Somerville College, Oxford. She has been with us only since last October, but already her name is becoming a household word in all city and college associations. Having lived and studied in India for two years, and assisted in publishing the missionary review, the World, Miss Saunders, too, is a woman of great and varied experience. Her unusual gifts are all being shown now for the young womanhood of Canada. Another prominent woman to meet women of such strength and maturity! Another prominent woman is the National College secretary, Miss Jamieson, whose pretty, bright hair may be seen shining in the sunlight as she moves, for Miss Jamieson, gold medalist of Victoria College in philosophy, 1910, is a very busy, active lady with all the interests of seventeen different college associations on her mind. Then there is the darling of the Toronto colleges, Miss D. Kilpatrick, graduate of University College, 1912, affectionately known as "Dorothy" by most of the girls. With her suitcases refusing to keep things within bounds, and hands and heart full of a dozen concerns, she was a well-known figure among the bustling, eager crowd of girls making for the Muskoka express yesterday morning.

**JUNE WEDDINGS**

**RICHARDS—SELKIRK.**  
Rev. C. R. Gunne, of Christ Church, officiated at a quiet wedding at four o'clock this afternoon when Margaret, second daughter of Mrs. A. Selkirk, and the late William P. Selkirk, of Simcoe street, was united in marriage to Edward Thomas Richards, of this city.

The ceremony was solemnized at the home of the bride's mother, where marguerites, peonies, and palms were effectively used as decoration. Only the immediate relatives and friends or the bridal couple were present. Miss Anita Selkirk, of Toronto, sister of the bride, and Mr. Alfred Gardner, of London, were the attendants.

The bride was attired in white satin charmeuse, with wreath of orange blossoms surmounting a long tulle veil. She carried a shower bouquet of white roses. Miss Selkirk wore a becoming frock of pale pink satin, with hat to match, and carried marguerites. The groom's gift to the bride was a handsome pearl necklace; to the bridesmaid he gave a pearl pin, and to the groomsmen a pearl tie pin.

Mr. and Mrs. Richards leave this afternoon for a trip east, including the Muskoka Lakes, and upon their return they will reside on Wreay street. The bride's travelling costume was a tailored suit of Deft blue, with panama hat.

Mrs. Durand, of Toronto, was one of the guests.
