leneral Electric and Other Popular Issues Break at New York.

Associated Press Despatch
New York, Aug. 19.—Selling pressure
creased as trading progressed and the
meral list lost ground during the
braing. Cautionary commission house
tvances finally had their intended efct in bringing about a large volume
profit-taking sales, which were
relied by the offerings of professional
ar traders, who acted on the theory
at the recent rapid upward pace in
any stocks warranted at least a techcal reaction. General Electric 34,
d many others a point or two. Rails
acted with the industrials although
the publication of a record breaking
ir loadings report for the week ended
lag. 8, was a steadying influence. Intrational Harvester was bid up 3½
y1274, the highest price in five years
reflection of the expanding motor bus
d truck operations of that company,
if Havana Electric jumped 5½ to a
cord high at 206. Union Bag and
spers also recorded sharp advances.

Ill money renewed at 4 per cent.
