Hamilton, Ontario—"When my daughter was thirteen and until she was fifteen, she suffered every month so that she could hardly move around the house, and when she would have the pains in school she would have to be carried home. She also had headache, dizzy and faint spells, and soreness in her back. I saw your advertisement in the 'Hamilton Spectator' and got Lydia E. Pinkham's Vegetable Compound for her. She does not have the least bit of trouble now, and we recommend your medicine. She works we recommend your medicine. She works in a candy-shop now and seems well and strong." — Mrs. I. P. CLAUSE, 83 Oxford St., Hamilton, Ontario.
