TO SAFEGUARD YOUR DIGESTION

The Blood Should Constantly be Kept Rich and Pure

If you suffer from any form of indigestion, your diet should be carefully chosen. Over-eating is always harmful, but at the same time one must take enough food to supply the needs of the blood. It must be remembered that the blood has to carry nourishment to every part of the body and fuel for energy and defence against its enemies, as well as the requisite juices for digestion. Hence, when the blood becomes weak and fails to do its work, indigestion arises; also when indigestion begins the blood still further suffers. Therefore, to safeguard your digestion the blood should be kept rich and red, and this can best be done by taking a course of Dr. Williams' Pink Pills. These pills are a blood-building, nerve restoring tonic and through their use your digestive system will respond naturally, your appetite will improve and your food will do you good. The value of Dr. Williams' Pink Pills in cases of stomach trouble is shown by the experience of Mrs. J. H. Alexander, Barrie, Ont., who says: "Some years ago I was in a terribly broken down condition. I had indigestion of a severe nature, and sharp pains of agony all through me. My stomach was so weak that it was difficult to retain food and often after eating I would have vomiting spells. I was under medical treatment, but as I did not improve my nerves were in a terrible condition and I was always in much misery. One day I read of a woman who had been cured of similar trouble through the use of Dr. Williams' Pink Pills, and I decided to try them. The result can be summed up by saying that after using the pills for some weeks I was completely cured, could eat a hearty meal and was again enjoying life. If I feel run down at any time I take Dr. Williams' Pink Pills and always get benefit from them."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WHO IS GROWING CLOVER SEED?

The Huller May Be Engaged and Placed Where It Will Benefit All

Mr. L. W. Elliott, secy of the Annapolis County Farmers' Association, writes the MONITOR that he desires to be advised of those who are making an effort to raise clover seed as he may engage the huller and place it where it will be the most benefit to all. Mr. Elliott has also received the following letter from the Department of Agriculture, Truro:

DEAR MR. ELLIOTT-From reports I have received from our District Officer in Western Ontario I am led to believe that there will be very little red clover seed produced in Ontario this season; and while we will probably have plenty of red clover seed on the market at perhaps a slightly lower price than last season it will be chiefly imported seed which as you probably know from experience is not of much value to the Nova Scotia farmer. Therefore I would ask you to encourage in every way you can the farmers in your district to save as much as possible this year.

From samples I received last spring from growers in your district I infer that the principal fault with them is the habit of cutting the seed before it is properly ripened. In your district if the first crop is harvested in the next ten days, there should be no trouble in having success with the second crop.

Yours very truly,
S. J. MOORE

Riding Comfort Made-in-Canada

WHY let rough roads interfere with your motoring comfort?

In this Overland you need not let bad roads spoil good rides.

Triplex Springs make every mile you ride a more enjoyable mile.

Light weight makes every mile a more economical mile.

This rare combination of riding luxury with driving economy accounts for the tremendous enthusiasm which is greeting the Overland all over Canada.

Its equipment is of the most modern type. Its stamina is a credit to the Canadian institution which created this car.

Let us show you the Overland.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
