Granville Ferry

November 18.

A clam supper will be given by the Holy Trinity church in Mills' Hall, Thursday, Nov. 20.

Mrs. W. Amberman returned from Lawrencetown Saturday. She was accompanied by her daughter, Mrs. B. Whitman.

Sarah, wife of the late Stephen Troop, passed away at the home of her son, Mr. Fred W. Troop, Thursday, 13th inst. The deceased was eighty-eight years of age. She leaves to mourn their loss two sons, Frank R. and Fred W., also several grandchildren. The funeral service was conducted by Rev. C. H. Davis, assisted by Rev. F. P. Grestor. The remains were interred in Troop's cemetery. We extend our deepest sympathy to the bereaved ones.

On Wednesday evening the 12th inst our community was saddened by the death of Mrs. James H. Rhodes. She had been in delicate health for nearly a year, but kept about the house until a month ago when she was taken worse and gradually sank to the end. She was a kind and loving mother and a friend to all. She leaves to mourn their loss a kind and loving husband, who ministered to her every want and wishes during her illness. Also two sons and one daughter, William R., Herbert P., and Mrs. E. Hutchinson, all of Brookline, Mass., and a large circle of friends. The funeral service was conducted by Rev. J. H. Davis, assisted by the Revs. C. W. Neish and F. P. Grestor. The remains were interred in the Stoney Beach Cemetery. We tender to the bereaved ones our deepest sympathy.

Positive Hair Grower Found at Last

Greatest discovery of the age SAGEINE—grows hair in thirty days! Costs nothing if it fails. Men and women whose hair is falling, who are growing bald and gray, whose heads are those who have been bald for years—have now the opportunity of having lots of hair. SAGEINE is Professor LaFontaine's great discovery of how all can have glorious hair. Mr. H. P. Young, of 342 Eryant St., Buffalo, writes that SAGEINE has grown a handsome head of hair for him after he has been bald three years. We have hundreds of letters with just such wonderful proof. If you are troubled with baldness or prematurely gray hair or lifeless, stringy or matted hair without lustre if you have dandruff or itchy scalp, try a bottle of SAGEINE at our risk. One bottle will convince. And it costs but 50c. for a large treatment in a fine shaker bottle so that it is easily applied. SAGEINE is as dainty as you like it! It makes the hair handsome for men and women and brings a natural rich wave. W. A. Warren, sole agent. Other stores do not have SAGEINE.

Upper Granville

November 17.

Mrs. Jennie Parker left recently for her home in New York.

Mrs. Fred Walker of Trail, B. C., with children, is about returning to Granville, where they will reside in the future.

Mrs. Robt. Munroe, who has been visiting her sisters in town and vicinity for several weeks, returned to her home in Digby on the 13th.

The marriage is announced of Dr. Fletcher Longley and Miss Mary Morton of Winnipeg. Ceremony to take place at that city, Nov. 17th.

MINARD'S LINIMENT CO., Ltd.
Gentlemen—I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every day life and accidents of life I consider it has no equal.
I would not start on a voyage without it, if it cost a dollar a bottle.
CAPT. F. R. DESJARDIN.
Schr. "Storke," St. Andre, Kamouraska.

Large Catches of Mackerel on South Shore

(Morning Chronicle)

Seldom has it ever been the lot of the fishermen of the South Shore of Nova Scotia to reap the harvest in mackerel which has come to them during the past week. There are fishermen who will count the returns from their catch in thousands of dollars, and hardly a fisherman who will not reap in a few days the average yearly earnings of seasons. This is true along the coast from Halifax to Liverpool and is extending even to Yarmouth as the fish move south from their northern spawning grounds. The run of mackerel since last Saturday night has been almost unprecedented in the history of Nova Scotia fisheries.

The run commenced about the 7th of October along the north and eastern points of Cape Breton, but did not strike this portion of the shore until last Saturday and Sunday, since which time the fishermen west of Halifax have struck it rich in reality. The high liner of this catch so far has safely cleared up mackerel to the value of \$10,000 to \$12,000, all together in offshore fishing. This fisherman is Salem Coolen of Fox Cove, St. Margaret's Bay, and has procured at least 1,000 (salt) barrels of the fish.

These he took in two seines. The operation of his fishing is described as veritably dipping the fish out of the ocean. It has required three steamers working over time for two days to bring his catch from Margaret's Bay to Halifax's Bay to Halifax, and yet it is not all in. He made his first catch early in the week and telephoned J. A. Neville in this city that he would have about two hundred barrels; never anticipating that the run would continue in such enormous proportions as has been the case since then. Mr. Coolen undoubtedly holds the record in this Province for a one man catch of mackerel or any other fish.

A man by the name of Boutillier, at Croucher's Island, has netted 231 barrels, and at Liverpool in five seines there were enough caught to fill four hundred (ice) barrels, or equal to two hundred (salt) barrels.

At West Berlin 15,000 of the blotted beauties were taken, but some of the biggest hauls were brought in from Halifax Bay, where last Sunday night and Monday morning the run struck in and 100,000 of the fish were caught. This catch salted down will mean 500 barrels. At Dover last Saturday night there was a haul of 350 barrels, which computing the pack at 200 per barrel will mean 70,000 mackerel. Along the Cape Breton coast where this run first began early in the month of October, or from the 7th to the 20th, there were 4000 to 5000 barrels procured.

Mistaking his brother James for a deer, William Bagnell, of Kent County N. B., shot and fatally wounded him while hunting. The victim died before help arrived. He was twenty-five years of age and his brother twenty-seven.

Reports come from Maine that the potato crops there suffered worse than in the Annapolis Valley from the bad weather of October. Three weeks of continuous rain were followed by a cold spell that froze the ground so hard that it was impossible to dig the tubers and loss estimated as high as a million dollars resulted.

15-17 WEST AUSTIN AVENUE
A. B. SHUBERT, Inc., DEPT. 379 CHICAGO, U. S. A.

INSTALLED LORD MAYOR OF LONDON.

Ceremony Was Carried With All the Display of Three Hundred Years Ago.

London, Nov. 10.—Sir T. Vansittart Bowater, was today installed Lord Mayor of the City of London, with all the solemnity and display that ancient custom demands. The usual formalities having been carried out at the Guild Hall, the new Lord Mayor, accompanied by his predecessors, the sheriffs, aldermen and councillors of the city of London, went in their old time costumes to the law courts, where the oath was administered by the new Lord Chief Justice, Sir Rufus Isaacs, who belongs to a family for years prominent in business and civic affairs of the city.

The Lord Mayor's show, with which this pilgrimage to the confines of the "one square mile" was accompanied was a reproduction of the show of just three hundred years ago. Called the "triumph of time" it is described on the title page of a contemporary account of it as "a solemnity unparalleled for cast, art and magnificence. The whole 'triumph of time' was repeated today. The floats represented 'the triumph of reunited Britannia,' 1605, Sir John Swinnerton's procession in 1612," a masque given at Redding to celebrate the marriage of the Count Palatine with Lady Elizabeth," 1613; "Himatia Poles," 1614, and "Chrysanalira," 1616.

In addition to the seventeenth century pageant the show included detachments of soldiers and sailors in uniforms of the period of Waterloo and Trafalgar in compliment to the Lord Mayor, who had ancestors in both battles.

The civic authority of the Lord Mayor of the city of London extends over a resident population of less than 20,000, the greater part of the territory of the city proper being covered with warehouses and business offices.

London has twenty-eight other boroughs, each with its own mayor. The elections in these boroughs, as in all the municipalities in England, are held usually on November 9 each year but were postponed a day this year in consequence of the ninth falling on a Sunday.

WESTERN GRAIN GROWERS WANT TARIFF CHANGES

At a meeting of the Canadian Council of Agriculture, at which representatives of the Saskatchewan and Manitoba Grain Growers' Association, and the United Farmers of Alberta, were present, it was unanimously decided to take steps for a delegation representing the organized farmers of Canada to proceed to Ottawa before or on the opening of the next session of Parliament, to lay before the government representations embodied in a series of resolutions dealing with the tariff, co-operative legislation and a sample market.

A resolution dealing with the tariff follows:

1. That we urge the Parliament of Canada to increase, at its first session the British preference to at least fifty per cent, and to provide for a gradual increase from year to year until we have free trade with Great Britain in five years.
2. That Parliament accept the offer of the United States of a free interchange of all agricultural and animal products, between Canada and the United States.
3. That all foodstuffs not provided for in the above offer of the United States be transferred to the free list.
4. That agricultural implements, lumber and cement be transferred to the free list.
5. That, pending the passage of legislation asked for herein, any duties now imposed under Canadian customs tariff which are the means of curtailing duties being imposed against any food products of the country by any foreign country be immediately removed.
6. That any tariff or trade concession granted to any other country be immediately extended Great Britain.

Muscular Rheumatism

Muscular rheumatism exists in two forms: Acute and chronic. In acute muscular rheumatism there is first noticed a dull pain in the muscles which gradually increases. This pain often shifts from one muscle to another, and the working of these muscles makes the pain very severe. Muscular rheumatism is a blood disease and should not be neglected. A proper treatment should begin with the first symptoms. Rheumo is recommended by the foremost people everywhere because it drives all uric acid in the Annapolis Valley from the bad weather of October. Three weeks of continuous rain were followed by a cold spell that froze the ground so hard that it was impossible to dig the tubers and loss estimated as high as a million dollars resulted.
