GOLDIE & McCULLOCH,

MANUFACTURERS OF—

Fire and Burglar Proof Safes, Vault Doors, &c., Steam Engines, Boilers, Turbine Wheels, Flouring Mill Machinery, Wool Machinery, Wood Working Saw Mill, Shingle and Stave Machinery.

PLEASE SUGGEST A STRONGER WORD THAN "DIFFERENCE."

After a recent great fire in Ontario, a gentleman saw 3 Safes opened, and even the *Wool* work was burnt away. Being curious to see how the famous GOLDIE & McCULLOCH Safe (of which there were *four* removed from the ruins) would stand—he states that he waited to see them opened, and

that in every case the contents were as perfect as before the fire. "*Difference*" then is too weak a word to employ in describing the relative merits of the two makes. How would "*Disgraceful*" for the one and "*Magnificent*" for the other do?

Warerooms, 298 St. James Street, Montreal.
