[The above letter was received some days ago by the editor of this journal, and speaks for itself.

The Ex. Committee are beginning to see that they have done wrong, and evidently want to let themselves down as lightly as possible. We cannot, and will not withdraw the obnoxious paragraph, as we believe it to be true. The information was received from a report of said committee, signed by them, and published in the official organ, February No., and which distinctly states that said committee appointed Mr. Parker to the office of Librarian. We also notice, among other things, that they have assumed the title of "Executive Board." Will the Chairman of some of the members kindly inform us by what article in the constitution they are permitted to be known by that cognomen?

Remember, that we do not object to Mr. Parker, but on the contrary know he will make a an efficient officer; neither have we any ill-will against any member of the Ex. Com., but we cannot allow the constitution to be violated without protesting against it.—ED. PHILATELIST.]

—The Barrie branch is flourishing. Every member is taking great interest in the work, according to the last report. The members are well pleased with the manner in which Supt. Grenny and Manager Rogerson have arranged for so prompt a service with regard to exchange books.

—Members of the C. P. A. are wondering when the report of the committee to select a suitable design for a Badge for the Association will be made. Keep cool, friends. The report is now in the hands of the President. You will soon hear about it.
