

CATARRH—A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Sir Dixon at once adopted his cure to their extermination; this accomplished, the Catarrh is practically cured. And the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Medical Star

THE SIGN OF WORMS are well known, but the sign is not always so well determined. Worm Powders will destroy them.

Scientific and Useful.

FROSTING.—A very little cream of tartar in the frosting for a cake will hasten the hardening process. If the knife is often dipped into water while spreading the frosting, it will give a gloss or polish greatly to be desired.

GREEN PEA SOUP.—Boil three pints of green peas in three quarts of water; when perfectly soft, rub them through a colander, then put back the pulp into the water, which is supposed to be still boiling, season with salt and pepper and butter, and thicken slightly with flour.

Lydia E. Pinkham's Vegetable Compound is a most valuable medicine for ladies of all ages who may be afflicted with any form of disease peculiar to the sex. Her Remedies are not only put up in liquid form but in Pills and Lozenges in which form they are securely sent through the mails.

CREAMED EGGS.—Boil six eggs twenty minutes. Make one point of cream sauce; have six slices of toast on a hot dish; put a layer of sauce on each one and then part of the whites of the eggs, cut in thin strips; rub part of the yolks through a sieve on to the toast; repeat this and finish with a third layer of the sauce; place in the oven for about three minutes; garnish with parsley and serve.

REMARKABLE RESTORATION.—MRS. ADELAIDE O'BRIEN, of Buffalo, N. Y., was given up to die by her physicians as incurable with consumption. It proved Liver Complaint, and was cured with Burdock Blood Bitters.

FOAMY SAUCE.—A dainty foaming or puff sauce is made by beating the whites of three eggs to a stiff froth; dissolve a teaspoon of sugar in as little water as possible to use, let it boil for two or three minutes, take it from the fire and stir into it a small glass of wine and the whites of three eggs. This should be made just before it is needed at the table.

MOST excruciating are the twinges which rack the muscles and joints of the rheumatic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, removes through the natural channels certain acid elements in the circulation which produce rheumatism and gout. The medicine is also a fine laxative and bilious medicine and general corrective.

DIAMOND PUDDING.—Make a loaf of plain cake. Put a light meringue on the top, brown this in the oven, cut the cake in diamonds, and serve warm with wine or with lemon sauce. The sauce must be at the boiling point, and it should be poured around the cake so that it will penetrate it readily. If properly made this is delicious.

Mrs. A. NELSON, Brantford, writes: "I was a sufferer from Chronic Dyspepsia for eleven years. Always after eating, an intense burning sensation in the stomach, at times very distressing, caused a drooping and languid feeling, which would last for several hours after eating. I was recommended by Mr. Popplewell, Chemist, of our city, to try Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and I am thankful to say that I have not been better for years; that burning sensation and languid feeling has all gone, and food does not lie heavy on my stomach. Others of my family have used it with best results."

PINEAPPLE PUDDING.—Butter a pudding dish and line the bottom and sides with slices of stale sponge cake; pare and slice a large pineapple, leaving out the core; place in the dish first a layer of pineapple, then of cake, until all is used up; pour in a teaspoonful of water, lay slices of cake which have been dipped in cold water on the top, cover the whole with buttered paper and bake slowly for two hours. Grated pineapple is equally good.

MR. W. R. LAZIER, Bailiff, etc., Belleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for sprains, scratches, wind puffs and cuts, and in every case it gave the best satisfaction. We use it as a household remedy for colds, burns, etc., and it is a perfect panacea. It will remove warts, by paring them down and applying it occasionally."

MERINGUE PIE.—Juice of two lemons, rind (grated) of one, two teaspoonfuls of white sugar, two tablespoonfuls of cornstarch, one teaspoon of milk, six eggs, yolks mixed with the above. Make a light puff-paste, fill with the mixture and bake a light brown. Beat the whites of the eggs to a stiff froth, with a tablespoonful of white sugar and a little lemon juice. Spread on top of pies when they are done, and put again in the oven for a very few minutes.

CHAPTER I. Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to Women?"

"And they will tell you explicitly and emphatically "Buchu!!!"

Ask the same physicians "what is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malaria, fever, ague, etc.," and they will tell you: "Mandrak! or Dandelion!!!!"

Hence, when these remedies are combined with others equally valuable.

And compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power, and yet it is Harmless for the most frail woman, weakest invalid, or smallest child to use.

Nature is heir to Have been cured by Hop Bitters, proof of which can be found in every neighbourhood in the known world.

HENRY CLEMENT, Almonte, writes: "For a long time I was troubled with chronic rheumatism, at times wholly disabled; I tried anything and everything recommended, but failed to get any benefit, until a gentleman who was cured of rheumatism by Dr. Thomas' Electric Oil told me about it. I began using it both internally and externally, and before two bottles were used I was radically cured. We find it a household medicine, and for croup, burns, cuts and bruises, it has no equal."

CINNAMON ROLL.—Take one cup of sour cream, one cup of sugar, half a cup of melted butter, one egg, one teaspoonful of soda; mix as if you were making cookies; use flour enough to have a light dough, but stiff enough to roll; roll this out and scatter ground cinnamon over it, then roll it up as if for a jelly-cake and bake. This may be served as a pudding also, if hot wine sauce is poured over it as soon as it is taken from the oven.

IT REMOVES WRINKLES AND SOFTENS THE SKIN.—The regular use of MURRAY and LANMAN'S FLORENCE LOTION at the toilet tends to prevent and remove wrinkles, the softness of the skin produced by it taking away the natural inclination of the cuticle to form into ridges and furrows.

PLUM PUDDING WITHOUT RAISINS.—Make a crust as if for baking-powder biscuit. Line a pudding-dish with the crust thus made; having rolled it out until it is about twice as thick as pie-crust, mix three tablespoonfuls of flour and the same quantity of sugar together, and spread over the crust; then fill with canned plums from which the pits have been removed; sprinkle sugar enough over them to be sure that the juice will be thick and rich. Put a crust over the top, wet the edges so that it will be impossible for the juice to escape. Two small outlets for steam may be cut in the top. Bake in a hot oven for from half to three-quarters of an hour.

NEGLECTED COLIC, Pain in the Chest, and all diseases of the Lungs, are cured by using Allen's Lung Balm.
