Household Hints.

THE best Cough Medicine we know of is Allen's Lung Balsam.

To remove stains from marble, take ox gall. a wineglassful of turpentine, and mix into a paste with pipe-clay. Put the paste on the stain and let it remain several days.

JAMES PYLE'S PEARLINE is considered the best Washing Compound of the day by all who once give it a trial. It cleanses the most delicate fabric without injuring it. Sold by all grocers.

juring it. Sold by all grocers.

A RATHER large sized varnish brush will be found very handy for greasing bread and cake pans, as well as to beat the yolks of eggs with sugar, and also to put icing on cake. This will be found a much neater process than using a piece of paper.

In washing old flannel dresses, put two tablespoonluls of hartshorn in the suds you are washing them in. Then rinse the soap well out in clear boiling water, pull and snap the flannel into shape, and when half dry, iron it quite dry, and it will appear like cloth.

PLAIN LEMON PIR.—Add to boiling water energy of the pulp and juice of lemons to tender it quite acid; then sweeten to taste, and thicken just enough with corn starch to make it like thin jelly. Fill the baked crusts, and bake about fifteen minutes; then first them if desired. frost them if desired.

I CONSIDER WISTAR'S BALSAM OF WILD CHERRY the most reliable preparation in the market for the cure of coughs, colds and diseases of the throat, lungs and chest. I have sold thousands of bottles, and, so far as I know, it has always given satisfaction. I. N. THORN, Brattleboro, Vt.

TEA CAKE.—Take three breakfastcupfuls of flour, one of sug ir, to which one heaping teaspoonful of cream of tartar must be added, and two eggs. Make into a thirdand two eggs. Make into a thick batter with one cupful of milk, to which one small teaspoonful of soda has been added. Bake in a round shape for an hour, and serve.

SPONGE CAKE ROLL.—Four eggs beaten separately, one teacupful of white sugar, one teacupful of white sugar, one teacupful of flour, one teaspoonful of cream of tartar mixed with flour when it is silted, half a teaspoonful of soda dissolved in a little water; bake quickly in a biscuit pan; turn out on a damp cloth; put a layer of jelly over the whole surface, and roll up warm.

Consumption Can be, Cured!

Not by any secret remedy, but by proper, shealth ill exercise, and the judicious use of a Scott Emilion of Cod Liver Oil and Hyork phitth, which contains the healing and stiength-giving virtues of these two valualle specifics in their fullest form. Prescribed by Physicians. Take no other.

by Physicians. Take no other.

SHORT BISCUITS.—One pint of flour, one and one-half teaspoonfuls of baking powder, one saltspoonful of salt, one tablespoonful of butter well worked into the flour before it is wet with the sweet milk. Farmers' wives may omit the butter and instead of using sweet milk, mix with fresh buttermilk, and the result will be a light, short, cheap biscuit.

ROAST PIGEONS.—Pick, draw and truss them, keeping on the feet; chop the liver with some parsley, add crumbs of bread, pepper, salt and a little butter; put this dressing inside; slit one of the legs and slip the other through it; skewer and roast for half an hour; baste them well with butter Serve with bread sauce.

To remove indentations from furniture wet

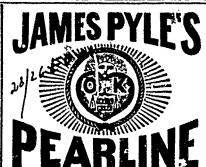

To remove indentations from furniture wet the indented place well with warm water; then take some brown paper five or six times doubled and well soaked in water, and cover with it the bruises. Then apply to the paper a hot flat-iron until the moisture is evaporated, and if the indentations have not disappeared repeat the application until the whole surface is completely level.

BOILED LEG OF MUTTON.—Allow twenty

Boiled Leg of Mutton.—Allow twenty minutes to the pound and put on in boiling water, to which a teaspoonful of salt to the quart has been added. It is whiter and more delicate boiled in a cloth but does not require it. Fast boiling hardens the meat. It should merely simmer till done, and if to be eaten cold is better cooled in the water as this makes it more juicy. Strain the broth into the stock jar.

TEA BISCUITS.—To each pint of sifted flour add one heaped teaspoonful of baking powder, one half teaspoonful of fine salt and mix with sweet milk. Add milk until the mix with sweet milk. Add milk until the dough can be lifted in the spoon and round up in a mass and "hold itsell" in a mass an inch or two above the edge of the spoon and not "run off." Then have a gem or roll pan thoroughly heated and buttered, and with the spoon fill each level full. Smooth over with a little melted butter in two tablespoonfuls of hot milk. Bake in a quick oven.
