GOOD blood will show its quality. So will bad blood, the one in a healthy body and ruddy complexion, the other in ill health, blotches, pimples, boils and sores, and frequently in intenser forms, as ulcers, abscesses, erysipelas, scrofulous diseases, salt rheum, etc. Every organ of the body depends upon the blood for force and vitality, and is but scantily served when the blood is impure. No remedy is so potent as a blood purifier or more rapidly produces new and healthy blood than Burdock Blood Bitters, which neutralizes the various poisons and restores the vitalizing power of this all important fluid. As an instance of this, read what Mr. J. S. Ness, of Algoma Mills, Ont., says in a recent letter:—

Sirs,—A year ago I was troubled with spots breaking out all over my body, the effect of bad blood. I consulted three different doctors, who gave me medicine but did not cure me. I was advised to try B.B.B., and after using two bottles I noticed the spots getting less. I continued the use of B. B. B., which entirely cured me, giving me also a splendid appetite. Since then I would use no other medicine.

"HAVE you learned much German, Tommy, with your new governess?" "No; but the fraulein's learned lots of English."
