A FOURTH EDITION OF

Canadian

BY

Mrs. CHAMBERLIN

With

Botanical Descriptions
by MRS. TRAILL

Wild-Flowers

PRICE - - \$6.00

We have issued this December a fourth edition, from entirely new type, of this magnificent work. The book—14½ x 11 inches in size—contains ten plates showing in their natural colors upwards of thirty specimens of our native wild flowers. These plates are all lithographed and coloured by hand by Mrs. Chamberlin herself, who, we believe, has no superior as a painter of flowers. Mrs. Traill, in simple and beautiful language, describes these wildings of the woods with the love and enthusiasm of a student of nature. The book has a title page of floral design in colours, and will be elegantly bound. Every copy is numbered and signed in autograph by Mrs. Chamberlin.
