

THE ...

# Canadian Leverless Monona Book and Job Press

THE BEST PRESS EVER OFFERED TO CANADIAN COUNTRY PRINTERS.

NOTE A FEW POINTS OF EXCELLENCE :

1. There is no gearing on the feeder's side of the press, the **feeder** can stand close to the press and be absolutely **safe** from all danger of being injured.
  2. The **form rollers** are **geared**, thus insuring perfect inking of forms.
  3. In this press all **side levers** are dispensed with.
  4. There is **never any oscillation of the bed** which is absolutely rigid when the impression is taken, it being automatically locked; also the impression can be quickly changed at any corner of the bed.
  5. The cylinder is held to the rails by a new double spindle cross head, which prevents any cramping which might possibly be in the single spindle head.
  6. All gears are cut from the solid block, which insures a smooth running press; also the cylinder racks are cut from a solid steel bar.
  7. The gripper motion is geared, hence is positive, thus making the **register line absolute**.
  8. It is the easiest running press offered to the printer—a boy can easily run it. It has five ink rollers; 3 2-in. distributors and 2 3 in. form rollers, and gives a good distribution; also each press is fitted with a first-class well ink fountain.
  9. The forms can be corrected on the bed of this press with less trouble than any other cylinder press made.
- Each press will be complete with a full set of cast rollers, or two roller moulds, cylinder blanket and a full set of wrenches.
