

We have been favored with a copy of the Toronto Industrial Exhibition prize list, and judging from the number of attractions mentioned in it we would say this year's exhibition will be more than up to the standard. Copies of the list may be had upon application to H. J. Hill, the Secretary, Toronto.

The summer number of *Grip* is an unusually bright and attractive one. The cover page is well designed, and high class cartoons characterize the edition all through. Its representation of Don Quixote has to be seen to be appreciated. "The logic of the situation" is a cartoon that would be amusing if it were not so true to life.
