

As it is impossible to note all the good things, we will give only two formulæ :

℞ Resorcin, 30 grammes
Zinci Oxidi
Amyli, āā 20 grammes
Vaselinæ (Yellow) qs., 100 grammes.

This is very useful in Lupus, and Dr. Max Joseph has employed it for two years with excellent results.

For Psoriasis the following is highly recommended by Blaschko :

℞ Iodi (pure) 0.6
Hydrarg. chlorid, mit. 1.8
Vaselinæ ad 10ʒ.

SAUNDER'S QUESTION COMPENDS. ESSENTIALS OF DISEASES OF THE EAR.

Third Edition, Thoroughly Revised.

By E. B. Gleason, S. B., M. D., Clinical Professor of Otology, Medico-Chirurgical College, Philadelphia ; Surgeon in Charge of the Nose, Throat, and Ear, Department of the Northern Dispensary, Philadelphia, etc., Third Edition, Thoroughly Revised. 16 mo. volume of 214 pages, with 114 illustrations. Philadelphia and London ; W. B. Saunders & Co., 1902. Cloth, \$1.00 net. Toronto ; J. A. Carveth & Co.

THIS valuable little help, one of Saunders' Question-Compend Series, has reached its third edition. The book will be found of service, not alone as an aid to the student, but also to the physician who wishes to take a post-graduate course in Otology, enabling him, as it does, to acquire the rudimentary facts of the science with as little preliminary reading as possible.

The essentials of Otology have been stated concisely, without sacrificing accuracy to brevity. The diagnosis and treatment of diseases of the ear have been brought absolutely down to date by a thoroughly scrupulous revision ; only such methods of treatment being included, however, that have personally proved efficacious in the majority of cases. Besides carefully revising the old text, many interpolations of new matter have been made, thus somewhat increasing the number of pages in the present edition.

The illustrations—many from original drawings—have been selected with the aims of the book constantly in view ; and they form a very commendable feature of the work. Indeed, the little volume before us will unquestionably continue to be one of the most popular of Saunders' unequalled Question-Compend Series.
