Solid Progress & Good Results.

Persons insuring their lives should investigate the financial standing of a company, the same as they would a bank in which they intended to invest—not by the volume of business passing in and out, but by its financial record and interest-paying results.

No company in the U. S. has made as regular and solid dividend-paying progress, and increased its ANNUAL CASH DIVIDENDS to policy-holders for so many years past, without a retrograde step, as the

ÆTNA LIFE INSURANCE COMPANY,

of Hartford. Head Office for Canada, 9 Toronto Street, Toronto, (Corner of Court Street.)

We invite attention to the following unequalled showing of increases in all four items of (1). Cash Dividends. (2). Assets to each \$100 of Liabilities. (3). Assets to each \$1,000 of Insurance; and (4). Gross Accumulated Funds:

Some companies retain profits for five years before declaring them, and then their agents some times compare such accumulated profits against the ÆTNA'S Annual Cash Dividends, without explaining that most of those who die or drop out of such companies during the five years, receive no dividend. The ÆTNA divides annually, and pays down in cash, or in reduction of next premium, not in scrip or bonus additions, or due bills, to be lost if the policy lapses.

The way in which those insured in the ÆTNA LIFE get the benefit of its well-known successful financial management is brought out by the St. Johnsbury (Vt.) Republican, in the following statement. The four first columns relate to one life, and the last two are upon another life—that of ex-Governor Bross, of Chicago. The figures show the actual cash dividends in even dollars, upon \$20,000 of Life Insurance (during the years mentioned) in the ÆTNA LIFE, and in four of the largest and best mutual companies:—Year Paid.
