GENTLEMEN:

It affords me a great deal of pleasure to be able to tell you how very well satisfied I am with Triumph Steam Boiler installed in my hotel at the above address, by the Heating Firm of "Maxwell & Johnston." I might just say, I have had no difficulty in maintaining an even temperature throughout the house at all times. The consumption of fuel has been particularly light, and the amount of attention which I have given to the boiler has been the least that I could possibly expect.

I should be very glad at all times to recommend this boiler to any person desiring a modern and satisfactory heating apparatus.

Yours very truly,

S. D. RAMEY
