The Agreement is amended by inserting the following new Article after Article XII:

"ARTICLE XII BIS—Agreed Stipulations

"A. If either Party at any time following entry into force of this Article does not comply with the provisions of Article XI or XII or terminates, abrogates or materially violates a safeguards agreement with the International Atomic Energy Agency, the other Party shall have the right to:

"(1) Cease further cooperation under this Agreement; and

"(2) Require the return of any material, equipment and devices, major critical components and components subject to this Agreement and any special nuclear material produced through the use of components subject to this Agreement.

"B. If at any time following entry into force of this Article Canada detonates a nuclear explosive device, or if the United States detonates a nuclear explosive device utilizing any source material or special nuclear material subject to International Atomic Energy Agency safeguards or subject to an agreement requiring that the United States use it solely for peaceful purposes, the other Party shall have the rights as specified in subparagraphs 1 and 2 of paragraph A.

"C. If either Party exercises its rights under paragraph A or B to require the return of any material, equipment or devices, major critical components or components, the Parties shall make such appropriate arrangements as may be required which shall not be subject to any further agreement between the Parties as otherwise contemplated under Article XII.

"D. Notwithstanding the suspension, termination or expiration of this Agreement or any cooperation hereunder for any reason, Articles XI and XII and paragraphs A, B and C of this Article shall continue in effect so long as any designated nuclear technology, material, equipment and devices, major critical components or components subject to these provisions remain in the territory of the Party concerned or under its jurisdiction or control anywhere, or until such time as the Parties agree that such designated nuclear technology, material, equipment and devices, major critical components or components are no longer useable for any nuclear activity relevant from the point of view of safeguards."
