GRAIN SALES BY WHEAT BOARD AND AGENTS

Question No. 1,093—Mr. Korchinski:

1. What are the names of the companies or agencies which in the last 10 years have been selling to foreign countries, wheat and other grains, which are handled by the Canadian wheat board?
2. Which countries have bought wheat and other grains from these companies or agencies during the same period?
3. What are the amounts of wheat and other grains sold to each country by these companies or agencies during the same period?
4. In the last 10 years, what amount of wheat and other grains has been sold by the wheat board directly, and to which countries?
5. During the same period, what amount of wheat and other grains was sold to Canadian purchasers directly by the wheat board?
6. During this same period, what amount of wheat and other grains was sold in Canada by agents selling for the wheat board?

He said: Mr. Speaker, I would ask that I be allowed to withdraw this question in order to rephrase it. As the question now stands the answer would involve considerable research, which will take too long a time, and I think I can get the information I seek by redrafting the question and putting it another way.

Mr. Speaker: Is it agreed that the question be withdrawn?

Some hon. Members: Agreed.

Order discharged and question withdrawn.

ALLOTMENT OF FUNDS, RED BANK BAND,
MIRAMICHI INDIAN AGENCY, N.B.**Question No. 1,113—Mr. McWilliam:**

Was there any surrender or allotment of band funds of the Red Bank band, Miramichi Indian agency, New Brunswick, other than the amount of \$2,766.44 toward the cost of the installation of water services on this reserve and, if so, in what amount or amounts?

Mr. McGee: Yes, \$3,233.56 was spent in the fiscal year 1960-1961. This amount, together with the amount of \$2,766.44 referred to in the question, was authorized by band council resolution dated June 9, 1960, to be expended,

[Mrs. Casselman.]

out of the capital funds of the band, for the installation of a water supply system in the reserve.

ASSISTANT POSTAL CLERK—HOURS OF WORK
AND SALARY**Question No. 1,119—Mr. Douglas:**

1. What is the annual salary of an assistant postal clerk, and his daily hours of work?
2. How does this compare with the prevailing rates of pay and daily hours of work of a clerk 1 and a labourer?

Mr. Halpenny: 1. There is no such class under the civil service commission.
2. Not applicable.

MANUFACTURE OF HEAVY WATER IN CANADA

Question No. 1,126—Mr. Davis:

Has consideration been given to the recommendations of last year's House of Commons committee on research to the effect that the government should undertake economic and engineering studies concerning the feasibility of a plant for the manufacture in Canada of heavy water?

Mr. Churchill: Studies concerning the feasibility of the manufacture of heavy water in Canada have been undertaken independently by several Canadian companies. Proposals concerning the construction and operation of such a plant, and the sale of the product, have been submitted to the government.

"LEAD YARD" PRINCIPLE IN SHIPBUILDING
CONTRACTS**Question No. 1,131—Mr. Laing:**

1. What is the principle of "lead yard" in the awarding of shipyard building and repair contracts?
2. Does this principle require that the "lead yard" subsequently supervises and controls purchasing of components on jobs allotted to other yards wherever located?
3. Is there any record of a "lead yard" in eastern Canada purchasing plywood or other components for installation in job contracts let in British Columbia yards?

Mr. O'Hurley: 1. The "lead yard" principle occurs in naval ship construction only in those
