MINING NOTES

There is a steady improvement, in price, in all mining shares since the holidays.

* * *

The IBEX, of Roseland, has met with a large sale since we placed it on our lists. It must not be confounded with a silver prospect of the same name in the Slokan district.

* * *

SILVER BELL is still a favorite with buyers.

* * *

DEER PARK has made considerable advance, justified, no doubt by its improved prospects.

* * *

Purchasers of shares should not hesitate in placing their orders, as there is a certainty that great advances in prices will take place as the spring approaches.

* * *

All the indications point to a great rush to the mining districts in British Columbia during the next few months, when there will be a veritable "boom" in mining securities.

Chicago Board of Trade Prices.

The prices below are board of trade quotations for Chicago, No. 2 wheat, No. 2 oats and No. 2 corn, per bushel. Pork is quoted per barrel and lard and short ribs per 100 pounds.

On Monday wheat was dull and lower, influenced by lower cables, small clearances for export, and absence of speculation. May closed 8c under Saturday. Closing prices were:
