# THE REMEDY.

## THE SINGLE TAX

The Single Tax means the abolition of all taxes on its products and the taking for the support of the government of land values irrespective of general growth and the general wealth of the community. It is a sufficient source of public revenue.

To tax labor or its products is to take from the general wealth.

To tax land values is to increase the general wealth.

It is a simple and effective remedy for the present ills of our country. It is a remedy that will permit
