E. YORK CONSERVATIVES HAD A LIVELY MEETING

Some Plain Talk on the Patronage System—Want L. A. De Laplante Removed.

EAST TORONTO, Jan. 11.—(Special.)—Almost impassable are the sidewalks and concession lines out in East York, but even this coupled with genuine Canadian winter weather, with the thermometer hovering round the zero mark, could not daunt the Conservatives in that riding, who to-day rallied from all points to Society Hall on Danforth-avenue, to attend the annual meeting.

It was a splendid gathering, as hearty as it was big, and dealt with the matters cropping up in an eminently practical manner. The first thing they did was to elect the officers for the ensuing year, and the names submitted to the meeting were Dave Beldam, the late president, and Garnet Duncan, the latter of Richmond Hill. On the first count Mr. Beldam was the low man and the second man elected Mr. Duncan by a vote of 27 to 22 over Mr. Underwood, Frank Howe of North Toronto was elected vice-president by acclamation, Johnny Hynes of Norway declining to enter the list and Ed. Francis of Thornhill succeeds Alex. Baird of Scarborough as secretary-treasurer.

H. H. Ball and H. E. Nichols officiated as scrutineers. There was a lively scrap over the retention on the license board of East York of L. A. De Laplante as chairman. The revolt was led by Col. Hazelton of Thornhill and backed up by a number of influential Conservatives from other parts of the riding.

Mr. Hazelton declared that the time had arrived for a change, and that if this was not forthcoming there would be trouble in that district. Several other members added their quota and the suggestion that a patronage committee or in other words an advisory patronage committee be named, to confer with Mr. Cowan the sitting member, as to the appointment of license and other positions, was adopted.

A resolution introduced by H. H. Ball and seconded by H. E. Nichols of Richmond Hill, strongly urged upon the association the advisability of taking immediate action in approaching the local municipal bodies with respect to the introduction of hydro-electric power.

In speaking to his resolution Mr. Ball declared that the introduction of the hydro-electric would inaugurate a new era in Canadian life and suburban life. It was imperative and advisable that the matter be brought before the local municipal councils and petitions circulated among the farming community for the introduction of power and light at the earliest possible moment. The resolution commending the government was unanimously adopted.

Ex-Councillor Nelson of York Township in a spirited attack on the reeve of that municipality, charged that the latter had wilfully misrepresented the true state of affairs as between York Township and the hydro-electric. "I charge you to watch all municipal officers in this riding," he said, "as they are, as no matter what they say, they are at heart opposed to the hydro-electric."

A resolution moved by Councillor R. L. Baker of North Toronto, seconded by H. E. Nichols, strongly supported the principle of registration in urban and suburban districts as against the present method of getting on the voters' lists. H. H. Ball and others, speaking to the motion, declared that there was no need of reason why registration as applied in the city should not be equally applicable to country districts. Frank Howe also supported the movement as did a number of the others.

J. C. Carstairs, Ex-Warden George Henry of York, D'Orsey McGee of East Toronto and a number of others, did not favor the innovation. It was, however, submitted to the meeting and carried by a large majority.

Alex. McCowan, M.L.A., spoke briefly and later in deference to the opposition manifested toward Mr. De Laplante, asked for the appointment of an advisory patronage committee. Dr. W. D. Walters, prior to Mr. McCowan's address, had strongly advised against the policy later adopted.

"If I were the member for East York," said Dr. Walters, "I would deal with every appointment on its merits and I would assume the responsibility incurred thereby."

Following the general meeting, the advisory patronage committee met and dealt with some of the matters in question. Among those present were Wm. Milliken, C. N. Hagerman, L. H. Armstrong, C. T. Lyon, Frank Law, Joe Ground, John Hynes, Sam Wilson, J. C. Carstairs, W. H. Patterson, W. W. Thompson, R. A. Fleming, John Thomas, Dr. Teft, Robert Barker, Alfred Mason, Robert McCowan, William Patton, George Chester, Robert Patterson, Mr. Hicks, W. G. Ellis and others.

FRUIT GROWERS DISSATISFIED

Railway Commission isn't Sympathetic in Battle With Express Companies. ST. CATHARINES, Jan. 11.—(Special.)—Niagara district fruit growers at their annual meeting here this afternoon, continued criticism of the rates and services given them by express companies in handling of fruits. Considerable dissatisfaction was expressed because the Dominion Railway Commissioners had not given them better consideration last year.

A. E. Kimmins, who was one of the committee that presented the growers' demands, declared that time had simply been wasted and that, so long as Mr. Hardwell continued traffic manager of the commission, growers could expect nothing, as he was a railway man, and sided with the railway's upon every question. It was decided to invite Hon. Mr. Burrows to attend the annual instruction convention in March.

"If I or this court had had anything to do with the arrest of Mr. Burns in this instance, I would certainly not tender him an apology," said Federal Judge A. B. Anderson, in dismissing the indictments brought by the country grand jury under which the detective had been held in \$10,000 bail.
