Neighborhood Workers' Association Meets New Secretary.

Marking an epoch in social service the opening yesterday afternoon of new offices which will be the headquarters of the Neighborhood Workers' Association...

Miss Steinhart is traveling for the purpose of observing things in relation to the work of child welfare in other states and countries outside her own, but she had information to impart in return for anything she may have learned from Toronto.

New Secretary Presented. In introducing the new secretary, Rev. Peter Bryce spoke of him in high terms and as his friend of many years.

In introducing Rev. Father Bench, director of Catholic charities, Mr. Bryce stated that one of the happy things that had been brought about by the association of the Neighborhood Workers was that ministers of various denominations had found there were many things which they could do and discuss in common.

Miss Foster of the Memorial Institute told of a late visit to Boston where to her surprise she found that any church workers acting alone social service lines were doing so independently, having not yet got to the point where they could see to harmonious co-operation.

Mr. Stappford said that it was not deemed merely to add one more society to its affiliation, but that its members might get together and grapple with the problems that presented themselves.

The Safest Matches in the World Also the Cheapest

ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

War Garden Bulletin

FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREATER PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm.

KEEP AT IT.

"The prospects for an extremely high vegetable yield this year are of the brightest, provided the weather keeps right," declares one of the officials at the Experimental Farm, Ottawa.

"Keep hoeing. There is an inclination on hot, drowsy June days to let the garden 'go hang,' but that would be a pity, indeed; for gardens need continuous attention and soon show neglect.

Keep hoeing also it is warm. So on with successful sowings of lettuce, corn, beans, radishes, etc. Only in this way will you be making the most of the ground at your disposal.

Remember that the peas need hilling when they are six inches high to prevent their being broken down in the wind.

Cut the weeds down in the morning so that they will wither during the day in the hot sun. Then you can rake them up in the evening. The ground between the vegetable rows should be constantly stirred. Do not weeded merely with keeping the weeds in check, but increase the fruitfulness of the ground by continual cultivation.

POPULAR TAG DAY TO HELP CHILDREN

Rose Day is now familiar to everyone in Toronto, and if one may judge by the thousands of small pink blossoms that decorate Toronto citizens on every succeeding anniversary, it is a day that is ever welcome.

The secret of the day's popularity is that it was instituted for the little children's sole benefit. Queen Alexandra brought the idea into practical shape when noting the many thousands of little ones sick and suffering in different hospitals, she introduced this special day upon which a collection would be taken up in the cities and towns in England, with a view to giving the little ones extra comforts and pleasure.

The institutions which will benefit are: the I. O. D. Preventorium for Children; Hospital for Sick Children; Infants' Home; Girls' Home; Boys' Home; Protestant Orphan Home; Sunnyside Orphanage; Central Board of Creches; Home for Incurable Children; Earlscourt Home; Children's Aid and Shelter.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

The annual Alexandra rose day will be celebrated today by the Imperial Order Daughters of the Empire, and the money collected thru the sale of roses will be divided among the children's homes of Toronto.
