one of the most unhappy lots that can befall humanity. There is lways a feeling of over-fulness and distress after eating, no matter how carefully the food may be prepared and even when the patient uses food sparingly there is frequently no cessation of the distressing pains. How thankful one who has undergone this misery and has been restored to health feels can perhaps be better imagined than described. One such sufferer, Mrs. Thomas E. Worrell, of Dunbarton, N.B., relates her experience in the hope that it may prove beneficial to some other similar sufferer. Mrs. Worrell says that for more than two years her life was one of constant misery. She took only the plainest foods, and yet her condition kept getsparingly there is frequently no cessafoods, and yet her condition kept getting worse, and was at last seriously aggravated by palpitation of the heart brought on by the stomach troubles. She lost all relish for food and grew so weak that it was with difficulty she could go about the house and to do her share of the necessary housework made life a burden. She had taken a great deal of medicine, but did not find any improvement. At last she read in a newspaper of a cure in a similar case through the use of Dr. Williams' Pink Pills and decided to give them a trial. After using three or four boxes there was a great improvement in her condition and after the use of eight boxes Mrs. Worrell says: "I can assure you I am now a well woman, as strong as ever I was in my life, and I owe my present condition entirely to use of Dr. Williams' Pink Pills, which have proved to me a wonderful medicine." Worrell further says that Pink Pills were also of the greatest benefit to her husband, who suffered greatly with rheumatism in his hands and arms. At times these would swell up and the pains were so great that he could not sleep and would sit the whole night beside a fire in order to get a little relief from the pain he was enduring. Seeing how much benefit his wife had derived from the use of Pink Pills he began their use, and soon drove the rheumatism from his system and he has since been free from the terrible pains which had formerly made his life miserable. "Just the paper for the hot weather; I consider it the liveliest and most entertaining journal published in Canada," was the remark made by a man of the world regarding The Toronto Sunday World the other day. When he has seen the paper that will be published at 9 o'clock to-night, and for which reports of sporting events should reach this office as near 7 o'clock as possible, he will be more than ever convinced that his judgment is correct. Showmen Wagare Courteous.

The Great Wallace Show is noted for nothing more than it is for its courteous treatment of patrons. Once they have paid their money and passed inside the mamnoth stretch of canvas, they are regarded as guests, and are treated as such. All questions are politely answered, and parents can make the menagerie a good schooling for the children. Well-informed attendants are constantly present to discuss the habits and natures of the globe. Everything possible is done to make the show instructive and entertaining.
