MINES AND MINING STOCKS

Pay Roll of Rossland Camp Now Includes About 1200 Miners and Mine Employes.

THE DAY'S EXCHANGE PRICES.

Progress of Silver Bell and Fairmont Companies—Evening Star's Shipping Ore.

Exactly 1033 men are employed in 28 of the more important properties over Rossland camp. Other properties will employ about 200 men more, which will make the mining pay roll of the camp 1200 men. On the average of $100 per month, the mines disburse $120,000 every pay day, or $1,440,000 per year. This increase in the pay roll in the past year has been nearly 100 per cent.

The pay roll of some of the more important mines is as follows:

The Silver Bell.

From Rossland Miner.

From the spring of 1897 to October of 1898 the Silver Bell was one of the dormant properties of the camp. The property had a good surface showing, there was a first-class plant on the ground and access was afforded by an excellent wagon road, but the treasury was depleted. In October, however, Captain J. A. Currie of Toronto came to Rossland, representing a syndicate of eastern shareholders, and succeeded in reorganizing the Silver Bell Mining Company on a satisfactory basis. The capitalization of the new company is 2,000,000 shares of 25 cents each. One-half of this stock was issued to shareholders in the old company on the payment of one cent a share. The balance is held as treasury stock. Work on the property of the company was immediately resumed and is now progressing at a rapid rate. The shaft which, on the resumption of work, was 75 feet deep, has now reached a depth of 125 feet. The bottom is in mineralized quartz, in which a good deal of calcite and oxides are present. Within a few feet the ledge will have been crosscut at the 225-foot level, and its extent will be determined. On the surface the ledge is 30 feet wide, with croppings of galena and sulphides carrying high values in silver, gold and copper. The Silver Bell group is located on the south slope of Deer Park Mountain, and embraces the Lone Jack, the Nancy Lee and the Silver Bell fraction.

Taking Out Shipping Ore.

A whim has been installed on the Evening Star, one of the properties of the Fairmont Mining Company near Ymir. The inclined shaft has now reached a depth of 60 feet. It is being sunk on the vein, and all the ore that is being taken out is of a shipping grade. This property is exciting a great deal of attention at Ymir, where it is declared that it will make one of the best mines of that vicinity. The assays of the ore taken from the Evening Star give values of about $40 per ton. The management of the Fairmont Company in this city are greatly pleased with the manner in which the property is turning out, and feel confident that it will in time make a dividend paying mine.—Rossland Miner, Jan. 5.

Mitchell, Wallace & Co. Review.

Ontario mining shares are much in favor at present. Numerous sales have been made in Golden Star. The result of the present mill run will soon be known, and it is expected to show good returns. Parties well informed of Hammond Reef affairs have given orders to buy this stock. The price has advanced a few points. In our opinion Hammond Reef is a good purchase at present quotations. Smuggler has been quite a feature. A peremptory sale of thirty thousand shares belonging to one party will explain the sudden drop in the price. The stock is being offered at a very slight advance from lowest figures. The result of the first clean-up is awaited with a good deal of interest. Fairview Camp has experienced several disappointments. We are hopeful that Smuggler will make a favorable record. Very little business has been doing in the Rossland list. Monte Cristo has shown some life, buying orders are coming in. The price has probably struck bottom, the tendency being upwards. We think Virginia an excellent purchase. The price would be higher were it not for the liability attached to the purchase. These shares are assessable up to seventy cents. Iron Mask is listing for ten cents per share, but no assessments have ever been levied. It is a developed mine and would be paying dividends if the suit with Centre Star was out of the way. Camp McKinney shares are in good demand. Investors are seeking to purchase into a proved camp. Cariboo having been successful, others will be found that will rival Cariboo. The silver stocks have many warm friends. Dardanelles and Noble Five are the favorites. One block of twenty-five thousand shares of the latter was recently bought for investment. Buying orders for Bullfinch have been received. This property adjoins Old Ironsides and is well spoken of. Buying orders for Crow's Nest remain unfilled, buyers and sellers being too far apart.

In Camp McKinney.

The Wiarton fraction in Camp McKinney, which is on the Cariboo vein and lies between the Cariboo mine and the McKinney Reef Company's property, has been incorporated by Mr. C. D. Rand of Spokane. This claim should prove as good an investment as the Last Chance bought by the McKinney Reef Company, and the Okanagan on the other side of it, bought by the Cariboo Company. As they have both opened up the big vein, there is none of this stock offered here yet, but there is considerable demand for the McKinney Reef stock, which keeps firm at 15c.

Dundee Concentrator.

Mr. E. Gartly Parker, mining broker of 12 Adelaide-street east, writes: "I am in receipt of a telegram from the official brokers of the Dundee mine, Messrs. Kennedy Bros. & Purgold, of Rossland, B.C., reading:

"Concentrator starts crushing Monday (Jan. 16), certain."

"This announcement will be welcome news to Dundee holders, while it is pretty certain to stimulate fresh buying. There

New York Alarmed.

Nine-tenths of the cases of consumption come from the expectorations of persons afflicted with the disease. The authorities of New York City fully realize the dangers of contagion, and have adopted stringent laws against expectoration in public places. Coughs and colds irritate and weaken the throat and lungs, and make them susceptible to the germs which float in the air. Shiloh's Consumption Cure soothes and heals the irritated surface of throat and lungs in a truly wonderful manner.

Mrs. E. B. PROUT, of Phoenixville, Pa., says: "Everyone should know of Shiloh's Cough and Consumption Cure. We have used it in our family for over six years. It is our doctor and medicine combined."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be refunded in case of failure. 25c., 50c. and $1 a bottle in the United States and Canada. In England, 1s. 2d., 2s. 3d. and 4s. 6d.

is a large mass of concentrating material on hand, and in sight. In addition there is a nice lot of purely smelting ore of high grade, some of which to my own knowledge has assayed as much as $120 per ton. The prospects before the company are bright indeed."

E. Gartly Parker.

Death of an Old Resident.

Clare F. Farquhar died at the residence of her son, ex-Ald. Farquhar, in this city, yesterday morning, having almost completed her 83rd year. Deceased settled in this city with her husband, the late James Farquhar, 57 years ago, and had lived here continuously, with the exception of two visits in recent years to her daughter in Los Angeles, Cal. Mrs. Farquhar was of an exceedingly bright and cheerful disposition, appreciating the humorous side of life, and consequently was able to tell of many amusing incidents of early days in Toronto. She leaves a family of two sons—Ewart and Charles Farquhar—and two daughters—Mrs. White of Toronto and Mrs. (Dr.) Westlake of Los Angeles, Cal.—and will be missed by a large circle of friends.

MR. BAWDEN'S CASE.

Told by Himself That Others May Benefit by It.

Dodd's Kidney Pills Are the Great and Unfailing Cure for Lumbago and All Other Kidney Complaints.

Hamilton, Jan. 13.—All over the Dominion the newspapers last week dwelt on the wonderful escape of Mr. Harry Bawden, foreman of the Simcoe Canning Factory here.

An idea of the widespread and genuine interest taken by the people in this case, may be gained from the fact that letters of inquiry have been pouring in ever since the occurrence was noted.

To satisfy the natural curiosity of those who are not familiar with the remarkable powers of that world-famed remedy, Dodd's Kidney Pills, Mr. Bawden has given the following statement of his case for publication:

"I have suffered for six long years with Lumbago and Kidney Disease. No medicine I ever took did me the slightest particle of good until, about a year ago, a friend advised me to try Dodd's Kidney Pills. I did so.

"The first box I used gave me such relief that I was greatly encouraged, and bought four more boxes. When I had used these my cure was complete. You may publish this so that other sufferers may benefit by my experience."

This is the honest straightforward story of a case in which Dodd's Kidney Pills effected a rapid and thorough cure after other medicines had utterly failed.

Dodd's Kidney Pills can always be depended on to cure the very worst case of Kidney Disease, no matter what other remedies have failed.

Lumbago cannot withstand the powerful influence of Dodd's Kidney Pills for more than a few hours. The worst case is positively cured in a few days.

Dodd's Kidney Pills cost only fifty cents a box; six boxes $2.50. Sold by all druggists or sent, on receipt of price, by The Dodds Medicine Co., Limited, Toronto.

Dundee Mine.

Comprising in all 350 acres. The vein is a true fissue one, and is 18 feet wide. The values principally are gold and silver. Bodies of high-grade shipping ore have been encountered in the shaft and drifts, running as high as $121 per ton, and on the average ore $30 per ton. Operations commenced in September, 1896, and have been continuously kept up. Two trial shipments of ore to the Nelson smelter went:

1st—Weight 39,002 lbs., at $25.07 per ton.....$488. 89
2nd—Weight 25,604 lbs., at $34.47 per ton.....$280 39

On the dump are 1500 tons of concentrating ore, which added to the ore in the mine amounts to nearly a quarter million dollars worth of ore already opened up.

Having sold over 150,000 shares of this stock, can furnish close figures to intending purchasers.
