To explain more fully, Messrs. Drew, Selby & Co. of Portsmouth, Ohio, famous makers of women's finest footwear, had accumulated several thousand pairs through various unforeseen and unavoidable circumstances. This firm never makes a practice of carrying broken lots, so our shoe man had practically his own way so far as price was concerned. FREE TRIAL
During nearly 40 years' business I have sold over 100,000 of my world famous Dr. Sanden Electric Belts in Canada alone. But there must still be at least half a million people in the Dominion who need my Belt and free advice: and to reach these and convince them that there is only ONE BEST electric belt in the world, I have determined to continue my plan of a free trial before I ask any price. I do this from confidence and knowledge of what I can do, and to convince sufferers that I have faith in my treatment. Will I do it? Try me. Will only cost you a stamp or a call. I have legally sworn to carry out this offer, and will give any sufferer as below my Merculex (including Electric Suspensory)

Dr. Sanden Electric Belt Free Until Cured
Not one penny to be paid unless you are entirely cured or satisfied at the end of, say, two months. I can do no more, nor do I want to do less, for I feel I have the means of the cure and want every sufferer to come to me, to try a trial and pay me afterwards—most as low as \$4. I make this offer to all, but especially to those who suffer from private weakness, of any kind, as drains, losses, varicoles, impotency, etc., as during all my practice I have made a close study of these ailments and well as know the uselessness of the numerous drugs commonly prescribed. Electricity as given by means of my Belt is an honest, natural treatment, and used during sleep, will restore the vigor and manhood of any man, whether young, middle-aged or old. My Belts also cure rheumatism, lame back, lumbago, stomach, kidney and liver troubles, sleeplessness and general ill health.

I am the founder of Electric Home or Self-treatment and there are many imitators of my goods, but my great knowledge, due to long experience and research, is mine alone and cannot be imitated. I give it freely to every user of my Belts, and this, with the best electric appliance the world has ever known, leaves very slight doubt of success.

Write to-day and let me assist you to health and happiness as I have so many thousands of others. I will at once arrange to send you my Belt upon terms mentioned and also two of the best little books ever written upon Electricity and its medical uses, sealed by mail. Address
