TWO MEN ARE ARRESTED FOR MARRIAGE ERRORS
One Accused of Getting Girl Wife to Commit Perjury and the Other For Alleged Bigamy.

HAMILTON, Ont., Oct. 10.—(Special).—Richard Koch, 23 years of age, 8-1-2 North John-street, was arrested yesterday on the charge of perjury, and interesting developments are looked for. He married Annie Markle, last July, and it is charged by her father that he got the girl, who is under age, to make an affidavit that she was old enough to be married without consent of her parents...

Two Other Town Arrests.
Harry Almsborough, wanted here on the charge of assaulting and robbing Fred G. Ward, was arrested in Toronto to-day. It is charged that he is the pal of "Chuck" Fuller, who is also under arrest on the same charge. Fred Scott, 33 North MacNab-street, was arrested for the local authorities by the Bradford police on the charge of stealing Mrs. Pendleberry's horse, on Oct. 4.

Henry Bailey, 35 Ingham-street, who went to Dundas this morning on a nut gathering expedition, amused himself by jumping on and off of cars in the vicinity of the town. He fell under one and had his left arm so badly crushed that it had to be amputated just below the elbow.

The Ninety-first Regiment and the Army Service Corps attended the service in the MacNab-street Presbyterian Church this morning. The Highlanders under Lieut. Col. Bruce, turned out 374 strong, and the service corps 45 strong. Rev. Beverley Ritchie preached a special sermon in which he said too much importance was given to athletics. The sprinter was more talked of than the prime minister, while the boxer was thought more of than the man who was striving to overcome evil. Too much attention to the material would take the race back to barbarism and cannibalism.

Arthur F. Zimmerman was arrested to-day on the charge of bigamy. He alleged offence was committed in Brooklyn, and the police here do not know any of the particulars of the case. He was employed as a silver-smith by the Methodist Episcopal church, and was soon to be married to a Hamilton girl, making his third marriage.

Rev. J. J. Reddick, Toronto, preached to-day at the anniversary services in the Charlton-avenue Methodist Church.
The Power Contract.
The special power committee will meet at noon Monday, and will recommend a formal application to the Hydro-Electric Commission for a supply of power. The council will meet in the evening and there is little question that the council will endorse the application. This will end the fight that has been waged bitterly for about three years. It is likely that the dispute between Saltfleet Township and the beach commission over the bettering works will come to a head to-morrow.

Mayor Lawson of Dundas has issued a proclamation prohibiting dogs from running at large, because of the discovery of two mad dogs in the town.
Three Charges Now.
Eric Wilson, the promoter, will have to face three charges of fraud Monday in the police court. Those who claim to be his victims and the amount of the loss they claim are as follows: Fred Wilson, Toronto, \$700; Mrs. Gay Belmont, 22 North Bay-street, \$300; W. Biggs, English Tel. Room, \$100. It is also said that ex-Alderman Farner had dealings with the prisoner by which he lost \$150.

Frank Penton, a well-known sheet writer, is under arrest in Washington. It is alleged that he has \$200 for two Hamilton men on the General Armstrong last Thursday, and then skipped with the amount of the winnings, some \$120, after the race. Efforts are being made to have him extradited.

Ex-Alderman Dead.
Word was received Saturday that ex-Alderman Richard Williamson died suddenly at Niagara Falls, N.Y. Superintendent Rae of the house of refuge has been authorized to deal summarily with those under his charge who come in the worse of liquor or carrying liquor into the place. Efforts will be made to force the relatives of W. D. Atkinson, an 100 year old inmate, to pay for his keep.

At the morning services in James-street Baptist church, a telegram was read from Rev. Dr. M. de Manteo, who stated that he would decline the call to become pastor of the church. The congregation has not another man in sight yet.

Dirigible Collapsed.
SOUTH BEND, Ind., Oct. 10.—William Matthey's dirigible balloon collapsed at a height of 100 feet. Both Matthey's wrists were fractured when he struck the ground. The machine, valued at \$3000, was destroyed.

Steel Trunk Speculating in Stock.
NEW YORK, Oct. 10.—Financiers here believe that the United States Steel management has been speculating in its common stock. It has the power to do so.

THE SQUARE DEAL PAYS.
And square with the enemy every man gets when he separates himself from his cotter by Putnam's Corn Extractor. For 50 years "Putnam's" has cured every man it treated—use "Putnam's" only—it's painless and sure.

MAYOR NOT SO SURE THAT HE WILL RETIRE

Back From St. Louis, Where He Spoke to Audience of Fourteen Thousand People.

Mayor Oliver isn't quite so sure that he will not try for a third term, as he was a short time ago, at least it so appears. His worship, who returned from St. Louis Saturday night, after enjoying the continental celebration, was asked whether the requisition to have him seek re-election had affected his expressed intention to retire. "I couldn't tell you that," he replied. "You can never tell what a man might do under certain circumstances. I don't think I will be a candidate unless something turns up."

Asked whether the Telegram's challenge might tempt him, he said: "Let Mr. Robertson name a man and I will meet him. But the Telegram can't make me run if I don't wish to. I still believe the Ashbridge's marsh transaction a good one."

His worship was a very enjoyable time in St. Louis. There were more than 400 other mayors there, and the hospitality was of the lavish kind. Moreover he was called upon to make a speech in the Coliseum in the presence of about 14,000 people. Previous speakers had referred to the destruction of the city, and the mayor, in his speech, referred to the city as a new city, and he surprised the assembly by saying that Toronto had none so good. He said that he had a speech in the Coliseum in the presence of about 14,000 people. Previous speakers had referred to the destruction of the city, and the mayor, in his speech, referred to the city as a new city, and he surprised the assembly by saying that Toronto had none so good.

His worship was the only Canadian mayor present, and was honored by being the first speaker called upon to reply for the city's guests. "I was introduced to Dr. Cook, the Arctic explorer, and heard him lecture before 15,000 people," he added. "The story made a deep impression, and everybody seemed most favorably disposed; in fact, they appeared to think he was it."

One point of superiority of St. Louis over Toronto that struck him was the fine system of boulevards.

ONE'S CLOTHES AND BOOTS.

Progress of Revolution in Making of Men's Clothes.

Discussing the steady increase in their trade in Canada, Mr. C. H. Nelson, president of Semi-ready, Limited, said: "Years ago we said that it was only a question of time when our system would be so perfect that the tailoring trade would be revolutionized just as the boot business was changed by the introduction of never and better methods. There is about one cobbler shop in each city, and a good pair of hand-made shoes is a rarity."

"In the City of Sherbrooke, growing and prosperous, with 15,000 people, there are only five tailor shops. Ten years ago there were fifteen tailor shops in the average city of 15,000 people."

"In the City of Calgary, with 30,000 people, there are nine tailor shops, three of them doing repair work only, and one Semi-ready store in that city sells more suits than the combined sales of the nine retail shops."

"In Saskatoon, a city of 8,000 people, there are two tailor shops, a still smaller ratio in a newer city."

"In towns of 1,000 in the west there is not a single merchant tailor, and the Semi-ready store in that city instances of the falling off in the old-time retail tailoring. Compared with the rapid growth of the Semi-ready system, it is improving from year to year, it can only be a question of time until the way of to-day receives its due recognition."

The government statistician reported a falling off in the retail tailoring output of \$3,000,000 a year, and a corresponding and larger increase in the clothing trade."

The Ontario Railway and Municipal Board

IN the matter of the application for annexation to the City of Toronto of that portion of the Township of York bounded on the west and north by the present limits of said city, on the east by the Township of Scarborough, and on the south by Lake Ontario.

APPOINTMENT FOR HEARING

Notice is hereby given that the Municipal Council of the Corporation of the City of Toronto has by resolution, passed on the 28th day of June, 1909, declared the expediency of the annexation to the City of Toronto of that portion of the Township of York above mentioned, and more particularly described in the said resolution, and that the said resolution and a petition for such annexation signed by an alleged majority of the ratepayers of the said portion of the Township of York, have been filed in the office of the Ontario Railway and Municipal Board.

And notice is further given that the Board hereby appointed to hear the application, on the 28th day of October, at the hour of half-past eleven o'clock in the forenoon, at its chambers in the Manning Chambers, in the City of Toronto, to hear the application for the annexation mentioned in the said resolution and petition. Dated at Toronto this second day of October, A.D. 1909.

JAMES LEITCH, Chairman of the Ontario Railway and Municipal Board.

Double Track Trans-Siberian.

ST. PETERSBURG, Oct. 10.—The extraordinary budget of the ministry of railroads has been submitted to the duma. It calls for \$2,100,000 for new construction in 1910. All of this amount, with the exception of \$165,000, will be expended in Siberia and on the Amur Railroad. The sum of \$1,935,000 is allotted to the railroad line around Lake Balkal, and \$165,000 to double track the Trans-Siberian.

Lucan Resident Drops Dead.
