

Torontos Train in Broiling Sun at Charlottesville

Note and Comment

It is always interesting to hear from the other side. From the tone of a letter recently sent broadcast through the Province, S. D. Chown, general secretary of the Methodist temperance and moral reform department, is not optimistic as to the outcome of the anti-betting bill. The appeal is addressed to the dear brother, dated March 23, and reads as follows: "It would be of the highest importance, brother Chown, that you would preach upon the subject of gambling on Sunday, April 3, or as soon thereafter as possible. If we have not already done so, we will supply you with material, immediately upon request, which will be of assistance to you in the preparation of a suitable sermon. We have reached the crucial stage and must strain every nerve to succeed. If you could induce any of your influential men wisely to approach your representative in the house of commons and any senators they may know, in the interests of the Miller bill, it would be well done just now."

It is the senators they fear. That's the way Hobson of Hamilton looks at it according to yesterday's New York Herald. J. C. Hobson, a director of the Hamilton Jockey Club, is one of the few fellow countrymen who are visiting New York for the Easter holidays. Mr. Hobson says that his fellow directors think the anti-betting bill in Canada will not pass the senate.

Thomas H. Williams' Big Chief, which cost him \$12,000 in the summer of 1908 and which once beat King James at Longueville in a race which puzzled horsemen, was declared out of all his engagements yesterday owing to the fact that he has broken down.

In his announcement concerning the Cartleton stations, owned by James R. Cartleton, P. A. Deingerfield, the manager of the farm says: "Kingston, 26 years old, has been 'strapped' to spend the remaining days of his years in confinement."

This year the Canadian and Military Horse Show will have additional interest from the fact that Ottawa and Montreal horsemen will be in the city for the first time. Already applications for admission to a car load of horses have been received from Montreal and an entry of six horses has come in from Ottawa.

N. H. Crow, secretary of the A.A.U. of C. returned yesterday from Boston, where he watched the New England boxing championships with a view of learning something in regard to conducting shows. However, he came away with the idea that Toronto only has the better lot of boxers, but the method of conducting tournaments here cannot be improved upon.

All the finals were won by Boston boxers, as follows:
Heavyweight Class—Kendall Salisbury.
140-pound—David Powers.
120-pound—A. J. Duffy.
110-pound—Joseph Gorman.
100-pound—Michael Brown.

The enclosure at Emeryville, Cal., where the Jeffries-Johnson battle is scheduled to take place on the day of the struggle according to James Jeffries, he says \$2000 has been offered for the fight, but he is fearing trouble if his prize is sold, he refused to talk.

JOE KELLEY MAKES THEM HUSTLE AFTER THE BALL

Leads Engage in Lively Morning Work at Charlottesville
—Baseball Gossip.

CHARLOTTESVILLE, March 30.—(Special by Our Own Correspondent.)—It was morning practice only to-day, but Joe Kelley put the gang thru all kinds of stunts in two hours and a half. The University of Virginia had the field in the afternoon with the University of Pennsylvania, and most of the Leafs rested. Mullen blew in on a morning train and got into the work at once. The big fellow has been keeping in shape by gymnasium work at Scranton, Pa. He did his share of the extra work this morning, and will be right in a few days.

Andy Kyle, the Toronto boy, was out. He was in right field, and took care of pretty much everything that approached his territory. At the bat he hit well, driving some of them to the right field fence.

As for the rest, they were put thru all sorts of manoeuvres, with the eight pitchers all taking turns. Rudolph was the last in on the field. To his excuse that he had overstepped himself, Kelley called from the centre of the diamond that the niggers of North Carolina spend all morning sleeping on the docks. Kelley certainly will not stand for slouching, and the man who is overdue comes in for the roast.

Most of the men are quite sore from three days of such labor. The pitchers are trying to save their arms, but Kelley knows when they are stalling and will listen to pleadings for a rest. A fine exhibition of timely running forward for the batted ball, so that every man was kept in action.

The wind-up was twice around the field and then to the dressing room, where Jim Olcott applied the high wines.

Barrow's Team Doing Well. ATHENS, Ga., March 30.—The last again to New York by a score of 5 to 2 yesterday afternoon, Manager Barrow of Montreal isn't satisfied that his old rival, George Stallings, has the better club. Barrow challenged for a third game. The score was:

That Kling Decision

CINCINNATI, March 30.—John J. Kling, the premier catcher of the Chicago Nationals, will be reinstated in organized baseball upon his payment of a fine of \$700, according to the decision of the National Commission made public to-day. The decision was signed by Chairman August Hermann and Thomas J. Lynch, president of the National League. B. F. Johnson, president of the American League did not sign.

The commission will require Charles W. Murphy, president of the Chicago Nationals, to show cause why he should not be fined at least \$200 for the violation of rule 47, which forbids a club to submit a new contract to an ineligible player. Furthermore the Chicago Nationals will not be allowed to trade, sell or release Kling for one season, nor will it be permitted to pay Kling's fine, directly or indirectly, under a "severs" penalty.

Kling was not fined for his failure to report to the Chicago Club, nor for the violation of rule 47, and 300 additional for his violation of that rule in connection with the Missouri Athletic Club's semi-professional team of Kansas City, and his playing with and against ineligible players during the time he was with that club.

Kling was fined \$200 for "his action with reference to his connection with the Missouri Athletic Club and particularly in permitting an ineligible player (Pascor) to participate in games with that club."

Rule 47 says that no National agreement player will be permitted to participate in any game with or against a club harboring ineligible players or whose owners or managers are ineligible players. It also states that no National agreement player who has failed to report to or left the club having time to his service if such player has participated in games with or against ineligible players or clubs, unless the player has been reinstated by the National Commission.

Kling will also be required to carry out the terms of his original contract, which still has one more season to run. This called for a salary of \$4500 a year. The commission states that Kling's action cannot be termed a "violation of contract," as it has been understood and accepted in baseball law.

In speaking of the leaves of absence granted Kling by Murphy on April 24, 1909, the commission states that "Murphy's statement is misleading. It says that Kling's leave of absence has no bearing on the decision of the commission's decision on or agreed upon in good faith."

The statements of Kling that he did not know he was playing with or against ineligible players about Kansas City are termed "not correct nor true," in the decision. The commission takes occasion to express its disapproval of Kling's statement, as it was a more serious matter than a more extending circumstance.

Paul Star Runner at Charlottesville. CHARLOTTESVILLE, Va., March 30.—(Special.) The track meet between Virginia and the University of Virginia was held this morning at Charlottesville. The Virginia team won by 7 to 2.

The commission takes occasion to express its disapproval of Kling's statement, as it was a more serious matter than a more extending circumstance.

Central N.Y. State Baseball League. ALBANY, N.Y., March 30.—The Central N.Y. State Baseball League was organized here to-day, with the teams representing Albany, Schenectady, Troy, Oneida and Auburn. J. L. Bacon of Troy was elected temporary president. Applications for admission were received from four other cities and referred to a committee to decide upon the most desirable cities to complete the circuit. It was voted to open the season May 12 and close it Sept. 10.

Kling is Satisfied. KANSAS CITY, March 30.—"Alto the terms imposed by the National Commission are a pretty good deal, but I am pretty satisfied with them and it will afford me the greatest delight to play with Chicago again," said John J. Kling yesterday when apprised of the decision of the National Commission in connection with his case. Kling refused to discuss the details of the commission's decision or the facts upon which it was based.

At Akron, Ohio, Kid White of Chicago knocked out Big Mackey of Findlay, O., in the first round of what was scheduled as a ten-round bout. Considerable interest was aroused in the event owing to the efforts of a group of men to persuade the governor to intervene.

At Newcastle, Pa., Larry Reid of Cleveland and Thomas McMahon of Cherry Valley, Ill., fought twelve fast rounds to a draw. Reid landed the oftener and scored a knockdown in the fourth, which McMahon returned in the ninth.

At San Francisco, after fighting nine vicious and bloody rounds, and apparently gaining a slight lead over his opponent, Jack Burns of Salinas, Calif., lost the contest in the twelfth and final round to Jim Barry of Chicago. Burns took the count four times in this round and was saved from a knockout by the bell.

Toronto Lacrosse League Hold Their Annual Meeting

The annual meeting of the Toronto Lacrosse League was held last night at the Tecumseh A. A. rooms, West King-street, with President Graham in the chair, and the following past presidents present: F. C. Waghorne, J. K. Forsythe and Peter Knowles; also Past Vice-President Woody Tegar. The clubs and delegates present were: Mattlands, James Dundas, Sanderson, Rowland and McDonald, St. James, Statham and Hayes, Capitals, Collins, Kent and Richards; Elms, J. Ruthford; Parliament, Blumfield; Shamrock, H. Campbell; Beach, W. Gladie; College Crescents, J. K. Forsythe. The new clubs admitted were Elms Juvenile, A. College Crescents, Simpson-ave., Beach and Weston.

Outside of the election of officers no business was transacted. The Secretary Gladie gave notice of several motions that he will bring up at the next meeting, one being a board of referees to be appointed by a chairman. The other three were "that teams be reduced from twelve to ten members and that the playing field be ninety or one hundred yards," and "that instead of clubs paying the annual fees, the players be assessed so much for their certificates."

President Bobbie Graham, who would not stand for office this year, in his concluding remarks said that during his three years' reign there had only been one protest, and that he had only been called upon to suspend three players. The following officers were elected:

Hon. president—Robt. Graham. President—F. C. Waghorne. First vice-president—James Dundas. Second vice-president—J. K. Forsythe. Secretary—W. Gladie. Treasurer—J. K. Forsythe. Auditors—J. K. Forsythe and C. H. Barber.

Among the executive as first nominated was F. J. Lally, who declined to act. He expressed his intention of devoting his spare time to the development of lacrosse among the younger generation of Canadians generally. The attempt to reduce the number of officers failed to carry, and was defeated, but the date of the annual meeting was changed from the last to the second Wednesday in March. An amendment was also passed providing for nominations for officers closing two weeks before the annual meeting. The election of officers will be on printed ballots. The total receipts of the year were \$301.85; disbursements, \$208.45; balance forward, \$152.75. The outstanding liabilities brought the deficit for the year up to \$267.23. The total receipts from home matches amounted to \$330.49, and the salaries paid the players was \$174.85. The secretary's report was that the league had finished in fifth place in the N. L. U. series, winning five of the twelve scheduled matches, and scoring 10 goals to 15 goals by their opponents. At the close of the meeting a handsome trophy emblematic of the league was presented to the champion of the league, the Capitals. The trophy was presented to the Capitals by the league, and the Capitals accepted it on behalf of the league.

Mr. Jordan's arrangement of "All Thru the Night" was exceedingly sweet; the refined soprano opening and the deep bass of the organ, and the accompanying the contraltos in the second stanza was rich and mellow. The Gounod number was dramatically done, but the poetic passages seemed rather fast in tempo.

Mr. Jordan is an energetic conductor, and his sweeping and emphatic beat was successful in leading the choir and controlling a choir of which Brantford may well be proud.

Shooting With Intent. John C. Woodward, an east end real estate man, was committed to jail in the police court yesterday morning, and was later indicted by the grand jury of the sessions upon a charge of shooting with intent to maim Frank Imber, a painter from the same locality. Imber told of being shot when Woodward called to get a signboard which he had been painting for him. He said the jealousy over Mrs. Imber was the cause.
