Military Hositals Commission Fit Men for Civil Service.

TEACH WRITING

A number of our returned soldiers, in the Calvary Convalescent Hospital of the military hospital commission, are work-ing hard as their injuries will permit, for a civil service entrance examination. Examinations are dreadful things, to most of us, even when we are in perfect us, is the mere process of writing. To these men, on the other hand, the act of writing is a serious difficulty. "The men are working hard," their istent progress, but the subject which gives me most concern is writing. This shows some improvement, but many of the men have difficulty on account of injuries to the right arm, shoulder, hand or elbow. Others show extreme shaki-ness owing to shattered nerves. One arm. "Some days they write fairly well, but

and dictation." Men who persevere under such diffi-culties deserve to succeed. Some of them would rather storm a German trench than struggle thru that examination. Freference to Returned Men, The government, it is pretty well known, gives preference to returned sol-diers in making public appointments, but, of course, the men must be able to do the work.

bread. work. To make them able for that or any other kind of work quite clearly suitable for them is one of the objects which the Military Hospitals Commission is ener-The baker was not always a necessity; why should he be now? Pending the results of investigation, the real

cause for the advance in price may Military Hospitals Commission is the getically carrying out. The Canadian public will not be satis-fied till every man disabled in its ser-vice is not only fit for employment, but not be stated with certainty, but how the expense of living may be reduced is very plainly shown by the test just actually employed at some regular occu-pation profitable both to the man aid to given.
