## LONGSHOREMEN GET THEIR BONUS PAY

New System Declared to Have Worked Well in Montreal This Season

(Montreal Herald.)

During the past few days the various steamship companies have been paying the longshoremen the bonuses they have earned by their remaining at work until the end of the season of navigation.

The existing system of paying a cash bonus over and above the regular scale of pay has proved most satisfactory and overcomes the old-time difficulty of securing efficient laborers at the end of the season.

One of the causes of desertion at the most critical time of navigation was due to the call for laborers in the bush and lumber camps, and the men usually started in good time to ensure employment for the winter. This has now disappeared and the desertions from the longshoremen's ranks during the season just closed have not averaged more than 10 per cent.

Fully 90 per cent. of the 1,000 old men employed on the wharf have received the bonus which runs to each man, between \$35 and \$60. The total amount is, of course, divided among the various steamship companies.

Under the existing agreement the longshoremen does not necessarily spend the entire season with one company, but works for more. Upon his registration he is presented with a numbered metal tag bearing the name of the company with whom he engaged. When for various reasons business is dull he can move along to such lines as require his services.

At the end of the season when the cashing process of the bonuses is under way he has to collect his share from such of the lines he has been employed by. Commencing with the company where he registered he receives what is due him there, and the management furnish him with a card check with registered number and other particulars which he takes with him to his next place of employment where he pay him for his services in their behalf. Another card is given him there and on until he has exhausted the places where he has been employed.

## Bunions No Joke

Not to the man who has to move about, but a slight application of Putnam softens the thickest tissue and cures the bunion quickly. Just as good for corns, lumps, and callouses as Putnam's Corns Extractor. Use it often.

## PLANS FOR EVANGELISTIC

## CAMPAIGN HERE ARE

## NOW WORKED OUT

Feb. 7 was the date fixed upon at a meeting last night in St. Andrew's church for the opening of a three weeks' evangelistic campaign in this city. The secretary of the committee, Rev. J. C. B. Appel, was authorized to telegraph to Rev. Dr. O. A. Gray to have charge of the movement and Samuel Adams, D. D., to organize the musical part of the services.

Rev. J. C. B. Appel was elected temporary chairman. The secretary, Rev. McAppel, read the minutes of the previous meeting at which several resolutions were passed. The first of these, declaring the advisability of holding a simultaneous evangelistic campaign, was adopted without discussion. It was also agreed that the campaign should continue three weeks.

There was some difference of opinion expressed over the question of engaging a pastor evangelist. Several of those present favored the city pastors conducting the campaign themselves.

Rev. David Lang moved that the week preceding the campaign should be given up to preparation by the churches.

Rev. A. A. Graham moved in amendment that the united effort be continued for three weeks and that the individual churches be recommended to carry on the campaign for as long as they deemed wise.

Both the motion and amendment were seconded, but when the question was put the amendment was carried.

The next question was the dividing the city into districts. It was finally decided not to specify the number of these divisions, leaving that to an executive committee. The meeting next decided to have the campaign begin Feb. 7. The motion for this included the holding of a mass meeting on that evening, either in Keith's assembly rooms or the Opera House.

The next step was the appointment of an executive committee. A nominating committee was appointed by the chairman for this purpose. While this body withdrew to deliberate, Rev. J. J. McCaskill read a letter he had received from Dr. McPhee, intimating that if the committee wished to engage Dr. Gray and Mr. Adams it would be necessary to wire him after the meeting. The terms mentioned were \$50 a week for Mr. Adams, while the evangelist's thank offering would be taken during the last three days of the campaign.

Those appointed on the executive committee, twenty in number, were: Rev. Dr. Planders, D. Smith, Rev. D. Hutchinson, Wm. C. Cross, Rev. David Lang, Alfred Maiche, Rev. J. C. B. Appel, J. S. Flagg, Rev. S. W. Anthony, G. E. McMichael, W. Kingston, Staff Captain B. Andrew Robb, Rev. H. B. Read, W. D. Baskin, Ald. Hayes and Rev. H. B. Ross.

It was decided that the executive have full power in connection with finances by the engagement of evangelists. The only stipulation in connection with the latter was that they should be as far as possible Canadians and pastors in settled charges. It was also decided to give the executive power to add to their number.

The matter of preparation for the campaign was also talked about, and it was understood that this should begin immediately. The meeting then adjourned.

## TEAMSTER DIES

## OF HIS INJURIES

Frederick, N. B., Nov. 28.—As a result of internal injuries, caused by falling from a team on a telegraph leading from William, N. B., to Fredericton, N. B., a man named Moore, teamster, in the employ of the Toronto Construction Company, died at the Victoria Hospital this morning.

Frederick, N. B., Nov. 28.—A man named Gallop, belonging to Cape Breton, was brought to Victoria Hospital yesterday by Dr. Chapman, of Bonaventure, suffering from an accident which he met with on the Transcontinental near McDevine's.

He had his right arm caught and crushed in the cog wheel of a track-laying machine. Amputation may not be necessary.

The members of the Fredericton Society of Engineers held their annual church parade this morning. They assembled in a body at the K. of P. hall and headed by Pipe Band, H. Ross, of St. John, marched to St. Paul's church, where Rev. Dr. Smith delivered an able and appropriate sermon. Captain Pringle acted as marshal, and there was a large turnout.

## IMPORTANT WEEK IN

## BRITISH POLITICS

London, Nov. 27.—The coming week will be memorable in the parliamentary annals of Great Britain. A majority of the lords despite the warnings of such experienced politicians as Lord Rosebery and Lord Balfour of Burleigh, have decided to withhold their consent to the budget, and it is brought out of the woods to his home on horseback where Dr. Murray, of this place, dressed the wound. It is reported that the foot may have to be amputated.

## CANADIAN NEWS NOTES

Montreal, Nov. 28.—One of the most prominent engineers of eastern Canada died today, in the person of W. McLean Walbank, general manager of the Montreal Light, Heat & Power Company. Mr. Walbank had only been in a few days, and died of meningitis.

Antigonish, N. S., Nov. 28.—Geo. Cooper, South African veteran and soldier, who had seen active service in the British army, died here Saturday evening under painful circumstances.

A week ago Saturday he began drinking and continued all the week. His boarding mistress urged him to allow her to send a physician, but he steadily refused.

Saturday afternoon he went to his room about 5 o'clock and he again refused. Half an hour later he was discovered in his room with life extinct.

Moncton, Nov. 28.—(Special)—Chief Rideout is in receipt of a letter from the Italian consul at Halifax asking for particulars and facts in connection with the accidental shooting of Alex. Stallo, the Italian workman, by Ernest Mullins on the G. T. P. some two weeks ago. It appears the Italians working on Corbett & Floesch's contract are not satisfied or do not understand the verdict of the coroner's jury which found the shooting was accidental, and have asked the Italian consul to look into the matter. Chief Rideout has written the consul giving him particulars of the shooting and the finding of the jury.

Allan Rand, clerk in the I. C. R. fuel is sent direct to the hospital by the hospital night, died twenty-one years, after several weeks' illness. Deceased was a son of the late J. P. Rand.

## FLOODS IN PORTO RICO

San Juan, Porto Rico, Nov. 27.—The incessant downpour of rain since November 10 has caused heavy damage to property throughout the island. The rivers are raging torrents, overflowing the country. The rain, however, was accompanied by only a light wind. The sugar, tobacco and pineapple plantations have suffered great loss. Many acres of sugar cane and pineapple land on the northern coast have been flooded, and the Yabucoa and Humacao sugar districts on the southern coast have been inundated. Many houses have been swept away and countless cattle drowned.

Havana, Nov. 22.—Not since the downfall of the administration of President Palma has the political atmosphere of Cuba been more obscure and more laden with suggestions of trouble than it is at the present. The re-established republic is scarcely nine months old and already rumors have become persistent that the president is being sought to work the retirement of President Gomez, either by persuasion or compulsion, and to place in his stead a man at the head of the nation.

New York, Nov. 28.—They found Dr. Frederick A. Cook tonight, that is, an authoritative statement was issued by his brother, W. L. Cook, saying that the explorer, who mysteriously dropped from public view, yesterday was still in the vicinity of New York, recuperating. He was on the verge of a nervous breakdown and his retirement was absolutely necessary.

## Little Soldiers

In your blood are the millions of corpuscles that defend you against disease.

To make and keep these little soldiers healthy and strong is a duty to mind and keep the blood of the right quality and quantity.

This is just what Wood's Great Peppermint Cure does—it helps the little soldiers in your blood to fight disease for you.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.

It is a great blood purifier and builds up the whole system.
