

The Staff consists of seven (7) resident teachers and five (5) who are non-residents. The receipts for board and tuition from pupils were sufficient to cover all working expenses, and interest on debt of about twenty thousand dollars. If the whole of the capital stock was subscribed and paid in, as it should be, the institution would be free from debt, and would be in a position to pay a dividend on the stock or reduce the fees for board and tuition.

The expenditure on capital account to date is about \$46,000. Of the authorized capital of \$50,000, about \$27,000 has been subscribed, and nearly \$24,000 has been paid in.

Having in view the marked success that has attended our Girls' School, from its inception to the present time, it is earnestly hoped that the church people in this diocese will more liberally support the institution than they have hitherto done, by taking a fair share of the unsubscribed stock. This being the only "Church School for Girls" in the Maritime Provinces, it ought to command all the sympathy and support of the church people within these bounds, and it ought to be placed in that position to do the work for which it was intended.

Your Trustee has caused one hundred and fifty copies of the Calendar for 1892 and 1893 to be placed on the table for the use of the Synod.

I hope the Synod will renew the grant of \$55, which was voted last year for prizes.

All of which is respectfully submitted,

JOHN B. FORSTER,

DORCHESTER, 4th June, 1892.

Trustee.
