

## LIGHTING REPORT RECOMMENDED

The safety board last evening recommended that the offer of the street railway company to light the city with 1,200 candle power lamps at \$70 a light should be accepted on condition that certain provisions as to poles and wires were complied with. A delegation of the rateholders in the market made a protest against the recommendation of the committee to charge them a rental claiming they were being discriminated against. The board after discussion decided to recommend the report to the council. A number of other matters were dealt with. Ald. Macfarlane occupied the chair and Ald. Lewis, Hann, Holder, Vanant, Bullock, MacRae, Frink, Sprad and Tilly were present with the director, Chief Kerr and council clerk.

The director read the report of the sub-committee on the proposal of the St. John street railway to light the whole city for a period of ten years at \$75 per light for 2,000 candle power lamps or \$70 for those of 1,200 candle power, and to give incandescent lights at ten cents per 1,000 watts. Ald. Bullock moved the report be taken up section by section.

Ald. Frink as chairman moved an amendment that the report be adopted.

Ald. Hann wanted to know if there was to be any reduction to the citizens.

Ald. Frink said the question was one with which the committee was not called upon to deal.

Ald. MacRae said the city lost its opportunity to obtain a general reduction when the Carleton plan was allowed to go.

It was now merely a question of supply and demand. In time the price would no doubt come lower. The company had the L. C. R. R. cotton factory, the Maritime News and the Telegraph and Times Publishing Company, who all had separate plants, and they would be compelled to make reductions to meet further competition before long. He considered they would have to come down to modern conditions or be driven out of the field, but the question was one that the board could not deal with at the moment.

**Electric Lighting Report.**

The report was read section by section.

Section 1. That the 12,000 candle power lamps (1,200 candle power) are acceptable for the whole city.

Ald. Frink said he understood the North End aldermen were satisfied with the lights in their district which they now recommended should be installed over the remainder of the city.

Ald. MacRae said he understood neither Col. McLean nor Mr. Hopper were aware of the proposal until they were called to change the lights at a later date to those of larger capacity. He was told the cost would be \$60,000. He thought the city would be better served if the 2,000 candle power light at \$70 was adopted throughout as under the recommendation they would be getting only three-fifths of the light which could be obtained for \$5 extra.

Ald. Tilly did not think the aldermen would notice the difference.

A voice: "It entirely depends on the time of night some of us look at them." (Laughter.)

Ald. MacRae moved an amendment that the 7.5 ampere lamp be accepted at \$75. The amendment was lost by 5 to 4 and the section adopted.

Section 2. That the company must take over all cost of poles and wires and poles and wires which the city may have on hand at the time the contract goes into force and that they take over all wires belonging to the city now in use and as the city of contract the same will revert to the city in a good state of repair together with all additional poles and wires in addition to and in substitution of the existing poles and wires in Stanley, Lorne, Dufferin, Lansdowne and Victoria wards. The city's rights to poles and corner posts on the west side to be protected as well as all rights to lamp posts in the city proper.

The section was adopted without discussion.

In reply to a question the director said the charge for raising or lowering a lamp on the pole was \$10.

Section 3. If sectional area are used they must be changed thoroughly once a week. This section was adopted.

Section 4. Incandescent lights shall be supplied to the city at the rate of 30 cents per 1,000 watts.

Ald. MacRae said it would be possible under the lower rate to put electric lights in city hall, the market and the engine houses as there would be a great saving over gas.

The section was adopted.

Section 5. That provision should be made if the contract is entered into that if the city desires to renew it shall be at a price greater than the rate of the contract and to be paid at this date. This later clause was rejected in such amended form from time to time.

Section 6. That the officials appointed by the council shall have at all times the right of access to the poles, wires and other apparatus to examine the meters through or on which the power is registered or indicated.

These sections were adopted without discussion.

Ald. MacRae moved that a section be added that the lights be placed as to height and position to the satisfaction of the city. Carried.

Ald. MacRae suggested a further addition that the city should be at liberty to use the poles for fire alarm wires, and that any other provisions which the city has in the existing contract could be included in the new contract. This section, he said, would include "lights out." He was not satisfied with the existing conditions and did not think the city should ever be without lights.

A motion was added to that effect and the report adopted as amended.

The market committee's report was read as follows:

That the rent of the stalls be \$75 per annum except those having no stalls and that they pay \$10; that the six racks and shelves, G. H. R. be sold for \$100; that the commission stand; that G. H. R. be sold at an upset price of \$100, \$50 for stands L. J. K. and L., and a further recommendation that the clerk of the market report all violations of the market bye-laws to the director weekly, and that a letter of instructions be sent to the clerk calling his attention to alleged violations, which report shall be submitted by director to the board of public safety, and further recommend that the bills and bye-laws committee submit a revision of the bye-law to the council after the approval of the safety board at an early date as possible.

**Dizziness!** Do you find your- den attacks of dizziness with black spots floating before the eyes? It Means Kidney Trouble and that you require GIN PILLS. The best known remedy for all forms of Kidney trouble. GIN PILLS will cure you.

They act promptly and do their work thoroughly. All druggists sell them, 6 boxes for \$2.50 or direct from The GIN PILLS Co., Winnipeg, Man. This box free if you mention this paper.

THE EVENING TIMES, ST. JOHN, N. B., TUESDAY, MARCH 27, 1906

YES; BUT WHO GOT IT?

(New York Herald.)

## EXCITING TIME IN BOSTON STREET

The board was strongly in favor of the recommendation of the treasury board that the apparatus should be placed under the control of the safety department, and the matter will be dealt with by the council.

Chief Kerr reported he had examined No. 4 engine house. The door was broken, the windows were out and it was going to wreck and ruin. He recommended something should be done.

In reply to Ald. Macfarlane Chief Kerr said seven or eight keys had been put in box 7 and they had all been stolen.

The board then adjourned.

**PILES CURED QUICKLY AT HOME**

Without Pain, Cutting or Surgery. Instant Relief

We Prove It. Sample Package Free

Seven people out of ten are said to have piles. Not one man in a million knows how to cure them. We are proving it every day at our own expense. We send a sample package of the wonderful Pile Cure to any person absolutely free.

We do not do this as a matter of management or philanthropy, but because it is to our interest to do so. We know that the sufferer from piles, hemorrhoids and other ailments, since it cured him, will find such immediate relief that he will at once to his druggist and buy a box and use it.

We know that we have got the greatest remedy in the world for piles, and we are ready and willing to stand or fall by the verdict of those who make the trial. We have been doing this for some years now and we never have had occasion to regret it.

And the remedy at the drug store is just as good as the sample we send out. As for instance, here is a cure you get immediate relief from the sample that he at once bought a box. Was it just as good? Undoubtedly, since it cured him, and after all, who would be kind of thing to fail. And it wasn't one of those simple cases of a few years' standing—it had existed for 20 years.

Here is a sample of the kind of letters we get every day and we don't have to ask for them.

"Friend, I write to tell what good your Pile Cure has done for me. I used your sample, and it did me so much good that I went and got two boxes, and I used one and I am another man altogether. I have no pain, no piles, and I thank you for what you have done for me. I have no more to say but to say that I am very glad to hear of your timely cure. Use my name if it will do you any good. Isaac Smith, Wharton, New York."

Pyramid Pile Cure is for sale at every druggist at 50 cents a box or, if you wish, direct from the manufacturer, send your name and address to the Pyramid Drug Company, 2121 Pyramid Building, Omaha, Neb.

**SKULL FRACTURED FROM TERRIBLE FALL**

Walter Palmer, boatman of the steamer Montague, fractured his skull early last evening by falling into the hold of the vessel, where he was assisting in superintending the work of loading. He fell about twenty feet, and struck headfirst. At midnight, it was reported at the General Public Hospital, that there was but slight hope of his recovery. Mr. Palmer is about forty years of age, and belongs in England. He is regarded as a most capable seaman, and the accident has occasioned much regret among those who know him.

He tripped over some freight piled by the side of the hatch, and in a moment was falling down the sheer descent of more than twenty feet. When picked up he was unconscious. There was a deep gash in his head, and his face was also badly bruised. The ship's doctor was summoned, and while waiting for the ambulance, efforts were made to bring the injured man back to consciousness, but without avail. He remained unconscious throughout the night, and at an early hour this morning was in a precarious condition.

J. Fred Payne and Brown Maxwell returned last night from Lincoln, Nebraska, where they attended the funeral of Robert A. Payne.

Boston, March 26.—Lorella, a revolver at the head of his captor, U. S. Marshal W. B. Burns, of Washington (D. C.), Stephen A. B. Pater, of San Francisco, known here as John H. Brownell, who is wanted by the government as a witness in the so-called Oregon land fraud case, in the state of Oregon, on a charge of forging school certificates amounting to \$70,000, was able to back off into a crowd on one of the busiest corners of Back Bay section of the city tonight and escape after being under arrest less than half an hour.

Marshall Burns was about to take his prisoner to a local police station when Pater drew his weapon and the two had a tussle for it. Twice Burns nearly wrenched it away, but Pater proved more agile and finally shook himself free with the revolver still pointing at the marshal.

The witness then backed off until he had reached a safe distance when he turned and darted down the street, followed by the marshal and the crowd. For fear of hitting an innocent person the officer did not follow him.

More Frauds Unearthed.

After his release on bail as a witness, Pater went into the brokerage business and last summer it was discovered that Oregon school land certificates amounting to \$70,000 had been forged and placed on the market. Pater disappeared, and the Oregon authorities at once began a search for him and about 5:30 o'clock

night Pater appeared. He recognized the officer as the latter stepped out and asked him to go into a private room of the post office. Pater complied at once and the two seated themselves, while Superintendent Swift went out, as Burns thought, for two policemen. Burns waited nearly half an hour for Swift. When the latter returned he tapped on the window, remarking as he did so, "Have you got your man, Burns?" The marshal thought that the remark was a hint that the policemen were outside the door, so he told Pater that he was under arrest, and made a hurried search for a weapon of any kind. None was discovered, and the officer and his prisoner stepped out on the sidewalk, but there was no policeman there and Burns found himself alone with a man who was rapidly becoming desperate.

Covered the Officer.

Pater asked the officer to take him to Washington at once but Burns replied that he would have to be looked up and go in the morning. Then Pater asked Burns to go with him to his room for his bag but Burns declined. As that Pater drew out his handkerchief to blow his nose and in putting it back in his breast pocket suddenly thrust his hand inside his coat and flashed a formidable looking revolver in the face of the officer.

"I'll kill you, Burns," said the westerner, "if you dare to move."

The crowd about the two men was quite dense as it was a street car transfer point and homebound bound people were rushing about for their slips of paper. The crowd fell away rapidly at the appearance of the revolver, but Burns, although considerably older than his prisoner, jumped at him and pushed up his hand.

Pater struggled and succeeded in pointing the muzzle of the revolver at Burns' breast for a second time. Again the phony officer closed with his man and this time threw down the loaded arm, but his strength was not sufficient to wrench the weapon away, and there was no policeman near to assist him, although nearly 100 were assembled at station 10 only 100 yards off for the evening roll call.

**THE EVERY DAY CLUB**

Finds Itself Confronted With Phases of the Social Problem.

The Every Day Club meeting in Brussels street church last evening had from 7:30 till 9 o'clock some twenty boys of the street as guests, and two of them were entertained.

A week ago ten were present, and last night twenty. They ranged from seven or eight to perhaps twelve years of age, and were the real article.

Two of them sang ballads, and the others were reasonably quiet, listening to the graphophone selections and other entertainment. At 9 o'clock they were advised to go home and have a good sleep. They had a pleasant hour and a half away from street influence.

The club also faced another phase of the social problem last evening. A young man who has been brought down by drink was present, and arrangements were made to send him today to a relative in the country, where he desired to go, but had not the means.

The club's entertainment last evening was largely provided by John Bodd, who at various times during the evening gave graphophone selections, sang a song, gave a reading, and also delivered a brief address commending the purposes of the club. Bayard Silver gave two solos, Mr. Stokes, flute solos, with accompaniment by Fred Silver; Mr. Brown gave a reading, and there were brief addresses by A. M. Belling and Rer, Mr. Ochoe.

The club is gradually getting itself into good working shape. All men are welcomed.

The L. C. R. yardmen laid off Monday in consequence of the reduction of the staff are Jeremiah Collins, W. McGourty, William Archibald and Thomas Moran.

**FOR MAN OR BEAST**

On the Canadian Prairie Nervine is Used in Every Home

Nowhere is the value of a good household remedy so apparent as in the country. The aid of a doctor is not only to be had, so "Nervine" is kept handy and serves in many an emergency.

Mr. D. W. Daly, of Montreal, says: "I have used Nervine for many years, and I can say it is a valuable remedy for all human pains or aches it can be surpassed. For cramps or colic in horse, or in distemper I have heard veterinarians say it could not be surpassed. I recommend Nervine to all my friends."

**ROYAL ARCANUM**

RATES ATTACKED IN BOSTON COURT

Boston, March 26.—The new table of rates adopted by the Royal Arcanum in May, 1905, was the subject of argument in the Supreme Court today. The legality of the new rate was attacked by Stephen W. Reynolds and fifteen other members in a bill which they brought against the Supreme Council of the order. The amendments made to give effect to the new rates are claimed to have been beyond the corporate power of the order on the ground that they contemplated a change from a fraternal beneficiary association to a scheme on life insurance lines with the result that the individual contracts made by individual members are impaired without their consent.

J. Roy Campbell left yesterday for Halifax by the noon train.

You can trust a medicine tested sixty years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla, the original Sarsaparilla; the Sarsaparilla the doctors endorse for this blood, weak nerves, general debility, and all the ailments of the blood.

**For Thin, Poor Blood**

**POOR PACKAGE DYES MAKE**

Women Miserable and Cross.

**Diamond Dyes**

Have Made Millions of Wives, Mothers and Daughters Happy and Contented.

Women who buy and use any of the advertised, weak and worthless packages are put up in imitation of the reliable and never-failing DIAMOND DYES, must expect to meet with trials and disappointments in the home.

Crude package dyes with only fancy names to recommend them, and sold by some dealers for the sake of large profits, are the direct cause of much of the feminine bad temper and irritableness manifested in many homes.

If our women and girls would avoid trouble, loss of goods and hard work, they must insist upon getting the DIAMOND DYES whenever home dyeing work is to be done. One ten cent package of the fine-tried DIAMOND DYES will always color more goods than will two packages of other dyes, and give brighter, fuller, more brilliant and more lasting shades.

Once used, DIAMOND DYES become the chosen dyes for all well regulated homes. Send your name and address to Wm. & Richardson Co., Limited, Montreal, P. Q., and you will receive free of cost new Dye Book, Card of Dyed Cloth Samples and Booklet in verse, entitled "The Long Journey to the Kingdom."

**KNIGHTS OF COLUMBUS**

INVADE HALIFAX

Large Delegation from Different Parts of Maritime Provinces Present at Institution of New Council.

Halifax, N. S., March 26.—(Special)—Herald Council No. 107, Knights of Columbus, was instituted here tonight with forty charter members. There is a big gathering of knights here from many places and the examination of the first and second degrees was well done by the St. John Council and the third was given by the St. John Council.

Since coming from Antigonish the visitors have been royally entertained by the charter members of Halifax Council, street car trips, an outing on the harbor and North West Arm, and genial good fellowship going far to make the visitors pass the time pleasantly. The Halifax Hotel was headquarters and here an local meal and a large reception room reserved for the knights and did all possible for their comfort. New arrivals came in tonight from St. Brunswick—including Sheriff O'Brien, of Northumberland, Wm. P. Harriman and Dr. Desjardins, of Moncton, they were warmly welcomed at the hotel. The degrees were exemplified in St. Mary's Parochial Hall. The officers of the new council: T. J. Craig, grand knight; F. P. Hayden, deputy grand knight; J. C. O'Mullin, chancellor; D. T. Lynch, financial secretary; Gerald B. Turan, treasurer; Thos. W. Murphy, recording secretary; Joseph A. Chaboin, advocate; J. P. Kelly, warden; Dr. Joseph J. Doyle, lecturer; R. J. Flynn, R. G. Beasley and W. J. Power, trustees.

The St. John knights will leave for home tomorrow evening.

**How's This?**

We offer One Hundred Dollars Reward for case of Catarrh that cannot be cured by Hall's Catarrh Cure.

P. J. CHERRY & CO., Toledo, O. We, the undersigned, have known P. J. Cherry for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDO, KINN, & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50 cents per bottle. Sold by all Druggists.

Hall's Family Pills for constipation.

**LUNENBURG MAN**

THOUGHT TO BE DROWNED

Halifax, N. S., March 26.—(Special)—Pinus Willoughby, of Black Rock, Lunenburg county, left his home Saturday in a small boat and has not been heard of since. As one belonging to his boat has been found floating in the harbor, and it is believed that he has been drowned.

Willoughby had built a new house last fall and was coming to draw \$100 which he had on deposit to make a final payment on his dwelling. Willoughby was 50 years of age and married.

## MAH-PU MINERAL WATER
