A two-story house, owned by Mrs. Morris, was burned to the ground in Randolph yesterday.
Pte. Stanley Groves, of the 26th Battalion, was given a gold watch last evening on behalf of his wife and friends by Pte. William Cooper, another 26th here, to replace the one he lost during an engagement in France.

The barbers held a meeting last evening and decided to drop the percentage wage demanded and ask a flat rate of salary. John Krupp of the Cigar-makers' Union, addressed the barbers last evening.

In his letter to the employes, announcing the increase in wages of three cents an hour, the president of the New Brunswick Power Company, L. R. Ross, urges upon the employes the desirability of their co-operating with the management by showing the utmost courtesy to all patrons.

A successful pantry sale was held yesterday afternoon in the Carleton Methodist church the proceeds of which will go towards repair work on the primary room of the church. Those in charge were Mesdames Martinson, Lilley, Woodworth, Westmorland, Barrett and Sloane.

Fire was discovered at 2.45 o'clock this morning in the two-story shed in the rear of Charles Walker's residence, 92 Kennedy street, North End. A still alarm was sent in and before the fire department had the flames under control the building was destroyed.

At the regular monthly meeting of the Board of Health yesterday afternoon leave of absence was granted to Dr. G. G. Melvin, chief district health officer, who will leave on Tuesday for Montreal where he is to read a paper at the meeting of the Canadian Medical Association on Medical Inspection in Schools.

WOMEN'S BACKS BEAR THE BURDEN

"Campaigns of thrift," "Speeding up for production," and other present day slogans have influenced the women of Canada quite as much, and indeed in some quarters more, than the men.

How many thousands of women everywhere who always kept a "maid" are now doing their own housework to release another pair of hands for the munition factory. Other thousands of young girls who formerly did not find it necessary to do their services for hire are doing effective work in the munition factories, stores and elsewhere.

This change of work, or the undertaking of new duties, has found the weak spot in the armour. We hear women say so often now-a-days, "It isn't my back I could stand the work fine." The reason for that sore back is the kidneys and nothing else. The remedy is Gin Pills. Just try one box and see how soon the pain in the back is relieved, and tired, swollen joints in the hands and feet are reduced.

Constipation is the usual running mate with Kidney and Bladder Trouble—Gin Pills will relieve both in short order. If not we refund your money. Sample free if you write National Drug and Chemical Company of Canada, Limited, Toronto.

At the regular monthly meeting of the Board of Health yesterday afternoon leave of absence was granted to Dr. G. G. Melvin, chief district health officer, who will leave on Tuesday for Montreal where he is to read a paper at the meeting of the Canadian Medical Association on Medical Inspection in Schools.

Treason's Twilight Zone

Aid and comfort to our German enemy assume a peculiarly insidious and subtle form, as we are warned by leading papers in various parts of the country, by the attempts of certain journals to confuse the minds of the people in the United States about its motives in entering the war, and to implant seeds of suspicion and distrust concerning the Allies of the United States.

On this subject the Chicago Herald very clearly and strongly says, "It's about time for the ham-stringers that are lurking in the tall grass and the saboteurs who are trying to throw monkey-wrenches into the war machinery, to shut off and up or look for unpleasant consequences."

In THE LITERARY DIGEST for June 9th, the leading article discusses from all angles this new kind of German propaganda which the St. Louis Post-Dispatch notes is found not so much in the German-language press, as in certain English-language newspapers in German communities.

This is only one article among many which will be of unusual interest to the Canadian reading public. Other topics are:

An Exceedingly Interesting Collection of Illustrations

A Mental Tonic That Ensures Breadth of Vision

Even the best and most broad-minded of us, if we live constantly in one place, meet the same people, and pursue the same round of daily duties and pleasures, are apt to become parochial, to miss the wide sweep of the winds of thought and progress that blow about the earth. Thus situated, we need some mental tonic, some invigorating stimulus from without to bring us into harmony with the onward march of events. And such a tonic, such a vitalizing

stimulus every one of us may obtain in THE LITERARY DIGEST, which clarifies one's news-impressions, corrects one's world-perspective, and gradually develops in one's mind a sane philosophy of current history. It gives you the news of all countries on all subjects, impartially and interestingly, and indulges in no personal preachments. Clean, sane and clear-visioned, it puts you in weekly touch with the throbbing life of the world. Make trial of it today.
