## AMUSEMENTS IMPERIAL OPENS WEEK WITH STRONG PROGRAMME

Rae Eleanor Ball Receives Unstinted Plaudits — "Rector's at Seven" a Fun-Provoker

One would have thought that Rae Eleanor Ball was making her initial bow to the people of St. John, judging from the unstinted plaudits showered her at Imperial Theatre yesterday afternoon and evening when she entered upon her second and final week in violin music. If anything, her choice of selections was more acceptable than the previous groups although all of them have been truly delightful. She commenced her list with the opening movement of Lalo's Spanish Symphony—brilliant technical and peculiarly melodious. The next number was one of Hubert's including the well-known Humoresque, Meditation from Thais and a little bit of that well-known number The Fortune Teller. The encore offering was dear old Killarney and still the people would not be satisfied, forcing Miss Ball to respond with numerous bows.

Rector's at Seven was the name of a three-part Vitaphone Broadway feature introducing such fun-provoking talent as Kate Price, Hughie Mack, Ann Laughlin and others—a merry mix-up of husbands and wives at the well-known cafe in gay New York. The Animated Weekly included pictures of the British war, which passed through St. John last week; English troops at St. Paul's Cathedral; the world's fastest motor crafts; raising the ill-fated Eastland, and lady swimmers in competition. Are You a Mason? In the way of light comedy, this is one of the tremendous successes of the American stage and Mr. Barrymore is an ideal player to assume the character of Frank Perry, the dashing young man of exuberant spirits, who squirms out of a merry escape by telling his wife that he was joining the Masons.

## WARM GREETING FOR THE MUSICAL COMEDY

Empire Company Return With The Amusing Experiences of Izzy

A large audience greeted the Empire Musical Comedy Company on their return engagement, which opened in the Opera House yesterday. The company, which was a varied one, consisting of a farcical comedy entitled "Izzy From Ireland," which was accompanied with a musical number, and a dramatic scene entitled "A Night in the Slums of Paris." The farce was amusing. Izzy sprang some witticisms which created prolonged laughter. The musical number, a dancing number introduced during the action of the comedy was well received. The most popular were "The Little Grey Mother" and "Little Bit of Heaven," sung by Dick Stead. He earned well merited applause from the audience. ## IMPRESSIVE PICTURE AT THE LYRIC THEATRE

"The White Terror" Tells in Dramatic Manner Truths of the Anti-Tuberculosis Campaign

Another distinct triumph was recorded at the Lyric Theatre yesterday when the Universal Co. presented their wonderful, truth play, "The White Terror," a four-part feature showing in a wonderfully convincing manner the unsanitary conditions under which some of us exist and the result thereof.

The story treats of a successful attempt to expose the wrongs perpetrated through the placing of patent medicines on the market warranted to cure tuberculosis. One of the interesting points in the picture is the war waged between

## HOW YOU MAY REDUCE YOUR WEIGHT

Overstoutness is a very unwelcome condition especially in the present day, when slender figures are so fashionable, and every reader of this paper has noticed the tendency of some people to put on an excessive amount of fat.

If you happen to be one of those whose weight is more than it should be, don't try to starve yourself, eat all you want, but go to your druggist and get oil of orline in capsule form. It is sold only in original sealed packages. Any good druggist has it, or a large size box will be sent on receipt of \$1.00. Address D. J. Little Drug Co., Box 1240, Montreal, Can.

## PARALYSED AND HELPLESS

Prominent Merchant Restored to Health by "Fruit-a-lives"

Bristol (N. B.), July 28th, 1914.  
"I had a stroke of Paralysis in March, and this left me unable to walk or help myself and the Constipation was terrible. Finally, I took 'Fruit-a-lives' for the Constipation. This fruit medicine gradually toned up the nerves and actually relieved the paralysis. By the use of 'Fruit-a-lives' I grew stronger until all the palsy left me. I am now well and attend my store every day."  
ALVA PHILLIPS.

Fruit Juice is nature's own remedy and 'Fruit-a-lives' is made from fruit juice. A box, 6 for \$2.50, trial size 25c. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

The manufacturers and the press. An additional human interest has been added by having the son of the idle rich who is in love with the daughter of the manufacturer, on her suggestion that he seek to make life profitable by the attempting of doing something worth while buys out the newspaper that is attacking the manufacturer of tuberculosis medicine on the strength of some startling information he has received concerning the horrors of the factories where the medicine is made.

The climax of the story is reached after the acceptance of the manufacturer has had the newspaper office blown up, which is a spectacular and novel scene well worked out. A very commendable feature of the play is the moral it points in such a manner that none can help but be impressed and that impression becomes lodged in the mind of the spectator because of the force and fidelity to facts exploited. It is a picture that to see will breed good results. The star of the production is Allen Holubar, a well-known dramatic actor, and in the role of the young millionaire gives a finished artistic performance. He is supported by other foremost players of the University Co. The settings represent considerable study on the part of the director the factor and laboratory scenes being particularly well presented.

A bright merry comedy number, Right off the Reel, is an additional feature on the programme. Harry Kelly, an Irish comedian, gave much enjoyment and enhanced the value of the bill greatly by his songs and stories which are "put over" with a number that easily denotes cleverness and ability. Same programme today, entire change Thursday.

## RECENT DEATHS

The death of Mrs. Mary Louise McNicol occurred yesterday at the residence of her daughter, Mrs. J. H. Robertson, 74 Elliot row. The deceased lady, who was 79 years of age, was, before her marriage, Miss McCoy, of Fredericton. She was an only daughter, and her only surviving relative, Mrs. Robertson. Mrs. McNicol had a large circle of friends who will hear of her death with sincere regret.

The death of Arthur G. Brown, aged twenty-eight years, occurred on Sunday at the home of his parents, Mr. and Mrs. John Brown, St. George. He was employed for a time in St. John, where he was formerly Miss Jennie McGee, belongs.

Mrs. Annie A. Wickwire, aged seventy-one years, after an illness of about four years, passed away yesterday at her home in Canning, N. S. She was a daughter of the late James Lawton, formerly of St. John, and is survived by two sons and two daughters. One of the sons was in St. John last winter, Capt. F. W. Wickwire, now in England with the Army Service Corps.

The death of Otis Brewster occurred recently at Harvey, Albert County, N. B. He was working on top of a load of hay when death seized him.

## MOTHER GETS CROSS WHICH WAS MADE FOR GALLANT SON

Gift Presented to Mother of Heroic Aviator Warfield

Mrs. Corkery, mother of the late Sub-Lieutenant Warfield, who brought down a German Zeppelin, has received a replica in jewels of the Cross of the French Legion of Honor awarded to him by the French government. The gift is from workers who had helped to make the aviator's life in which he was flying at the time of his gallant deed. The white enamel of the cross is replaced by diamonds, the green part by emeralds, and the red by rubies. The workers proposed to present the cross to the aviator, but his death came before this could be done. The subscribers therefore decided to present it to his mother.

## MORNING NEWS OVER THE WIRES

Todd C. Woodworth, one of the horse buyers in Nova Scotia last year, has notified David Davidson, commissioner, that he will return from the United States to testify.

Remains found in the burner of the Buckley mill in Chatham indicate that a man had been cremated and this is believed to be the explanation of the disappearance of George Handley on Tuesday last. It is supposed he accidentally fell into the burner.

President Falconer of the University of Toronto, has been made honorary colonel of the university contingent going to the front.

Lieutenant Colonel A. P. Sherwood, commissioner of the dominion police, has been granted the full rank of colonel.

a corner, afraid to place his life in jeopardy by interfering. For more than fifteen minutes the two convicts cut and slashed and stabbed each other, and not until a half dozen keepers broke an iron bar the men had placed across the door, inside the cell, did the fighting cease, when the two convicts were forcibly dragged apart.

As the result of the duel, John De Augustina of Cumberland County is dead, having succumbed two hours later to a stab wound in the liver, and Joseph Ferraro of Middlesex County, is dying with a deep cut in one of his lungs.

Antonio Macella of Hudson County, the prisoner who witnessed the fighting was so frightened as to be unable to tell the county authorities much about it. It appears there had been a blood feud between Ferraro and De Augustina for several days. They quarreled in one of the shops and it is believed that each man then secreted a knife on his person. Soon after midnight Macella heard the men begin to quarrel, and their cell and then rushed at each other with drawn knives.

## WOULD NOT ALLOW MERGER OF BANKS

Ottawa, Aug. 24.—With regard to the tentative proposals for the amalgamation of the Royal Bank and the Bank of Hamilton, which have been placed before him, the minister of finance says that after giving the matter very careful consideration he had reached the conclusion that, as both the banks in question are strong, favorably known and well established institutions, and are actual and potential competitive factors in the Canadian banking field, it would not be in the public interest that he should give the consent required from him under the terms of the bank act, and the parties have been notified accordingly.

## Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedies after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

## CHEMICAL EXPOSITION AN IMPORTANT EVENT

First National Affair of The Kind to be Held in New York Next Month

New York, Aug. 24.—For the first time in the history of America there will be given at Grand Central Palace, beginning on September 20, a public exposition of the work and products of the chemical industries of the United States. The general public will be largely attracted and interested because not only will there be lectures and motion pictures every day explaining and showing the wonders of science but actual live exhibits and working models. Valuable information will be disseminated which the public mind is sure to absorb and use later in connection with investments, tariff legislation and more important than all, national defense, is interesting to note that the Department of Commerce, Washington, D. C., will have an elaborate exhibit of resources and possibilities.

Among the interesting things that everyone can see and learn about at Grand Central Palace are the manufacture of aniline dyes, beads, hard rubber, pyrometers, phenolic condensation and chlorine substitution products, vacuum drying, seamless one-piece products, bakelite, sulphur burners, quartz thermometers, filters, enamels, iron ware, acetylene, caffeine, chloral hydrate, saccharin, distilling, centrifugals, zinc, South American possibilities, X-rays, the manufacture of chocolate, dynamite, farming, potash, asphalt, explosives, gases and so on ad infinitum.

An ingenious Worcester girl who ran out of shoe polish used as a substitute stove polish which gave a shine in which she could see her reflection. On several occasions she has also painted her shoes to match her gowns.
