

ENLARGED HOME OF INCURABLES IS BOARD HOPE

Every Dollar Possible Put in Capital Account for This Object

FUNDS NOW SHOW TOTAL OF \$177,381

This Year Is 25th Anniversary—Reports at Annual Meeting Today.

Reports prepared for the annual meeting of the subscribers of the Home for Incurables, this afternoon stated that the financial affairs of the institution were in good condition, that the demands upon the home continued and that there was ever present the necessity for more accommodation. The board of management was looking to the day when the financial condition would permit of enlargement of the building and that applications for admission might find favorable attention. The receipts of the last year, it was reported, had fallen over \$2,000 below those of the previous 12 months but the money on hand amounted now to \$177,381.12. Every dollar that could be spared from current account, all donations and bequests were being added to the capital account, with the view of enlarging the work.

BOARD OF MANAGEMENT
J. S. Gregory's report as president, on behalf of the board of management reported as follows:—
Members of your Board to the best of their ability have ministered to the needs of the patients under their care, and have pleasure in advising that all matters in connection with the management of the home during the year have been highly satisfactory.

We again place on the records, our appreciation of the goodness and kindness of generous friends who have assisted and aided this good work. On July 1, 1924, there were 30 patients in the home, 13 men and 17 women. July 1, 1925, there were 31 patients, 15 men and 16 women. During the year 12 applications for admission have been considered by the board, six have been admitted, five men and one woman, one person left. There were four deaths, two men and two women.

Twelve regular meetings were held in the year. The financial condition of the home is most satisfactory, as will fully appear in the treasurer's report. The matron and nursing staff have cheerfully performed their many duties, faithfully and efficiently.

We are greatly indebted to the medical staff, the clergy and the choir in the different churches, and the Women's Aid Committee, for valuable services, for which we desire to express our gratitude and thanks.

The continuing usefulness of the Home for Incurables is ever present. Often expression is given to the hope that in the near future a way may be present to warrant the building of an addition to the home to meet the demand for increased accommodation. Your board also recognizes the need of increased funds, and wishes to make known to all interested in public welfare work, that every dollar that can be spared from current account, all donations of money and all bequests, are being added to the capital account for the express purpose of enlarging the work of this splendid institution, that this year enters upon its 25th anniversary of service, a service worthy of support.

FINANCIAL REPORT
F. B. Ellis, treasurer, reported as follows:—
The bequests of the year totalled \$1,089.08 of which \$1,000 came from the estate of the late Henry Gallagher, \$79.08 from Philip Ferguson and \$10 from the heirs of Archibald Tappley. These additions to our capital fund are most welcome. An enlargement of the home opportunities is ever in mind and some incidents of the year have impressed very strongly the desirability of greater accommodation.

The receipts of the year are more than \$2,000 less than in the previous

WOMEN'S AID REPORT

Miss Lillian Hasen, as secretary of the Women's Aid Committee reported as follows:—
In making the usual routine of the work of the Women's Aid it is gratifying to mention the cheerful and contented atmosphere prevailing in the home. The efforts of your committee to assist the board of management in its noble work have been carried on as ever, with zeal and faithful attention to the welfare of those entrusted to the care of this great-hearted charity.

The usual Sunday services have been arranged for and attended by members of the aid and their friends. Sincere gratitude is felt to the clergy of Saint John and its vicinity who, with the assistance of their choir, carry on this ministry of love and consolation from year to year. Sometimes a beautiful solo is rendered, or a duet; the coming of a boy choir, with its young life, is always an event. Another special interest was the visit of a missionary from China with much to tell, and show, of work in a far off land. Thanks are due to the Rev. H. A. Cody who conducted a week-day evening service at the home for the greater part of the year.

SPECIAL DAYS

In accordance with the usual custom special pleasures were arranged for the festive seasons of the year. At Thanksgiving, fruit, cake and ice cream were enjoyed. The Christmas tree, decorated with lights and decorations, while bright baskets and packages contained gifts and sweets for everyone, and a delightful programme of music rendered by kind friends added greatly to the pleasure of the day. Plentiful holiday fare graced the Christmas and New Year's dinners. At Easter, ice cream and cake, fruits and charming baskets of candy were much appreciated. In addition to these yearly observances we had a number of happy little occasions provided by thoughtful and kindly friends to vary the monotony of hospital life. Two beautiful concerts given by the City Cornet Band and St. Mary's Band, were looked upon as great events, and how keenly enjoyed! Musical treats were arranged for by the ladies of the various churches, and entertainment especially provided by the Good Cheer Circle of the King's Daughters, while the ever-delectable ice cream has been often supplied. The patients reported having had "a lovely time."

With grateful appreciation we acknowledge the kind assistance of these and other warm-hearted friends in carrying on the work of the institution, than which there can be no more noble philanthropy.

"Kingshurst," the beautiful Rothney estate of Mr. and Mrs. William S. Allison, was the scene of a most successful and brilliant event yesterday afternoon when the Duke of Rothesay chapter, Imperial Order of the Daughters of the Empire, of which Mrs. Hugh Campbell is regent, held their annual garden fête and bridge. Nearly two hundred guests were present. Bridge was played on the verandah and under the great shade trees on the lawn. The glorious sunshine and the beautiful gay colored frocks worn by the ladies, against the restful back ground of green trees and shrubs presented a very delightful scene. Garden flowers in profusion were used for decoration in the house, and effectively arranged on the tea tables, which were presided over by Mrs. Helen Vroom, regent of the Municipal Chapter, Mrs. L. P. D. Tully, regent of the deMonto Chapter, and Mrs. J. E. Angering, Mrs. DeB. Carritte.

A retaining wall must be replaced by a new one at the home in St. David street and other repairs must be done before the cold weather. It is for this purpose that the money has been raised just now, for the Annual Rescue League members have made it a rule to have the money in hand for any project so that there may be no debt to add to their many cares. The money needed just now is \$700. More will be needed later and other plans will be devised to raise the money.
