

GIN REPLACED BY SALT WATER

Three Hundred Cases Shipped from Holland Changed Nature During Transit—Seeks Aero Rum Runner.

New York, Nov. 28.—Three hundred cases of gin and Deftford gin shipped from Holland on the steamship Rotterdam in September of last year to McKesson and Robbins, druggists, turned to salt water before it was finally withdrawn from bond and delivered to the drug concern in October of this year, it was announced by Gus J. Simons, Chief Federal Prohibition Enforcement Agent for that state. The discovery of the substitution of the salt water for the gin was made

MONCTON LADY SAYS DRECO IS GREAT

Overcame Constipation, Roused Her Sluggish Liver and Built Up Her System in General.

"This new medicine, Dreco, is great and gets my hearty recommendation," declares Mrs. Robert Cook, 92 High Street, Moncton, N. B.

"I have suffered a long time with stomach troubles, sluggish liver, constipation, poor appetite and general run-down condition of the system. I have tried numerous tonics and medicines, too numerous to mention, but none of them have done me any good. I had a talk with the Dreco expert, who advised me to try Dreco and it is the only medicine that has helped me. I strongly recommend it to anyone who is troubled as I was."

Dreco is composed of the juices and extracts of many different roots, herbs, barks and leaves, which act on the stomach, liver, kidneys, bowels and purifies the blood. It relieves constipation, prevents gas forming in the stomach, increases the appetite, insures sound refreshing sleep, banishes carthart of the head and takes the pain out of rheumatic joints.

Dreco, being a combination of the juices and extracts of herbal plants, combines very readily with the juices of the stomach, and that is why its action is so prompt and so positive.

Go today to Ross Drug Co., St. John, and ask for Mr. Ranson, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you.

Dreco is also sold in other cities as follows: Moncton—Geo. O. Spencer. St. Stephen—Clark's Drug Store. Woodstock—Newman & Sillip. Fredericton—Dibble's Drug Store, Ltd.

Washington, Nov. 28.—Signor Giuseppe Bignoli, 104 East Fourteenth street, New York City, who is 80 years old, 5 feet 2 inches high and weighs seventy pounds, and says he made a fortune as a backseat rider with Ringling Brothers & Barnum & Bailey's circus, will marry Miss Dreco O. Thompson, 17 years old, who stands 4 feet and also weighs seventy pounds.

The ceremony will be performed by the Rev. E. Hos Swann, a Baptist clergyman. After a honeymoon the couple will sail for Bignoli's home in Italy to remain there until the circus season opens again. Miss Thompson's home is at 802 H. street Northwest, this city.

PASSED SECOND READING. The British House of Commons passed the second reading of the Irish constitution bill last night without division and after a debate lasting only one sitting. The fact that the Conservative party, which always disapproved the granting of any form of self-government to Ireland, is now piloting the bill through parliament is one of the strangest vagaries of political fate. For two generations the Conservative party has opposed the granting of any of the Irish demands for self-government.

BIG SEIZURE IS MADE AT PICTOU

Officers Seize Forty-five Gallons of Rum in Refrigerator Car.

Pictou, N. S., Nov. 28.—Provincial Constable Tom Scott of New Glasgow and N. S. T. A. Inspector David Heighon of Pictou last week seized forty-five gallons of rum from a refrigerator car in the freight shed of the C. N. R. The rum was contained in four barrels, twenty gallons in one, ten gallons each in two, and five gallons in the fourth. A fifth barrel which was in the car contained salt. The rum has been stored in a cell in the town jail and would appear to be pretty safe, as it has a lock put on by Scott and another put on by instruction of the Mayor.

The barrels in which the rum was stored were addressed to "John D. Turner, Pictou," came by the S. S. Magellan, and it is presumed that the liquor came over from Charlottetown by the Magellan, and was put in the car, which was sealed when the officers went to search it.

There is no such person in Pictou as John D. Turner.

GETS \$750 VERDICT. New York, Nov. 28.—Louis E. Hirsch, music composer, won a verdict of \$750 in Justice Isidor Wasservogel's part of the Supreme Court for his ejection from the Polo Grounds on May 20, were made to prevent gamblers from operating. Mr. Hirsch said he had changed his seat twice, once when the Yankees and Detroit. The defendant in the suit was the American

League Baseball Club of New York (The Yankees). On hearing the verdict Mr. Hirsch said: "I am glad I have been vindicated. I shall contribute the money to various charities—the Actors' Fund, the Jewish Relief Drive, the Red Cross, the Salvation Army and others."

The baseball club's representatives said Mr. Hirsch had changed his seat several times in violation of rules which from the Polo Grounds on May 20, were made to prevent gamblers from operating. Mr. Hirsch said he had changed his seat twice, once when the Yankees and Detroit. The defendant in the suit was the American

Hall's Wine Protects You

THERE is grave danger in cold and damp; they penetrate the tissues and carry with them chill and disease germs.

Don't take chances, but protect yourself with a course of Hall's Wine. It gives you added strength to resist disease and throw off chill. The success of Hall's Wine as a safeguard against disease is wonderful; many owe immunity from influenza and other weather dangers to its timely aid. Hall's Wine enriches and renews the blood, soothes and strengthens tired nerves, gives energy and zest to the overworked and worried, and its good is lasting—it is more than a tonic.

Hall's Wine

THE SUPREME TONIC RESTORATIVE

Read this letter just received from a doctor: "In a case I had recently of influenza I found Hall's Wine acted as a wonderful restorative. Having watched results, and consequently having proved its worth, I shall invariably feel it my duty to recommend it."

Why Corns?

Just say

Blue-jay

to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in thin plasters. The action is the same.

Skating on C.C.M. Chrome Nickel Steel Is Exhilarating

As one enthusiastic skater said: "Skating on C. C. M. Automobile Skates is just like flying. You glide along with hardly an effort."

Much of this exhilarating difference is the result of the steel used.

C. C. M. Automobile Skates are made of Special Chrome Nickel Steel as used in the costliest motor cars and the finest edge tools.

This steel takes a hard, keen, knife-like edge that grips the ice so you get full power out of every stroke. And it glides along the ice with marvelous ease and swiftness.

While hard as glass on the outside C. C. M. Skates are not brittle. The ingenious C. C. M. heat-treatment leaves an interior "core" of tough steel, that makes C. C. M. Skates practically unbreakable.

You've maybe skated on your old skates a long time now. Why not put on a pair of C. C. M. Skates and enjoy the thrill of skating on Special Chrome Nickel Steel?
