ARNST LOSES CHAMPIONSHIP

D'Arcy Hadfield World's Premier Oarsman.

Plans for the Lake Placid Diamond Trophy Skating Championship are announced—N. B. Curling Bouspiel at Fredericton—Late Sport News.

Wargani, N. Z., Jan. 5.—D'Arcy Hadfield won the world's sculling championship from Richard Arnst over a 2 1/2 and one-fourth mile course on the Wanganui River. Hadfield won by six lengths. His time was 19 minutes 46 seconds.

For Diamond Trophy.

Lake Placid, N. Y., Jan. 5.—Distances and conditions under which the Lake Placid Diamond Trophy Championship, new skating event of world-wide interest, recently sanctioned by the International Skating Union of America, will be skated here February 9, 10 and 11, following the United States national and international, and the Canadian skating events at St. John, N. B., are announced. The distances include the 200 and 400 yard dashes, the one-half mile, three-quarters mile, one mile and three miles.

Those skaters who were highest point winners at the last preceding United States National, the Canadian National and the International Amateur Outdoor Speed Skating Championships are eligible to compete in the Lake Placid Diamond Trophy Championship event. The amateur speed skating champions of other countries including national or international open championship events under conditions similar to the American International will be declared eligible.

On the same dates as the Diamond Trophy Championship will be the Lake Placid Silver Cup Competition, the details of which are soon to be announced. This event is open to all amateur skaters in good standing who are not eligible to compete for the Diamond Trophy.

Inquiries concerning the Diamond Trophy Championship are now being received from points throughout the Eastern, Middle West and Western States in this country and from principal Canadian centres.

Curling Bouspiel.

Fredericton, N. B., Jan. 5.—The Fredericton Curling Club have decided to hold the proposed New Brunswick bond issue in Fredericton and January 17, 18 and 19, have been used as the Lake Placid trophy, indicative of the curling championship of New Brunswick, will be competed for and it is expected that about 120 curlers will be here.

The following clubs have signified their intention of competing in the championship: Bathurst, Newcastle, Chatham, Sackville, Moncton, St. Stephen, Thickett, Carleton and St. Andrew's of St. John, and Fredericton.

St. John in Marysville.

Fredericton, N. B., Jan. 5.—The western section of the N. B. and P. E. I. Amateur Hockey Association will meet this evening with the St. John Hockey Club opposing Marysville in the Arctic rink. Captain Irvine Wade announced his line-up for Marysville as follows: Goal, Titus; point, Mark Wade; cover, Edgar Wade; wing, Clarence Wade; forward, Brewster centre, I. Wade (captain); subs, Miller, C. Wade, Hanson, "Bingo" Harrison and Lee Harrison.

Credit to "Red" Stuart.

Montreal, Jan. 5.—"Red" Stuart, former maritime province hockey star, was the shining light in last night's National Hockey League match, in which St. Patrick's defeated the Ottawa Senators, champions of the world, according to the general consensus of sporting opinion. Jackson, another maritime player on the substitute list of the Irish, did not get a chance to play. The Toronto Globe says:

"To 'Red' Stuart, one time star of maritime province hockey, must go the vast amount of the credit for the great defence man turned in the greatest game of his career, and, after starting throughout, scored the winning goal forty-five seconds before the final whistle blew.

It is the rule rather than the exception that the C. H. A. senior teams provide the keenest competition in the land, but for once the professionals must be given at least an equal edge in this department, as both teams threw everything they had into their play and cut out a withering, killing pace that had the fans amazed. They kept it up, too, until the bitter end, but with St. Pat's gradually falling near the close. Stuart's rush, however, came at an opportune time, when the visitors were having a big edge on the play and appeared almost certain of victory. It was the consensus of opinion that it was the most thrilling and best played game seen here in the last two years.

NEW BRUNSWICK BOND ISSUE

Probably for a Million and a Half Dollars.

Two Moncton Delegations Heard by Government in Fredericton—February 28 or March 2 for Opening of Session of Legislature.

(Canadian Press.)

Fredericton, N. B., Jan. 5.—New Brunswick, it was said today, would probably soon make an issue of \$1,600,000 of bonds. The funds, Premier Foster said, were for expenditures for the development of electric power, and had not been authorized by the legislature in the act dealing with hydro-electric development. Whether the bonds will bear 5 1/2 or 6 per cent interest, and whether they will be short or more extended term bonds, the premier said, would probably be decided by the government tomorrow.

Two delegations from Moncton were heard by the government last night. A. E. Triton, president of the Moncton Co-operative Creamery, Limited, headed one delegation asking for financial assistance for the company to extend the scope of its work, suggesting a loan or guarantee of bonds of \$10,000 or \$15,000.

Algerman Stone headed a civic delegation asking the government to take steps to assist unemployment in Moncton, suggesting that the government should make a further allotment to that city from the housing act funds and also assist a project for the erection of a modern, large public market in that city. No decision has been reached as yet in either matter, consideration being promised.

Because of a meeting at St. John tomorrow when hydro-electric matters will be discussed by representatives of the city of St. John and the New Brunswick Power Company with Premier Foster and the members of the provincial hydro-electric commission, it is not expected that the meeting of the government will extend longer than today.

Thursday, Feb. 25, was named today by Premier Foster as the probable date for the opening of the New Brunswick legislature. He said that the legislature would not open earlier than that date, but intimated there might be a delay until Thursday, March 2. Either one of these dates, he said, seemed certain.

So far no decision has been reached as to whether to hold by-elections before the session to fill the three vacant seats.

TO GIVE HON. MR. MEIGHEN A SEAT.

A. C. Casselman, M. P. for Grenville, who has been appointed to a non-political position in the department of soldiers' Civil Re-establishment at a salary of \$50 per month. He automatically vacates a seat in the House upon appointment to a salaried position under the Crown. Mr. Casselman was elected by a majority of over 2,000 and re-elected in order to give Hon. Mr. Meighen a constituency.

On Way to Ottawa.

San Francisco, Jan. 5.—Tamahekechi Ohta, appointed consul general at Ottawa by the Japanese government, is here today on his way to the Canadian capital. He will succeed S. Shimizu, who has been transferred to Peru.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbeam, "I saw today a long list of names of married men with families, who are out of work and would be glad to get anything to do. Some of them have been idle for a long time."

"I don't mind that," said Hiram. "Now if they were to get a job to break a wheel or steal something they'd get a good warm bed and three meals a day till spring, and you people 'ud pay the bill without a kick. Ain't it queer how things works out? I'll bet a big apple tree's money enough in this town 'nough work that could be done to keep them from being idle all winter. I'll bet they wouldn't ask for no war-wages, neither—seem' that it's a case of work or go hungry. Minkers' ain't so bad for a man, or a woman as it is for the kids. It's too bad if they've got to go hungry, everybody that had money 'ud lend a little work they wanted done it 'ud be a real Christian act—yes, sir."

COASTER GOES UNDER TRAIN

Hamilton Roy Has Amazing Experience on His Sled.

Hamilton, Ont., Jan. 5.—Three young boys, all of Mount Hamilton, confirmed a report that on Tuesday afternoon one of their playmates, Roger McLean, while sledding down Kerr's Mountain, near the east end of the city, ran directly underneath a G. T. R. freight train and was none the worse for his thrilling experience. "I was riding a sled by inches it's certain, as down-bound trains travel fast at this point."

MONCTON READY IF ST. JOHN DOES NOT WANT POWER

Fredericton, N. B., Jan. 5.—Members of the Hydro-Electric Commission prepared a report on progress of work to the government today. It showed that the survey for the transmission of power from St. John to Moncton will be completed within several days. "If St. John doesn't want the power Moncton will gladly use it," said Hon. Charles Stewart, minister of the interior, arrived in Fredericton yesterday from Ottawa. The elevation of Mr. McLean to the senate clears the way for Hon. James Munkittrick to obtain an Ontario seat. Writs will probably be issued soon for a by-election in Kent.

But is Off.

Milwaukee, Wis., Jan. 5.—The proposed boxing bout between Johnny Dundee and Benny Leonard tentatively set for Jan. 12, is off. The club failed to obtain the date from the boxing commission.

Britton to Meet Perry.

New York, Jan. 5.—Jack Britton has signed a list of harbor facilities and a document sent forth in detail the particulars regarding coastal defence, which he will discuss with the British government today. The document sets forth in detail the agreement to build no submarines except by the consent of the British government, and to convert the British fleet to the regulation of civil communication by air, assume or arbitrate share of the British debt to make loans, and agree to endow no religion, and arrange for the election of a provisional government for the island.

Makes Treaty Men Anxious.

Dublin, Jan. 5.—An astensionment produced in the Dail Eireann by Eamon De Valera's sudden production of his alternative proposals for the peace treaty, and his announced determination to move them as an amendment to the treaty at today's session, has turned into anxiety over the probable effect of this move on the further proceedings in the Dail.

De Valera's right to move his proposals as an amendment has been challenged and a critical division today may occur on the motion to enable him to carry out his plan. His opponents declare he must reserve his alternative proposal until the Dail has given a direct vote on the treaty.

Supporters of ratification express themselves as deeply chagrined at the turn affairs have taken. Some see in De Valera's action an attempt to rally the extreme republicans to his side, while others prefer to regard it as the last desperate effort of a leader who sees his power slipping from his grasp.

De Valera Attacked.

Meanwhile strong condemnatory comment appears in the Dublin newspapers. An editorial in the Freeman's Journal this morning reads: "Those who hoped De Valera would spare Ireland the ordeal of a factional fight over his absurd Document No. 8 are to be disappointed. The Irish people will find no justification in his public."

Dail Meeting Was At Once Adjourned

Time to Discuss Proposals of De Valera.

Dail Member Sees Treaty Defeated By Two Majority

London, Jan. 5.—J. J. Walsh, member of the Dail Eireann, is quoted in a Central News despatch from Dublin today as saying in a statement: "It can definitely be stated that, as the position stands, the treaty will be defeated by at least two votes."

Postponement Until This Afternoon Regarded as Hopeful Sign—Collins' Idea to be Pressed—Terms of the De Valera Document—Irish Press Attacks Him—London Times Man Kidnapped

Dublin, Jan. 5.—The Dail Eireann met this morning and immediately adjourned until three p. m.

The adjournment was to give the members an opportunity of discussing the situation created by the presentation of Mr. De Valera's alternative proposals. It was regarded by many observers of the proceedings as a hopeful situation. The Irish people must stand up for their freedom by giving their fate into the hands of their own countrymen."

One member of the Dail said soon after the adjournment: "An effort would be made to reach an agreement on the plan proposed the other day by the British government. The terms of the treaty should abstain from voting and permit the treaty to pass."

When the Dail met William Cosgrave rose to protest against a letter he said had been sent on behalf of the Sinn Fein to Dublin business leaders asking for the loan of the largest available Union Jack to float beside the green flag over the university building until the Dail is now sitting, when the treaty was ratified. He said the Dail was in the university building by courtesy of the British government, and that the Dail was chancellor.

"Document No. 3."

De Valera's proposal is—That the legislature, executive and judicial authority of Ireland shall be derived solely from the people of Ireland. That for the purpose of common concern Ireland shall be divided into counties, and that the British commonwealth shall include defence, peace, war, political treaties and all matters new treated as of common concern among the states of the British commonwealth, and that in these matters there shall be no separate representation of the British commonwealth, such concerted action founded on consultation as the several governments may determine.

That when acting as an associate the rights and privileges of Ireland shall in no respect be less than those enjoyed by another constituent state of the British commonwealth, and that the British commonwealth shall include defence, peace, war, political treaties and all matters new treated as of common concern among the states of the British commonwealth, and that in these matters there shall be no separate representation of the British commonwealth, such concerted action founded on consultation as the several governments may determine.

That in virtue of this association of Ireland with the status of the British commonwealth, the different states in any of these states shall not be subject to any disabilities which a citizen of one of the constituent states of the British commonwealth would not be subject to, and reciprocally for the citizens of these states in Ireland.

To Recognize King George.

That for the purpose of the association, Ireland shall recognize His Britannic Majesty as head of the association. That, so far as her resources permit, Ireland will provide for her own defence, by sea, land and air, shall rely by force any attempt by a foreign power to violate the integrity of her soil or territorial waters, or to use them for any purpose hostile to Great Britain and Ireland, or to use them for the purpose of a list harbor facilities and a document sent forth in detail the particulars regarding coastal defence, which he will discuss with the British government today.

The document sets forth in detail the agreement to build no submarines except by the consent of the British government, and to convert the British fleet to the regulation of civil communication by air, assume or arbitrate share of the British debt to make loans, and agree to endow no religion, and arrange for the election of a provisional government for the island.

An annex names Berehaven, Queenstown, Belfast and Lough Swilly as harbors for coastal defence by air.

A resolution added to the document expresses willingness to grant the north-east of Ireland, after expressing their regrets, not less substantial than those provided for in the document signed at London on Dec. 6.

EMERGENCY FUND TO CREATE WORK

Move Made in Council to Assess for \$35,000.

City to Consider Tri-partite Agreement and Take It Up With Government—Manufacturer's Appeal—Protest Against Wooden Dwelling in Charlotte Street—Wharf Contract Signed.

The matter of the creation of an emergency fund of about \$35,000 to provide work for the unemployed who are not affected by plans already made by the city, was introduced by Mayor Schofield at a committee meeting of the common council this morning. No action was taken, but the matter will be further considered when the 1922 budget is taken up.

Mayor Schofield moved that a fund to be called an emergency fund not to exceed \$35,000, be created and placed at the disposal of the mayor, but any amount exceeding \$200 to be paid out only subject to the approval of the common council or committee of the whole, and that the commissioner of finance and public affairs be empowered to make arrangements for amounting to the amount until the funds are collected.

The mayor explained that this amount was intended to provide work for men not taken care of through bond issue and the regular appropriation.

He was of the opinion that this would carry the situation through the winter and if it was found that the whole amount was not used, it would go into general revenue.

Mr. Bullock was of the opinion that it would be better to let the law into his pocket and be taxed for and authorize the commissioner of finance to raise any further amount necessary and assess for it next year.

It was decided to have the matter stand over to be discussed with the appropriations.

Dr. Frink said that during the last year the sum of \$4,000 was spent in three days. He said if the present storm continued a large amount would be expended.

Tri-Partite Agreement.

Commissioner Bullock reported that, in consequence of the gap between Partridge Island and the Negro Point breakwater being left open piling outside the north wing of the breakwater, the breakwater had been torn away during the storm on Sunday and three piling in the same place had been broken. He said that the present storm continued a large amount would be expended.

Two Days' Work A WEEK IN THE DOMINION MINES

Sydney, N. S., Jan. 5.—Pending a settlement of the wage dispute between the Dominion Coal Company and its employees the "five" mines of the company, that is, those which are operating at present, will be continued on a two day a week basis, said H. J. McCann, assistant general manager last night.

Police Threaten STRIKE WHEN THE PRINCE ARRIVES

London, Jan. 5.—Members of the city police union of Madras, India, are threatening a strike upon the arrival of the Prince of Wales there next week, says a despatch to the London Times. The policemen are reviving their claims for better treatment of the union members and are threatening to refuse to accept their January pay as a protest against their alleged grievances.

The police force was unionized a year ago when the Duke of Connaught was expected to visit Madras. They then demanded better pay and better prospects for the subordinate ranks. For a few days a strike seemed imminent, but the pay was increased, their other demands granted and the trouble subsided.

A TRIP THAT WAS ABANDONED.

Three young girls last night started for Halifax on the 6.10 train. The father of one of the girls, a juvenile, heard of the exploit, and on a request from him the police stepped in and made her leave the train. She refused to return home at first, but after spending a little time at the Central Station evidently thought better of it and went back. Her two companions left the train at Hampton and returned to the city on the 8.30 o'clock suburban.

GAZETTE'S FOR ROGERS' PLAN

Montreal Paper on the Conservative Party—Hon. Mr. Stewart on Way to Ottawa.

(Canadian Press.)

Montreal, Jan. 5.—Commenting on Hon. Robert Rogers' advocacy of an "early convention of Conservatives of the real old stock to set their house in order," the Gazette says: "This is good, timely advice, the observance of which is, probably, essential to the perpetuation of the historic party which laid the main pillars of the superstructure. We have already expressed the opinion that the party which appealed last month to the election of the national Liberal and Conservative party ought to be re-baptized."

Edmonton, Jan. 5.—Hon. Charles Stewart, minister of the interior, arrived in Edmonton yesterday from Ottawa. So far, he announces, he has not made any direct plans for obtaining a seat in his native province. His great Monton will gladly use it," said Hon. Charles Stewart, minister of the interior, arrived in Fredericton yesterday from Ottawa. The elevation of Mr. McLean to the senate clears the way for Hon. James Munkittrick to obtain an Ontario seat. Writs will probably be issued soon for a by-election in Kent.

Ottawa, Jan. 5.—Official announcement of the appointment of A. B. McGee, member for Kent, Ont., to the senate vacancy caused by the death of Hon. T. W. Crothers, was made today. The elevation of Mr. McGee to the senate clears the way for Hon. James Munkittrick to obtain an Ontario seat. Writs will probably be issued soon for a by-election in Kent.

N. S. SCHOONER BURNED AT SEA

Seven Rescued from Ruby L. Pantz—Was Racing Vessel.

Boston, Jan. 5.—The rescue of seven men from the Nova Scotia schooner Ruby L. Pantz, while their vessel was in a radiogram believed to have been sent out by the tank steamer Snakogone from Turks Island, for La Havre, N. S., was destroyed, so the message indicated. The position given was in the vicinity of Bermuda.

Halifax, Jan. 5.—The Ruby L. Pantz, raced in the first N. S. fishing schooner race in 1920. Following the race, her captain, Calvin Lohmes, was drowned when he was struck and knocked overboard by the vessel's mainsail.

The Pantz was built at Shelburne, N. S., in 1919 and is registered at Halifax.

Boston, Jan. 5.—The stranding of an unidentified fishing schooner in the south side of Nantucket was made known in radio messages received here today.
