LOCAL NEWS

RECEPTION FOR PASTOR. The ladies' auxiliary of Portland Methodist church held a meeting last night to arrange a reception, he tendered the new pastor of the church, Rev. H. R. Clark.

RAILWAY OFFICIAL. W. K. Kingsland, assistant general manager of the C. N. R., arrived in the city this morning from Moncton and left this afternoon on the Valley Railway for Quebec. He was accompanied by Mr. Stewart, chief engineer of the C. N. R. New Brunswick district, who is en route to Toronto to succeed C. B. Brown as chief engineer in that district.

POLICE COURT. In the police court this morning Charles Kennedy, who was arrested yesterday afternoon in Main street by Inspector J. C. Henderson, was charged with having liquor in his possession other than in his private dwelling. He pleaded guilty and a fine of \$50 was imposed. E. S. Ritchie acted for the defence. Three persons, one of whom was a colored person, charged with drunkenness, pleaded guilty and were fined \$8 each for two months in jail.

NEW INSTRUCTOR AT Y. M. C. I. NAMED. Ernest Stirling is appointed to promote Physical Interests of Young Men.

Ernest Stirling, one of the best marathon runners in eastern Canada, and who still takes a keen interest in all lines of sport, has been appointed physical instructor of the Y. M. C. I., succeeding Joe McNamara of Boston. His appointment was confirmed at a meeting of the board of directors held last evening.

Mr. Stirling is a popular young man and has a host of friends who will wish him success in his new undertaking. He will take over his new duties on next Monday. He has been with Manchester, Robertson & Allison, Ltd., for some time.

Mr. Stirling is one of the best known athletes in the maritime provinces, and has participated in marathons in Moncton, Chatham, Charlottetown, Amherst, Pictou, Windsor, Yarmouth and other places. His first race was in 1908, when he entered a marathon race from Brookville to Scribner's corner. In this, his initial event, he finished third, A. W. Atkinson of Mount Allison University winning the event, and Jerry Stubbs of Halifax second honors.

What is conceded to be his greatest endurance feat was performed in Halifax in 1908 when he competed against Hans Holmer, who later developed into one of the greatest marathon runners of the world. On that occasion he forced Holmer right to the tape and a new record was hung up on the wall. The race was run in the third mile event when he drove Holmer to hang up another marathon record of 15 minutes and 30 seconds, which still holds. That same afternoon he completed the Ross of Halifax in half-mile race which was won by the latter in the remarkable time of 1 minute and 46 seconds. Later he met Ross on the B. and A. grounds in this city, and Ross won by inches in the half mile in 2 minutes and 2 seconds. The time for the mile race was 4 minutes and 40 seconds. Mr. Stirling is a 4 mile runner. One of his greatest long distance runs was when he met Leonard of Dartmouth, N. S., in a ten mile marathon, which was started beyond Robesay and ended in the B. and A. grounds. The time for this race was 25 minutes and 30 seconds, and the two runners finishing two yards apart in 24 minutes and 46 seconds. Mr. Stirling also met Freddie Cameron, who won the Boston Marathon, and was conceded to be a great marathoner. On June 7, 1907 he met Cameron in Amherst in a five mile race, and in addition defeated him by establishing a new marathon record for the distance—25 minutes and 39 seconds.

For years Mr. Stirling held the middle-distance championship of the maritime provinces, namely from one to ten miles, and several times participated in the Halifax Herald race. In 1908 he went to Winnipeg and competed in the Canadian championships. The mile was won by the title holder, Jack Tait, who broke the tape in 4 minutes and 29 seconds, with Chuck Speer right at his shoulder, Harold Knox just behind and Stirling almost abreast of him. It was a "hot" race, and was conceded to be a great race. This year Ernie tried a "come back," and despite the fact that he had been out of the game for some years finished second in the Olympic try-outs held at Charlottetown.

Morrison, property in Sussex. W. B. Dobbin to Aaron Dobbin, property in Robesay. Nastas LeBlanc to W. E. Golding, property in Westfield. Heirs of Anderson Neal to Howard Neal, property in Westfield.

HOW TO VOTE

In voting on Saturday score out the names of those for whom you do not wish to vote. Do it with black ink or a black lead pencil. On the city ballot there will be four names to score out, and on the county ballot two names. Thus, if you are voting the government ticket in the city you will score out all but these names: W. E. Foster, W. F. Roberts, W. E. Scully, R. T. Hayes.

Voters for the government ticket in the county will score out all but the names of: A. F. Bentley, M. L. Curren.

It would be perfectly legal to write a ballot containing the names of the candidates for whom you wished to vote, but it must be on white paper and written in black ink or black lead pencil. No other color will do. Only one ballot must be cast. In a former election some persons scored out two names on one ballot and two on another, and put in the two ballots. They had to be thrown out.

The simple way is to take a ballot on which are the names you do not wish to vote, for those which you do wish to vote.

A LADY WHO KNEW HAD LAST WORD

How Mrs. E. Atherton Smith Turned the Tables at St. Andrews.

An interesting story comes from St. Andrews concerning the nomination day proceedings. The opposition was out in force to heckle the government candidates and make it appear that public sentiment was overwhelmingly against the government.

Under ordinary rules the former members should have spoken first, to give an account of their stewardship, but this was reversed to give Dr. Taylor the last word.

It was a woman who got the last word. After the doctor had charged the government with not getting enough stampage, and had denounced the health act and all the acts of the government, amid the uproarious applause of his followers, Mrs. E. Atherton Smith rose and mildly asked the chairman if she, as a voter for the first time, might ask Dr. Taylor a question.

The request was granted and Mrs. Smith with engaging mildness asked Dr. Taylor what stampage his government had charged. She finally got him to admit it was \$130, as compared with \$5 year was \$244,000, and this year under the Foster government it will be \$1,500,000 or more. Still pursuing her quest for information Mrs. Smith blandly inquired if it were not true that the government of what kind of a public health organization was a member did not try to make \$130 the rate of stampage for ten years. By this time the doctor was in need of a tonic, but Mrs. Smith went on to tell what kind of a public health organization which Leader Baxter of the opposition, when only seven deaths were registered in a year. Truly, she said, the former members of the health board in Charlotte county as published in a government bluebook only to find that the chairman had died five years and the secretary in the United States for an even longer period.

It was somewhere along about this time that Dr. Taylor felt a desire for fresh air. The lady got the last word, and the tables were neatly turned.

FINE MEETING AT LOCH LOMOND

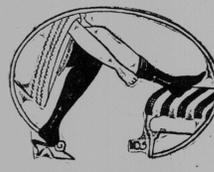

Mr. Bentley, Doctor Curren and Other Speakers Address Enthusiastic Gathering.

A large and enthusiastic meeting in the interests of the government candidates for St. John county was held last night in the Agricultural Hall, Loch Lomond. Beside the candidates the speakers were William M. Ryan and Leonard A. Conlon. Able addresses were delivered by all the speakers. Mr. Ryan made an able appeal for good citizenship and clean hallolating. Dr. L. M. Curren called up in imagination the representatives of the Foster government on one hand and the representatives of the opposition on the other hand, and questioned each as to what he had done in the past, what he proposed to do in future, and the ground upon which he appealed to the electors for support. He made his audience the jury to decide upon the merits of the answers. This forefetal method was followed by the audience with keenest interest. He exposed the fine rock purchase at Brookville and the quality of the product, and in an attempt to compare the price per acre of a farm of 116 acres with the purchase of 13 acres of solid farmland close to the railway. He had visited the plant on Monday morning and was able to place before his audience the fullest vindication of Hon. Mr. Tweeddale's plan to furnish cheap lime to the agriculturist. He emphasized how hard up were the opposition for arguments to bolster up a weak cause. A. F. Bentley followed and received a very fine reception. Although the audience were seated for more than three hours the interest was maintained at the highest pitch. L. A. Conlon addressed the meeting, and in a few well chosen words gave his reasons for supporting the Foster administration. The meeting closed with the National Anthem and three rousing cheers for Premier Foster and the candidates appealing for support in his interests.

MACAULAY BROS. & CO., LIMITED
