watch repairs go to Huggard, 67 Peter  
street. (Seven years in Walrus  
Watch factory.) 7-2

"Whiskers" was the title of a pretty  
little play performed at Aphogau under  
the auspices of Hampton Court Chapter  
of the L. O. D. E. Among those who  
took part were Stephen C. Matthews of  
St. John, Miss Kathleen March, Master  
Cedric Taylor and Miss Howard. The  
chaperones were Mrs. M. H. Parley,  
Mrs. R. G. Flewelling, Mrs. Harold  
Taylor and Mrs. Lloyd. The receipts  
amounted to \$85 for patriotic work.

There is a strong feeling in new  
Japan, and this, with the taking over of 60  
per cent of the Indian crop by the Brit-  
ish government, leaves a very limited  
supply of tea to meet the general needs.  
There is a very strong impression pre-  
vailing in the trade therefore that it is  
only a matter of time before another  
advance in tea will become a necessity.  
There is a very strong market indeed  
for spices. Cloves have reached phenom-  
enal prices on the New York market,  
owing to scarcity of stocks. While pep-  
per is also very scarce and is ranging  
higher in price.

In tea there is the rather unusual sit-  
uation of a very strong primary market  
with a sluggish local demand. The con-  
ditions are, of course, the result of the  
recently imposed tax upon tea. While  
it is not believed that this tax has pro-  
duced any advance for any length of time,  
there is a stronger feeling in sugar,  
and one company, the Atlantic Sugar  
Refineries, have advanced their prices 10  
cents. This advance has been made nec-  
essary by the increased costs of produc-  
tion, which include the increased freight  
rates imposed in the United States and the  
constantly advancing item of ex-  
change. This is the only company that  
advances its prices at the present time,  
and there is no present indication that  
any of the other low quotations will be  
advanced.

There is a strong demand for cereals,  
and this, with the taking over of 60  
per cent of the Indian crop by the Brit-  
ish government, leaves a very limited  
supply of tea to meet the general needs.  
There is a very strong impression pre-  
vailing in the trade therefore that it is
