

DOWLING BROS. The Largest Retail Distributors of Ladies' Coats, Suits and Blouses in the Maritime Provinces.

Ladies' New Suits AND Coats For Spring

Striking originality characterizes the new spring styles in Coats and Suits. A glance at some of the new models reveals the radical nature of the new vogue.

It is a change that makes for greater novelty, more fanciful styles, and in some instances more striking extremes.

Among the fascinating styles in the Coats are: "The Balmocan," "The New Sport," "The Slip On," and the much talked of "Flaring Coat."

The Suits are so varied in style that it is difficult to describe them in type, but you must see them.

LOCAL NEWS

NEW CITIZENS Registrar J. B. Jones for the last week reports 17 births of which 10 were females, and also 10 marriages.

DELAYED BY STORM An Express special passed through the city at 8.50 this morning, although it was scheduled to have gone through about 8.40 o'clock. The heavy snow-storm held the train back. It carried about 200 passengers for Halifax.

SIXTEEN BIRTHS At the board of health offices this week sixteen deaths were registered from the following causes: Malignant disease of neck, broncho-pneumonia, pneumonia, typhoid fever, diphtheria, endocarditis, and pneumonia, one each; apoplexy, phthisis, and senility, two each, and infantile three deaths.

MISSION BAND CONCERT. The intermediate and junior mission bands of Calvin Presbyterian church gave a concert in the school room of the church last evening, under the direction of Mrs. J. Semple and Mrs. H. Steele, assisted by Mrs. Beasley and Miss Beest-Hill. The attendance was large and a very pleasing programme was carried out.

THE BRIDGE COMPANY PREPARES FOR WORK

Start on Steel Superstructure Will Be Made at Early Date - News of Fairville and Vicinity

Trouble occurred on the Douglas Avenue street car service last evening and passengers were transferred to cars running on the other track. This morning another car was derailed near Bentley street, and Fairville people coming city-ward were obliged to walk as far as the scene of the accident and then pick up a car. This state of affairs was only temporary and soon the regular schedule was being adhered to.

The smaller lights on the back streets of Fairville refused duty for a considerable time last evening and, as the walking was bad, caused more or less inconvenience.

The actual coming of the steel company to the scene of their future labors at the bridge is regarded generally as a hopeful sign that the work will be rushed as soon as the spring opens up. An office is being built on the Fairville side for the engineer in charge and it looks as though the steel company means to get down to business.

There is still no indication of the illuminated signs for street cars being tried out in Fairville where it is badly needed, and the matter is one that the board of trade may take up with the assured sympathy of all Fairville residents.

THE STEAMERS

Allan Liner Ionian was due to sail from Glasgow for Boston via Halifax today.

The Manchester Spinner will sail tonight or tomorrow morning for Philadelphia where she will discharge the balance of her cargo and load for Manchester.

The Manchester Shipper is due to sail this evening for Manchester direct with general cargo, including deals, flour and 183,000 bushels of grain.

The Manchester Commerce is due to leave Halifax tomorrow afternoon for St. John.

Donaldson Liner Cassaparra sailed this morning from Glasgow for St. John direct with 105 cabin and 74 third class passengers.

Canadian Liner Acadia, bound for Halifax, was 180 miles east of Sable Island this morning at 6.50 o'clock.

The City of Sydney passed Sable Island this morning at four o'clock on her way to Halifax.

The Royal mail steamer, Royal Edward, of the Canadian Northern Steamship Co., P. M. Wotton, R. N. R. commander, arrived at Bristol on Wednesday, March 4, at 10 p. m.

Steamer Campanile, bound for Halifax, was 180 miles east of Sable Island this morning at 7 o'clock.

AGED MAN JOKES WITH OPERATING SURGEONS

Declines Anaesthetics While His Appendix Is Being Removed - Eighty Eight Years Old and Never Ill Before

Davidson, Mich., March 7.—Although he is 88 years old, and was never ill before in his life, when Abram Snyder was confined to his bed by appendicitis he didn't give up hope. Instead, he sent for physicians, secured anaesthetics, watched the removal of his appendix with great interest, joked the doctors about the sharpness of their knives, and today is able to make his way about his room with assistance.

Despite the age of the patient, and the shock to his system by his refusal to sleep during the first time he was in the hands of surgeons, the operation is complete success. The operation was performed several weeks ago.

Mr. Snyder was born in the West Victoria district of Canada, January 1, 1826. He was married January 28, 1848, to Jane Atkinson of the same place. With his wife he came to Michigan in 1851, remained two years, went back to Canada and returned to Michigan in 1853, residing in Davidson township continuously since. His wife died December 19, 1902. Mr. Snyder has worked hard all of his life and to this he attributes his good health.

INSIDES ON WRONG SIDES

Elkins, W. Va., March 7.—When surgeons operated on Mrs. Laura Cassel, of Widdell, at the hospital here today, they found her internal organization just the reverse of that of all other normal human beings.

She was operated on for appendicitis, and her appendix was found to be on the left side instead of the right. It was also found the spleen was on the right side instead of the left, the liver on the left side, and, strangest of all, the heart was on the right side. Surgeons stated that the woman would recover.

REAL ESTATE SHOWS GREATER ACTIVITY

Transfers in City and County— Building Boom on Douglas Avenue—Belgian Buys Queens County Farm

Transfers of freehold properties have taken place as follows: Andrew and Mary E. Collins to Fen-ton L. & B. Co., property in Lancaster, Brasilia McLean, to W. T. Miller, property in Lancaster.

John Porter, Jr., to Gertrude E. Driscoll, property in Sheffield street. F. J. and Margaret Foster to Annie Mullin, widow, property in Paddock street.

St. John Real Estate Co. to J. G. Laize, property in Pitt street. Mary A. Sheffield, widow, to W. H. Thorne et al, property in Princess street.

W. H. Thorne to J. G. Harrison, property in Paddock street. Transfers of leasehold property have been registered as follows: J. H. Crockett to his wife, Emma C., property in Simonds street.

Edward Higgins, to J. MacNamara, property in Old Westmorland Road. J. A. Hughes to J. T. S. Akerley, property in Victoria street.

Freehold transfers have taken place in Kings county as follows: Heirs of H. E. Leskey to His Majesty the King, property at Kingston. W. M. Roberts to Mary A. Roberts, property at Rothesay.

The extension of the water and sewerage facilities to the end of Douglas Avenue is expected to cause a building boom in that district this year. The avenue has been built up almost solidly to the place where the facilities formerly ended and now that modern conveniences will be available, it is expected that the rest of the street will soon be covered with houses. Already plans are being drawn for several new buildings and also for a church building.

Alfred Burley & Co. report the sale of the Tilley Parker farm at Cumberland Bay, Queens County. This property consists of 200 acres with good house and two barns, also other out-buildings. It is a nice level property, free from stones, but has not been properly cultivated for some time. The purchaser is Jacob Van Doorslaere of Belgium. Mr. Van Doorslaere came to this country in May last and has been working in the mines at Sydney, N. S., until last week. He is a practical farmer and has a grown-up family to assist him. They take possession of the property on Monday next.

PLANS COMPLETED FOR NEW \$3,000,000 MILL AT BATHURST

Construction of Fifty-ton Sulphite Pulp Plant to be Started at Once—A. G. McIntyre of St. John Will be Manager

The Bathurst Lumber Company of Bathurst, N. B., announce that they have completed plans for the erection of a fifty-ton sulphite pulpmill at Bathurst. Work on this undertaking is to be started at once, and it is announced that by May 1, 1915, paper makers will be able to purchase for the first time a domestic product of the highest grade, cook-bleached mitcherlich sulphite fibre.

The mills will be operated under the name of the Bathurst Pulp & Paper Company, Limited, with a capitalization of \$3,000,000. Angus McLean, general manager of the Bathurst Lumber Company, will be president of the new company, while A. G. McIntyre, editor of the Pulp and Paper Magazine, and superintendent of the Forest Product Laboratories, a recent graduate of McGill University, son of Rev. W. E. McIntyre, of this city, will be the manager.

It is proposed to make a thirty-six hour cook sulphite and bleached electrolytically a grade of paper that is in great demand in the country and heretofore a quality that had to be imported from the United States.

The mill is to be situated on Bathurst harbor and the Nepisiquit and Tegauche rivers, which empty here, contributing materially to the economical operation of the plant, which is also favored by the vicinity of adequate transportation advantages and a good labor market. The Bathurst Lumber Company owns 2,800 square miles of limits extending from the plant itself.

QUINCY FIRE CHIEF WAS ST. JOHN MAN

News of the death of a former St. John man, Daniel J. Nyhan, district chief of the fire department of Quincy, Mass., received in the city recently, was heard with regret by many friends. He had been a resident of the states for the greater part of his life and had been a valued member of the Quincy fire department for twenty-five years, occupying the position of chief for much of that time. Relatives in St. John are John Dever, his step-father, of Chesley street, a half-sister, Miss Annie Dever, and a half-brother, Alfred L. Dever, who was in Quincy for the funeral.

The Quincy papers describe the funeral as one of the largest ever held there, besides being most impressive. The body was borne from the church of the Sacred Heart through long lines of firemen and the age of the late respected chief was told on all the fire bells of the city. Delegations from other fire departments in neighboring centres were present, and the cortege was representative of all classes of citizens by whom Fire Chief Nyhan was held in high esteem.

EVANGELISTIC MEETINGS

Rev. Frank Lamb came in on the Boston train today. Mr. Lamb will be remembered, was the singer who worked with Rev. Arthur Smith during the evangelistic campaign held here four years ago, and he made many friends at that time. He will be engaged in evangelistic work with the Main Street Baptist church, North End, during the next three weeks and will sing at both services tomorrow.
