SAY HE HAS STOLEN \$10,000

Berlin, July 15.—A former clerk of the Imperial German Bank is believed to be on his way to the United States, after having falsified a director's signature to the amount of \$10,000. He is thought to be a passenger on the steamer Imperator. The German government has requested the New York authorities to arrest him.

LOTTERY SWINDLE

\$250,000 in Prizes Offered as Against Many Millions in Tickets.

London, June 15.—A curious lottery case was heard before Mr. Justice Colridge two days ago at the Devon Assizes.

Henry James Houston, William Twyford Dixon, and Charles Henry Towler, advertising agents, were indicted for conspiring to publish a scheme for the sale of tickets in a lottery called the "John Bull Derby Sweepstake, 1914," between January 1, 1913, and April 30, 1914. They pleaded guilty to distributing circulars and tickets, but not to originating the scheme.

Mr. Foote, K. C., for the crown, said he did not allege that the defendants originated the scheme, but that they conspired to carry it through. If the tickets printed by one firm alone had been sold, the sum of \$7,500,000 would have been realized. The prizes to be distributed totalled only \$250,000, about 3 per cent. of the total.

Lord Colridge said the unsatisfactory part of the case was that he had not before him the real culprits. The object of the prosecution was to stop this "gross and palpable swindle." He thought justice would be met by binding over Dixon and Towler in £500 on their own recognizances. Houston, who was nearer the actual swindlers, and employed other men, would be fined £200 and would have to pay the costs of the prosecution, both here and in the lower courts.

YUKON FOXES SURE
Sure to Be Bigger Demand.

As is to be expected, Prince Edward Island foxes are much hunted and physically weakened by years of inbreeding. If sterility is to be avoided, new blood must be introduced, and only by crossing with the larger and more vigorous Yukon animals, can this be accomplished. Hence to the ranch raiser, Yukon fox with his strong body and virile blood the eastern fur farmers look for relief and insurance against the dreaded fatal danger of sterility which the violation of nature's laws invariably produce.

As The Colwell Fur Farms, Ltd., have adopted the most improved methods, the losses experienced by the first Prince Edward Island ranches will not be suffered by them, and as their animals can be bought at prices many times lower than eastern markets, their profits should eclipse all other records, and by reason of a constant and large supply of fresh stock, their opportunity for the selective

Where Shall I Invest My Money?

This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends. The Silver Black Fox Industry in P. E. Island has made thousands of investors wealthy. In 1913 alone, 30 companies paid to their shareholders an average cash dividend of 105 p. c. Is there any other industry that would do this? 1914 dividends will be even greater than before. Now is the time to invest. Send in your application today to the

St. Lawrence Silver Black Fox Co., Ltd.
Head Office—Charlottetown, P. E. Island

FOXES CAPITALIZED AT \$17,000 PER PAIR

This capitalization included all expenses for the first year up to September 1, 1913. In other words, the breeding stock will be ranches, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders. Instead of paying the 10 per cent to 15 per cent. increase charge paid to most ranches this money will go directly into the pocket of the investor.

Your Investment is Protected

Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment. The best breeding stock has been secured and one of the strongest, safest and most convenient ranches yet established is being erected and equipped.

AMAZING! INSPIRING!
The Crucifix of Eternal Light.

This is not an ordinary crucifix. It is a print lithograph or other kind of picture. This crucifix is a beautiful and marvellous work of art. The corpus or figure is made in imitation of marble, standing in relief like statuary, richly finished and unbreakable. The cross is eight inches wide and fifteen inches high, substantially made and finished in ebony. The body of this figure is made and coated by a wonderful and secret process. With this marvellous coating the figure absorbs the rays of light when exposed to daylight. When the crucifix is placed in a dark place, these rays shine forth showing the figure in strong relief, bathed in purple light, representing the glorified body. The effect is startling, amazing, inspiring. The lumination continues throughout the night, or for the same length of time it has been exposed to the light. The darker the room the better the effect. In order to introduce this marvellous work quickly, we offer a limited number for the ridiculously low price of \$2.50. Send us a postal and our agent will call and demonstrate. The Music, Artists Guild, St. John, N. B. Agents wanted.

Miscalculation
Mrs. Williams objected strongly to the late hours her husband frequently kept. One night he came home even later than usual, and when he went to the sleeping room he heard his wife snoring. Quickly sitting down at the baby's cradle he began to rock it vigorously. Mrs. Williams awoke and said—"Charles, it's very late isn't it? What are you doing there?" "I've been more than long enough to get the baby to sleep," said Charles calmly, but rocking the cradle vigorously. "Oh, have you?" inquired his wife. "Why, I've got him here in bed with me."

Head Office—Charlottetown, P. E. Island

The History of The Industry

If you inquire, you will find that the majority of rich men in P. E. Island have made their money in the Fox Industry, which, while yet in its infancy, shows the probability of making a great many more rich men. This being the case, you should not let this opportunity of increasing the earning powers of your money pass without giving it your careful consideration.

Directors ARE Reliable Men

This is a most important feature when you consider that these are the men that you must look to for a square deal. Read the list over carefully and you will certainly conclude that an investment here is as safe with better prospects than money in the bank. This Company has only a limited amount of stock for sale. Secure yours today. This is a gilt-edge proposition.
