

A GOOD PLACE TO BUY GOOD CLOTHES

Gilmour's New Spring Overcoats

The new line is now here. It is a good line, embodying, we believe, more points of superiority than has been displayed even in the best of our past season's offerings.

This is because the designers' art and the tailors' craft are developing.

Constant effort plus experience have enabled the producers of these elegant overcoats to give us something that stands out prominently above the commonplace, and our garments will mark the wearer as a distinctly well-dressed man.

At \$12.00 to \$27.50, we have black, gray and Scotch effects, many of them silk-lined or silk-lined, and in several models based on the standard Chesterfield.

We invite you to see them while they are at their best.

LEGISLATURE WILL ADJOURN AFTER TRIBUTE TO MEMBER

Premier Hazen to Speak on Death of Thomas Robinson, M. P. P.—Fredericton Horsemen Fined

(Special Times)

Fredericton, N. B., March 6—News of the death of Thomas Robinson, M. P. P. for York was received with great regret by his friends here. He had been a member of the municipal council for fifteen years and served terms as warden. He was twice a candidate for the legislature and was returned at the election three years ago. Premier Hazen will pay a tribute to him this afternoon after which the house will adjourn as a mark of respect to his memory.

Several horse fanciers were fined in the police court this morning for fast driving in the public streets.

Mrs. Hannah Ramsay of Maryville, fell near her home this morning and fractured her wrist.

This is nomination day for the city election and consequently there is considerable activity among the civic politicians. Up to noon those who had filed papers were Ald. Mitchell and R. T. Baird in Wellington ward; Ald. Vanarsdale and Ald. West and Edward Moore in St. Ann's, and Ald. Walker in Carleton. It is thought there will be no contest in ward with the possible exception of Kings.

BOOTS AND SHOES ABOUT SAME; PRICE OF RUBBERS LOWER

Messrs Hayes and Rising Home After Visit to Upper Canada Markets

Alderman R. T. Hayes and E. L. Rising returned home on Saturday after their semi-annual buying trip to Montreal and Toronto. Alderman Hayes said that the chief topic of conversation among shoe men was the recent merger of the Ames Hoiden McCready companies. It was thought that the merger would have an effect, however, on the price of shoes. As present the price of leather goods was about the same. There had been no advance and there seemed little prospect of a decline. The new price list of rubbers had been sent out and the prices were very much lower than they had been and in spite of the fact that, though rubber declined from \$1.80 to \$1.15, it was now back at the former figure.

The Montreal Star, in referring to the new merger of the Ames, Hoiden-McCready Co., says the issue of \$2,500,000 of preferred stock, was more than twice over-subscribed. The new enterprise is valued at the outset \$1,000,000; \$2,500,000, 7 per cent, preferred, and \$3,500,000 common stock.

C.P.R. WORK ON NEW PROPERTY AS SOON AS FROST PERMITS

The C. P. R. will start the erection of their new warehouses on the recently acquired property at the head of the harbor, as soon as the frost is out of the ground. The new property will be used for the storage of lumber and other goods, and will be built in a few weeks, so as to get an early start on the building, as they are anxious to get into their own warehouses where they will be better able to handle their freight than under the present conditions in the I. C. R. sheds.

The growing business of the railway here has made the erection of new and larger sheds a necessity. The list of appropriations for work on the Atlantic division this year is unusually large and includes repairs, new bridges, sidings, ballasting, heavier rails in place of some now in use, and generally putting the road and equipment in first-class shape.

TO CONSIDER ASKING SIFTON TO RESIGN

Brandon, Man., March 6—(Canadian Press)—An executive meeting of the Liberal Association will be held to consider asking Hon. Clifford Sifton's resignation. It is also proposed to adopt resolutions setting forth the feeling with regard to the resignation.

Ottawa, March 6—"Everything I heard while in Washington seemed to indicate that the reciprocity bill will pass at the special session of the United States Congress called for April 4, by President Taft," said John G. Foster, United States consul general this morning.

anyway, and so he had put on an exorbitant figure.

The chairman said when he had agreed to the sewer he had no idea that the engineer wanted a ten foot right-of-way. He thought they should consider it further before recommending such a large expenditure.

Ald. Russell—"I suppose there is no telling, Mr. Engineer, what this sewer will cost?"

Engineer—"We can't tell until we find out what the land damages will be."

Ald. Sifton—"I think we had better send it to the council and run the risk of it being sent back."

Ald. White said he had felt all along that no alderman would really vote for an expenditure of \$7,000, even for this work as it was not worth such a figure. "There is something behind all this that urges the aldermen to a little activity just at this time," he said. "Some people from the sewer to the harbor. There were thought all they had to say was, 'Gentlemen, \$12,000 for this sewer or we cut your throats.'"

He thought the matter ought to be further considered before making a recommendation.

The chairman said he would not agree to spending any \$10,000 or \$12,000 on this sewer, even if his aldermanic head did come off.

Ald. Sifton thought they had better let the recommendation go to the council.

The matter then dropped.

The engineer wished to have some 300 more copies of his annual reports printed. This was agreed to and the meeting adjourned.

T. H. Estabrook left for Montreal last evening.
