Biggest Upset In Aquatic History When Coast Star Equals World Mark

Along the Sport Trail

By RAY HANSEN

THE JINX wins out and the much heralded hockey match between the St. Johns and Sussex has had to be postponed. When the members of the league executive were drawing up the schedule they should have realized that Friday the thirteenth was no night to try to play a game or stage any kind of a match. It is no wonder athletes are superstitious. Just when everything was all set for the big feature along comes a heavy fog and the ice starts going up in steam. It is a safe bet that now the game is cancelled a cold wave will come along. Such is the irony of fate. Murray Jarvis, the local hockey magnate, thought he could outwit any jinx and conceived an idea that by getting 13 men on the team's roster and digging up a red headed youngster, who was 13 years of age and born on the thirteenth of some month to act as mascot, he would safeguard his team and send Mr. Hard Luck into his opponents' dug out. However, this should be a warning to him never to attempt to offset the inevitable. There is only one person who has no fear of the thirteenth and that is one born on that date.

GEORGE FOWLER did a "home again, away again stunt" this week. He returned to the city last Monday unheralded after winning signal honors at the Canadian National and International speed skating championships in Toronto and at Saranac Lake. His father was one of the most surprised men in the city when he saw his boy. He had planned on sending him to Lake Placid and had forwarded money with Bernard O'Connor to tide him over. While the latter was enroute to Lake Placid George started for home. There was only one thing to do and Mr. Fowler acted promptly. "Pack up and beat it" were his instructions and forthwith George set off to clean up more honors in the big skating classic. St. John fans will be glad to learn that George is going to clean up. He is the Canadian title holder, International indoor champion and runner up for the International outdoor title—some record for a youngster.

JACK DEMPSEY'S wedding has caused a stir in boxing circles in the States. The heavyweight champion's future in the ring, according to some of the leading sport writers, depends on the attitude that his wife will take and they are eagerly awaiting the "show-down." They are already passing out condolences to Jack Kearns, manager of the champion, and point out that it is the first time since he pledged partnership with Dempsey that the ban has been lifted. Heretofore Kearns coaxed boxers into the ring and his charge knocked them out of it. The entry of his bride, they predict, will make a decided change and some predict that Jack's next big battle will be over the breakfast table when he starts advancing arguments in a hope to return to his first love—the ring. Dempsey has announced that he will meet any of the leading contenders at an early date, but whether or not his marriage with the erstwhile movie star will cause him to change his mind remains to be seen. If he does decide to retire Tex Rickard should have no trouble arranging an elimination contest between Gibbons, Wills and one or two promising contenders.

GROVER CLEVELAND ALEXANDER, veteran pitcher of the Chicago Cubs, has signed his contract for the coming season. This will be his fifteenth year in the majors and he is still quite effective. It will be recalled that last year he won 12 and lost 6 games. In 1923 he established a record for control when he worked 51 complete innings without issuing a base on balls. In 1920 he compiled an average of 1.91 for the season. During the season of 1922 he only gave 30 passes. A few years ago Alexander was the star of the older circuit, but time is taking its toll and many wonder how he will make out this season. He expects to leave for the south in a few days to start conditioning. He was always a heady pitcher and did not depend on speed. As a result he may still have something up his sleeve and win a good percentage of his games for the Cubs.

Banff Boy Wins Strongheart Trophy With Team of Mongrels

BANFF, Alta., Feb. 13.—Mushing behind a team of six mongrel dogs, led by Nippigon, half wolf and half bull dog, Harry Knight, 18-year-old Banff boy, won the Strongheart trophy for the second consecutive year when he arrived at Banff at 3 o'clock Wednesday afternoon after making the 80 mile run from Calgary to Banff in 11 hours and 48 minutes. Ike Mills, Banff, driving his famous team of "All Blacks," including two dogs from the winning post derby team, was a quarter of a mile behind Knight. Mills was leading the Derby until his lead dog, Nigger fell ill with hemorrhage, 3 1/2 miles from Banff. He then substituted one of his Pas dogs which ran away with him down the side of the rocky mountain and allowed his youthful competitor to pass him before he reached the finish line. The experiment of running a dog Derby across the mountains had a most exciting finish. One thousand Calgary fans who had come to Banff on a C. P. special, lined the sides of Banff avenues and cheered wildly as the first team swung down out of the mountain on to the Bow Valley. The dogs, with tongues flapping, trotted angrily from one side of the street to the other. Half scared of the noise which they did not understand. When they reached the finishing line they dropped to the ground, wagged their tails and seemed to quiver quite well that their strenuous task had been completed. During the next hour three other mushers arrived at the tape. They were Fred Pepper, Banff; A. L. Allison, Kootenay, B. C., and James Boise, Banff. If young Knight wins the Strongheart trophy again next year, he will come into possession of this \$500 cup, given by the owner of the famous movie dog.

FAVORS CHANGE IN BIG GAME SEASON

Carleton County Association Will Petition Government to Protect Moose and Deer. WOODSTOCK, N. B., Feb. 12.—New Brunswick's open season for deer and moose will begin on October 15 and close November 30, if a resolution adopted by the Carleton County Fish and Game Association is accepted by the Provincial Government.

Want Close Season.

The Carleton County Association also ask that the bounty on wild cats be increased and recommends a close season for partridge and woodcock in 1925. An amendment to the Fisheries Game Act, providing for the prohibition of the sale of trout, and legislation to provide that all portable mills erected near lakes and streams install cut-overs for the burning of all refuse, are urged by the Carleton County Association.

Want Game Preserve.

The Government was congratulated on having established two game preserves. The Carleton county branch desires a refuge established in southern New Brunswick, at some suitable place between the western shore of the St. John River and the St. Croix River. It is believed there is ample crown land between these points to establish a refuge that would greatly benefit the hunting in adjoining territory, and would not cause serious interference with any person's rights.

Wonderful Performance.

We Are Getting Repeat Orders

The sight of men who ordered clothes from us nearly a year ago coming back for their second suit is both pleasant and significant. It shows the clothes made by the Triple C Tailors stand up to the test of time and that the price is powerful. After all, if you can't tailor clothes that hold their shape without shrink in all weathers and keep true to color, why what's the use? The shockingly low price of Triple C Tailoring forced us to give better qualities than the average tailor. Our low price actually excited suspicion. However, when we produced cloths of an extra standard in quality, all doubts disappeared. The only fear then was about the framework and fit. On that score, we feel we have justified our existence. You get a crackerjack suit made to measure.

YOUNG GIRL WINS SWIMMING RACE IN RECORD TIME

Defeats Ethel Lackie and Gertrude Ederle Of New York

ST. AUGUSTINE, Fla., Feb. 13.—One of the biggest upsets in swimming history was recorded in the Alcazar Pool here this week when Miss Eleanor Garratt, a 15-year-old girl representing San Rafael, Cal., won the 50-yard title at the opening of the national indoor door championships. Miss Garratt outswam the best mermaids in the country and in the final she led home Miss Ethel Lackie and Miss Gertrude Ederle, both of the Women's Swimming Association, New York City, who finished in that order.

A Dead Heat

It was in reality a dead heat running of the final, for the first running of the final resulted in one of those rarities in any athletic competition—a three-cornered dead heat—with the Misses Garratt, Lackie and Ederle touching the finish mark at exactly the same moment.

The dead heat required a swim-off and Miss Garratt touched a fraction of a second before Miss Lackie, who was a foot in advance of Miss Ederle. The time of the final was 0:28.4-5, which equals the world's record for the conditions—a 50-yard race in a 90-foot tank. Victory Unexpected.

The young California girl's victory was most unexpected by the big gallery, which thought New York's Olympic mermaids unbeatable. It was Miss Garratt's first appearance in a national championship and her first big competitive effort in a little more than a month's competition. Miss Garratt started swimming last August, taking up the sport on the advice of her physician. In her first race she won a 50-yard event in 0:30.1-5, which is the best time ever made by a novice. The California miss learned to race by watching others.

Miss Garratt, who resembles Miss Ederle in build, showed her speed in practice in the morning, and then romped off with her first heat victory in 19 seconds. In her semi-final she defeated Helen Wainwright and Miss Adelaide Lambert and then came her crowning glory in the final of the event.

Helen Wainwright Wins.

The other championship event here, the pentathlon title, resulted in a hollow victory for Miss Wainwright, noted star of the New York Women's Swimming Association. Miss Wainwright played a tie game in the western section of the Maritime Intercollegiate league in Fredericton last evening, the score ending 1-1. The ice was soft and covered with water. Nicholson of the Law School, who is goal-tender for U. N. B., played a great game for U. N. B.
