

LIFE Association of Scotland.
FOUNDED 1838.

Empowered by Royal Charter and Act of Parliament.
Subscribed Capital £400,000 Sterling.
Annual Income, £125,000 do.

Chairman - Mr JAMES FORBES, Bart. of Comiston.

THE LIFE ASSOCIATION OF SCOTLAND which has now extended its operations to British North America, is specially empowered by its Act of Parliament for Life Assurance in the Colonies, and is enabled to offer unusual facilities and advantages to residents there.

While the sums assured are guaranteed, and the whole of the office can offer, the Association is not of recent origin or of limited resources. It is one of the most extensive and successful amongst British Assurance Offices, and policy holders in the British American Provinces have the benefit of the large annual business transacted in Great Britain and Ireland, and the ample and constantly accumulating funds now yielding an income of upwards of 125,000 sterling per annum.

Last year the new transactions exceeded those of any other in Europe. The policy holders secure none of the risks of partnership, they are free from all responsibility, and the sums assured are guaranteed. The whole of the office can offer, the Association is not of recent origin or of limited resources. It is one of the most extensive and successful amongst British Assurance Offices, and policy holders in the British American Provinces have the benefit of the large annual business transacted in Great Britain and Ireland, and the ample and constantly accumulating funds now yielding an income of upwards of 125,000 sterling per annum.

A share of profits of the business is allocated every year to all participating policy holders of five years standing, and is applied in reducing their next premium. A large reduction of the premium is thereby effected. The Association has allocated profits at thirteen successive annual periods, and the annual return of profit to policy holders of the first series has now reached 35 per cent of the premiums—that is the policy holders are required to pay only 13s. per £1 of their premiums.

The rates of premium are moderated, and until the time of participation in the profits, a policy holder for £1000 sterling or upwards, need pay only one half of the annual premium, the other half remaining unpaid at interest as long as the policy holder lives.

The Association's business in North America is under the charge of the Board of Directors at Montreal for the Canadas; at Halifax for Nova Scotia; and at St. John for New Brunswick.

DR. MORSE'S INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa, as well as North America—has spent three years amongst the Indians of our Western country—and it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depend upon this vital fluid.

When the various passages become clogged, and do not act in purity, each organ with its different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all kinds of sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in drawing off the stagnant humors, the blood will become thick and cease to act, and thus our light of life will be forever blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely Morse's Indian Root Pills, manufactured from Plants and Roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists nature in throwing out the finer parts corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passages to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged they draw large amounts of impurity from the blood which is then thrown out beautifully by urinary or water passage, and which could not be discharged in any other way. The fourth is a Cathartic and accounts for the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood for they find way to every part, and completely rout out and cleanse the system from all impurity and the life of the body, which is the blood; becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing the blood, which throws the corrupted matter through every vein artery, until life is taken from the body by disease. Dr. Morse's pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain, anguish, and whose feeble frames have been scorched by the burning elements of raging fever and who have been brought, as it were within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this good and wonderful medicine. Morse's Indian Root Pills. After one or two doses had been taken, they were astonished and absolutely surprised, in witnessing their charming effects! Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease which is the blood. Therefore, it will be shewn, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.
