Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up. Pittsburg, Penn-"Your medicine has helped was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married.

Now I have two nice stout healthy children and am

able to work hard every day."— Mrs. CLEMENTINA

WEDNESDAY, August 8th. The House met at 3 p. m., purs RIGHT HON, PRIME MINISTER One of the most important measures passed by this House, namel a Tax on Business Profits, we thrown out yesterday by the Le islative Council. I exceedingly a gret the action of the Members the Council in this respect. They are gentlemen in that Chamb-from whom I had hoped and e pected better things. The mea ure was a War measure, designed in the interests of the Empire, measure to obtain the funds to pa our soldiers, their wives and dren and dependents, while the are defending our King and Coutry; to keep the home fires buring while they are away fighting for us in the trenches and on the seas. Nothing could be fairer of more just than the principles of the Bill. In effect it provided that

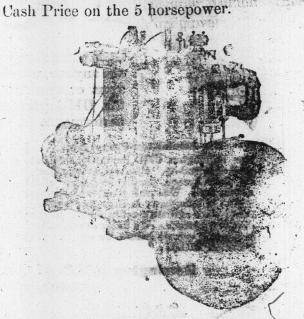

every business carried on in Nev foundland, where the annual prefits were over \$5,900, should pa into the Revenue one-fifth of th excess profits, after the owner ha first charged all the cost and expenses and salaries of running th business. That is to say, if a firmade and cleared, say, \$23,000 over and above all expenses, the owner would pay one-fifth of \$20 000 into the revenue or a tax \$4,000. I think it will be admitte that no fairer tax was ever con ceived or proposed. I repeat the the Legislative Council did not risto the occasion of this great we which is devastating the Empire robbing the homes, even in far-o Newfoundland, of their most prize treasures, and write themselve down in history forever as a ban of patriotic citizens, thinking onl of King and Country. How can an of us, after this declaration by th monied interests of Newfoundlan ask a father for his son to go fort to fight for us, while those at home Ten of our fish carriers have who are in a position to do so, re fuse to contribute a reasonable lowance towards the sinews recently arrived safely at foreign markets including three at Oporto war. Must there be only a con in Portugal. Not one of our fish scription of blood and no conscrip vessels has been lost during the tion of wealth? Is one section the country to do all and sacrific all whilst the other stands idly by their neighbours, growing rich profiteering, and in a position avail of the certain profits born in the Mediterranean is not so great the war? Fighting the Germa Emperor by proxy? Most certain as is generally believed, at the

ly not. No tax, no assessment, no even a complete confiscation of property would be equal to equivalent to the tax we have levie on the blood and manhood of thi country. The richest man in New foundland has not treasure enough to pay the value of one of the Newfoundland when the country who have discovered to the country of the country who have discovered to the country. Newfoundlanders who have for their country. The true tes would be to ask any parent wha he would give to have his boy restored, the light, the life, who ha gone out of his home for ever The loss is common to the entire every prospects of success. A vessel is now being loaded with community. In my own district follow. Mr. Whitmore, a gentle-man from St. John, N. B., is lookhave many such cases. One woman has given four sons to the cause three of whom have been killed and one is still fighting.
