

nominal rental, to be properly equipped with shelving for library, provided our Registrar have charge of the same."

We next find reference to it on the 13th of June, 1889, when a deputation, consisting of Doctors McPhedran, Powell, and Wishart, addressed the Council, in which they made application for increased accommodation. This was followed by a resolution in the following words:—

"Moved by Dr. Burns, seconded by Dr. Philip, that the subject of increased accommodation for the Library Association be referred to the Building Committee to report at this Council session on Saturday, June 5th, 1889. Your Committee reported as follows:—Your Committee having had referred to them the question of increased accommodation for the Ontario Medical Library Association, beg to report that the said increased accommodation asked for by the said Association be granted on paying a reasonable rental to be determined by this Council."

On adoption of this report, the Council passed the following resolution:—

"Moved by Dr. Burns, seconded by Dr. Orr, that the Property Committee be permitted to grant the use of two rooms at an annual rental of not less than \$100, to the said Ontario Library Association."

Your Committee therefore find that the Ontario Medical Library Association have no reason to believe that the Council is breaking faith, as this is not borne out by the facts. Your Committee would advise under the circumstances of giving the option of returning to the one room originally allowed at a nominal rental, and that the nominal rental be now fixed at \$1.00 per year; or if retaining the two rooms that they be required to pay the sum of \$100, as per resolution of the Council, bearing date June 15th, 1889

We would recommend that the treasurer be empowered to keep the bank accounts of the Council at any chartered bank in good standing as he may see fit.

As to the fees referred to by the Council when dealing with the application of British Licentiates in 1889, to all not registered as matriculates, the increased fees are to be paid namely, \$100, including registration, primary and final

The Registrar is so directed.

We beg to submit the following abstract of our assets and liabilities:—
Building and site, \$100,000; assessment dues paid, \$9,000; cash in bank, \$57,71; total, \$109,057.71.

Liabilities mortgage, \$60,000; accounts passed, \$616.13; expenses
