A revolver will kill a man just as effectively as a cannon. A small ad. may serve your purpose equally as well as a page display and mark you as a man of judgment. Advertising is merely placing before the public, in as attractive form as possible, the fact that a certain article is dispensed at a certain place—your store. If you can advertise that fact in a classified ad. of three lines, well and good. Screaming type alone never sold a dollar's worth of goods. It was the force and language behind the type that did the work.
