

Miramichi and the North Shore, etc.

APPLIES—See Mr. Stothard's advt.

LECTURE—Rev. Mr. Crisp's lecture at Newcastle on Tuesday evening is very highly spoken of by those who attended it.

BRETS—One of the biggest and best formed boats we have seen this year, has been sent to us from Mr. Jas. Chapman's farm, Bay du Vin Island.

MILLER, of DALHOUSIE, the innkeeper, who jumped from the night express near Belvidere station, not long since, has died at Bathurst from the injuries received.

THE LATE FATHER ROBERT, of St. Theresa, Gloucester, left \$1000 to the church at Petit Rocher, of which he was once pastor, and \$500 for the church at St. Theresa.

THE "NORFOLK" was sold by auction on Thursday last by Mr. Humbert of the Vice Admiralty Court. Mr. Snowball purchased the vessel for \$1,050.

W. R. GOULD, Watchmaker, Jeweller and Optician, is the only person in Chatham who carries a full line of B. LaRue's celebrated public spectacles and eye-glasses. Every pair is guaranteed to give perfect sight and can be exchanged.

THE TRUCKERS—The Northumberland County Truckers' Institute is to meet in annual session to-day and a free public meeting is to be held this evening, at which addresses are to be delivered by Chief Superintendent Crockett, Rev. Mr. Crisp and other gentlemen.

MIRAMICHI HORSES—At the N. B. University, matriculation examination which closed on Wednesday last, all the applicants passed successfully. Fred P. Yorton, of Douglastown, leading the class. On the list of matriculation, the second division we find the name of Fred P. Yorton, of Douglastown; and in the third division Mr. T. Tweedie, of Newcastle. The Northumberland Co. Scholar, ship was awarded to Fred P. Yorton.

THE MARITIME BANK DIVIDEND—A dividend of 50 cents on the dollar (on the notes issued for circulation by this bank) is payable on the 25th inst. Since the publication of the notice calling upon the holders of these notes to place them in the hands of the liquidators a large portion have been lodged, but there is still a considerable sum outstanding. It would be greatly to the advantage of the dividend on the 25th if those persons still holding them would lodge the notes at once with the liquidators at St. John.

SCIR, "Isis" WEEKEND—Sohn, "Isis," 77 tons, John Andrews, master, was to-day wrecked at Tuxedo beach on the 25th ult., while on the voyage from Campbellton to Trois Rivières, laden with iron and wrought materials from the barque "Kensar," belonging to E. LaRue and Co., of St. John. The vessel and crew barely escaped with their lives. The "Isis" was built at Murray Harbor, P. E. I., in 1871, and has been employed during the season chiefly in carrying freight for Mr. Henry O'Leary, of Richmond.

SCIR, DAMAGED—The schooner W. C. Shaw, of Port Headborough, N. S., Capt. McKinnon, from Campbellton, N. B., loaded with cedar posts for Grand Narrows, about 1 a. m. on the 4th inst. a gale of wind from W. S. W. with off E. breeze, carried away mainmast and foremast, and the vessel was wrecked on the rocks. Also met with another accident on 5th inst. 8 p. m., off Cape Egmont light, blowing a gale from S. W. S. W., let go anchor, and the vessel labored so hard to throw deck and overboard, which was the result. Proceeded to Halifax to repair damage.

HEN THIRTY-THREE—The barque *Lodhar*, Capt. Hawthorne, now in port, is making her third trip of the present season, having crossed the Atlantic five times, with every reasonable prospect of successfully accomplishing her sixth trip. She entered at Chatham from Belfast on 1st June, and cleared for the same port on the 9th, entered again on 22nd August and cleared 28th for Belfast, returning to Chatham again on 12th instant. She was consigned to Messrs. Muirhead & Co., each trip. The *Lodhar's* performances of the season have rarely been equalled.

THE BATHURST BAZAAR—A correspondent writes: The net receipts of the S. S. Heart church, Bathurst, three days recently amounted to \$1850, based on the following: Receipts from tables—Table in charge of Mrs. K. P. Burns, Mrs. W. H. Chisholm and Miss Helen Mahan, \$446. Table in charge of Mrs. P. J. Burns, Mrs. Thomas F. Kenny and Mrs. P. Flannery, \$558. Table in charge of Mrs. L. R. Dwyer, \$312.30. Receipts from other sources—Mrs. Jacob White's prize table, \$150; gold prize donated by the ladies, \$15; door collections, ladies' voting fund and oyster supper, 198.35.—*Sun*.

BRICKS—Messrs. G. A. & H. S. Flett have been adding some improved machinery to their Bricks Works at Nelson. Included in it is a re-presser and a stock machine. The first named is for putting the smooth face on "pressed bricks" used in fronts of the better class of buildings, and the other is for forming bricks to be used in the construction of arches, covering boilers and other curved or irregular surfaces. They have now a kiln of bricks containing some 400,000 ready to burn.

weather permitting. The course will be from Black Brook to the Mill Pond and back, about 12 miles. The Mill Pond is to start at 10.30. It will be necessary, should the wind be east, that the start be effected as early as 10.30, so as to give the boats slack water for beating down to Mr. Loggie will have a stake-boat anchored off the lower wharf, and the start and finish will be across an imaginary line between the boat and the wharf. Should the day prove unsuitable for sailing purposes the race will be postponed probably until next season. The prize is a very handsome pennant, a gold and vermilion crown (indicative of victory) on a blue field bordered with gold. The design for it was drawn by Mr. F. H. C. Miles, the well known St. John artist. It is on exhibition in W. R. Gould's window.

AN AMATEUR SHOW THAT HAD PECULIAR RESULTS—Four small boys named Willie Harris, James Hamilton, George Gough and Arthur Fleming were the performers in a concert last evening which took place at a barn on Kemp road. The first number on the programme was set apart for Willie Harris. He was to sing two songs, which were suspended in the air. He made a cut at the first one, but missing his mark the rusty sword flew out of his hand and struck another boy inflicting quite a serious wound on his neck. James Hamilton, who promised to do the bottle trick, then took a half gallon bottle, and filled it with water and started to drink it down without taking the bottle from his mouth. He succeeded in taking it down, but when he suddenly his face commenced to grow purple, the bottle fell from his hands and Hamilton fell to the floor. It was soon ascertained that the boy was nearly killed, he rolled for some time in agony on the floor in a fit. Finally the doctor was sent for and a stomach pump was attached to the sufferer and a large quantity of the water was taken from him.—*Halifax Echo*.

RESOLUTIONS OF CONFIDENCE have been passed by the temperance people of Newcastle as a reprobation of the late attack upon Mr. Farley of that town by the *Halifax Herald*. The letter of Mr. Ramsay was undoubtedly an ill-considered and very strongly worded one, and although he wrote over his own name, we had grave doubts as to the propriety of publishing it. We felt however that most people would attribute statements made to an editor's statement on the part of the writer, rather than to their having any serious foundation in fact. The references to Mr. Farley's business, integrity were entirely out of place, for we happen to know something of that subject and are justified in saying that our experience is entirely in Mr. Farley's favor. His reputation is that of an honest man.

The unpleasant controversy serves, as we before intimated, to show how undesirable it is for people belonging to temperance organizations to mix temperance and politics together, when the one has nothing to do with the other. There are far too many half-brained people engaged in thus cheapening the temperance cause and making their more sensible brethren ashamed of being connected with them.

The experience of Chatham and Newcastle with the part these peculiar temperance people have played in the late Municipal elections have not been calculated to impress the community with the idea that there is much wisdom in directing their influence or public attention.

Lost His Money and His Memory, Too.

A man giving the name of Murphy, and hailing from Chatham, asked for and received protection at the Portland police office, last evening. Murphy tells a strange story. He says that about a fortnight ago he passed through the city on his way to Fredericton. Nothing unusual befell him there, but while coming down river, on Thursday last, he played cards, evidently with a sharp—at least a coachman to drive him to the residence of a nemesko in this city. The coachman, leaving Murphy at the house, proceeded to call at a certain hotel and drive him home. Murphy was slightly under the influence of liquor when he started, and now he has no recollection of his boarding house is situated. He would not pay much attention to this, however, only for the fact that he has left his valise and overcoat behind him. Murphy is not sure whether the valise and overcoat are at the boarding house or at the liquor store, but would be very much obliged to the party who may return them to him at the Portland police office. The next time he leaves home he proposes shunning three things—his boarding house and overcoat, and the liquor store.

Mr. Thos. Vye's Lottery.

The drawing of prizes in Mr. Thos. Vye's lottery took place on Saturday night at Newcastle, under the management of the ticket-holders' committee, which was composed of Messrs. Saml. Russell, Walter Baile and E. S. Vye. The duplicates, or stubs, bearing the numbers held by ticket-holders had been put in sealed envelopes, and packed in a box. The mode of drawing was as follows: Seventeen of these sealed envelopes—representing the number of prizes in the lottery—were taken out at random, the remainder being, of course, blanks and as such, destroyed. Then the list of prizes was taken up and the first envelope took lot prize, the second next, and so on, each envelope's prize being marked on it. Then, the envelopes were opened and the winning numbers ascertained to be as follows:—

CATTLE SHOW AND PLOUGHING MATCH.

would recommend that, at least, the roof of the upper school building be painted. The Inspector had also directed the Trustees' attention to the fact that Miss Benson's School room was of insufficient size and recommended that a larger room be built.

Mr. Cassady's New Factory.

Messrs. Geo. Cassady & Co.'s new and new factory is situated on False Creek, near the Millers, Leamy & Kyle's new lumber yard, and has a water frontage of about 250 feet. A portion of the plant, which includes of buildings, is valued at \$10,000, was brought from New Brunswick, the balance, however, being from the works of Cavan & Co., of Chatham, and consists chiefly of 5 circular saws, 4 planers, 2 lathes, 2 cramps, 3 mortice machines, 2 tenoning ditto, boring machine, wedge cutters, shaping, moulding and mortising machines, and in fact a whole set of modern machinery. The main factory building is 60x75 and consists of three stories, the office at present being on the second floor. It is intended, however, shortly to move the office into another building now nearing completion on the premises. The number of men employed on an average is 25. The manufacture of shingles is projected, and for that purpose the necessary machinery is being ordered. The capacity is for a blower and jointer, capacity 40,000 shingles per day. A 40-horse engine will be used with the saws. Most of the lumber is dried by steam in a drying room 30x40. The construction of the factory was completed on the 20th June. The factory is under the special management of Mr. Geo. Cassady and is noted for the excellence of the work turned out. The management is in the hands of the enterprising firm, Messrs. Geo. Cassady & Co., of Chatham, N. B.

Rise Competition.

The annual competition of Northumberland County Rifle Association took place on Tuesday last. The weather was all that could be desired and the attendance up to the average. There were two matches, the first being for nursery prizes—open only to members who had never won better than a fourth prize in any Dominion Provincial or county match—ranged 200 and 400 yds., 5 shots at each. The winners were:—
