GROOM ARRESTED
FOR ABDUCTION.

Married Only An Hour to
Bride of 16 Years.

Utawa Young Man's Adventures in New
York-Ran Away With Employer's
Neice-Passed Worthless Check

NEW YORK, March 27.-The Times
this morning says: "An hour after E.
W. Stewart, 25 years old, who came
to New York some months ago from
Ottawa, Ont., married sixteen-year-old
Madeline Gildersleeve, daughter of
Mrs. Sylvester Gildersleeve of Clinton
street, Brooklyn, last night he was
arrested by a detective and locked up
on a charge of abduction.
Miss Gildersleeve's mother is a woman
of considerable fortune. Her father,
Sylvester Gildersleeve, was a lumber
merchant. With the Gildersleeves
lived an aunt, Miss Caroline Johnson.
The family is well known in Brooklyn.
Stewart met Miss Gildersleeve
through her aunt to whom he was in-
troduced shortly after his arrival in
New York. He made such a good im-
pression that she engaged him as her
confidential agent in some building
operations in which she was engaged.
He came to the Gildersleeve home to
live, and there he met Miss Gilders-
leeve. Stewart paid the girl such
marked attention that her mother and
aunt objected. They both liked Ste-
ward and told him that if he would
wait for three years until Miss Gilders-
leeve was old enough to know her own
mind, they would not oppose the suit.
Saturday there came a disagreeable
turn in the relations between the girl
and her mother and her employer.
He left the Gildersleeve home and en-
gaged quarters at the Clarendon Hotel.
Yesterday morning Miss Gilders-
leeve ordered the family carriage and
started out for a drive in the park.
When she had not returned by five
o'clock her mother went to the Adams
street police station and told the cir-
cumstances of her child's disappearance,
preferring a charge of abduction
against Stewart, engaged suspected of
knowing something about her daughter's
whereabouts. She asked that police-
men be detailed to go to the Claren-
don and place him under arrest.
When the policemen did not find the
man there, she went to the Butler
street station and Detective Sergeant
Levers was put on the case. He finally
learned that Stewart had a friend
in Flatbush. Levers reached this
friend's house at nine o'clock. There
he learned that Stewart and Miss Gil-
dersleeve had been married at eight
o'clock by Rev. Dr. Lloyd, of the Flat-
bush Reformed church. The girl had
represented herself as the minister's
daughter, and he had performed the
ceremony as being 19 years old. The detective
arrested the bridegroom and took him
away, leaving his newly made wife
weeping bitterly and begging to go
with her husband. Mrs. Gildersleeve
and Miss Johnson were at the station
house.
While they were holding the centre
of the floor, T. J. Asst, a contractor,
appeared. He accused Stewart of
passing a worthless check for \$100 on
him. The check, so Mr. Asst said, was
drawn by Stewart on the Union
Bank and then presented for pay-
ment. This check was also registered
against the prisoner, who was then
placed in a cell. Levers was sent back
to Flatbush to arrest the girl, who had
disappeared, but up to a late hour had
not returned.

ANARCHIST'S BAD AIM
SAVED BARON VAN NOLKEN

WARSAW, March 27.-1.33 p. m.-
Baron Von Nolken, chief of police ex-
posed, was injured by the explosion
of a bomb yesterday, owing to the
bad aim of his assailant who
threw the bomb behind instead of un-
derneath the carriage. The body of
Von Nolken is full of innumerable
splinters of the bomb. His assailant
has not been arrested.
The man who previously threw a
bomb into the police station at Praga,
a suburb of Warsaw, injuring police-
men, is believed to be dying. He was
injured by a fragment of the bomb
as well as by the bullets fired at him
by the police. He refuses to reveal his
identity, but declares himself to be a
Socialist. The greatest excitement
prevails throughout the city.

WESTERNERS WANT SIFTON.

OTTAWA, March 26.-There was a
meeting of the Manitoba, Northwest
and British Columbia members in one
of the committee rooms of the house
of commons yesterday afternoon, when
a committee was appointed to wait on
Hon. Clifford Sifton and convey to him
their satisfaction with his speech and
his course in connection with the au-
tonomy bill.
The committee afterwards waited on
St. Andrew's church Guild this evening
for approval and support. The committee
will wait on Sir Wilfrid Laurier tomor-
row.
There is a great anxiety from the
west to see Mr. Sifton back in his position
as minister of the interior.
The dominion government has decid-
ed to build an annex to the national
mentary library so as to give accom-
modation for 100,000 more books.

FUNERALS TODAY.

Large Crowds Attend Burial of Rev.
W. C. Matthews.

After the private service at the home
of the late Rev. W. C. Matthews a
largely attended funeral service was
held in Exmouth street church. The
floral tributes were many and beau-
tiful, and testify to the high esteem in
which the late clergyman was held.
The Revs. Hamilton, Young and
Fulton spoke at the church. The Meth-
odist ministers of the city attended in
a body and marched before the hearse.
The funeral of the late Allan J.
King took place this afternoon at 2.30
o'clock from 151 Leinster street. Rev.
G. M. Campbell conducted the service.
Interment was at Fernhill.
The funeral of the late Mrs. Mary
McCaig took place from her late resi-
dence, Magazine Road, at 2.30 this af-
ternoon. Rev. A. G. H. Dicker con-
ducted the service. Interment at Fern-
hill.

FIREMAN WAS FIREBUG.

NEW YORK, March 27.-After a long
investigation into a series of incendiary
fires, the police of Bayonne, N. J., have
arrested James McInerney, twenty-two
years old. The prisoner belongs to a
volunteer fire company and it is al-
leged by the police that he admitted hav-
ing started fires for the sake of fight-
ing them. He has a record of 100 per
cent. for attendance at alarms, and fre-
quently when his fellow members
reached the engine house in response to
an alarm they found him with the
horses hitched and ready.
For more than six months fires in the
vicinity of McInerney's district have
been numerous and he is charged
with having caused fifteen of them,
once causing much loss and damage,
owing to the quickness of the depart-
ment in reaching the scene.

KING EDWARD'S NEICE TO
MARRY KING OF SPAIN.

NEW YORK, March 27.-A Madrid
special to the New York Herald says:
"An official circles the assurance is given
that during the present visit of the
Duke of Connaught to the Spanish
court at Madrid, the marriage of King
Alfonso to the Princess Victoria Pat-
ricla has been definitely arranged. The
difficulties with regard to the religious
question have been arranged.

COUNTERFEITING
BY ELECTRICITY.

An Interesting New Process
Has Been Discovered.

Men Arrested in New Haven, Who Have
Been Making Marvellous Imitations
of One Dollar Bills.

NEW HAVEN, Conn., March 27.-
Two men, supposed to be William Go-
ber, of Ludlow street, and Samuel Fas-
two, of 177th street, New York, were
arrested soon after midnight this
morning at the point of a revolver at
their boarding house in Congress ave-
nue and in their rooms later was found
a complete and new counterfeiting out-
fit which had turned out several spuri-
ous one dollar bills, the police assert,
almost as good as the genuine.
The police believe that an entirely
new counterfeiting method has been
discovered, as the plan of turning out
bogus bills is a departure from the en-
graved plate and other methods gener-
ally employed. The plan is to take a
new bill of any denomination, pour
fluid, which the police say the men de-
clared came from the Russian govern-
ment, over the bill and then stamp the
bill on a plain sheet of paper, made
for the occasion. After the pieces of
paper are pressed together for some
time, the whole is taken off and placed
on a cylinder much the same as a
record is placed on a phonograph. This
is followed by an electrical process that
makes a perfect reproduction on the
white paper, and after a drying pro-
cess, the bill is peeled off apparently
as good as the one from which the copy
is made.
The original bill is not spoiled and
the process, it is alleged, can be re-
peated as many times as desired. The
men, who are in custody here had
made it stated by the police, large
numbers of \$1 bills during the past
few days, some of which are in their
possession. One complete counter-
feiting kit was taken from the men
arrested, including electric batteries
and cylinders.

INSPECTOR LAYS INFORMATION AGAINST
THE GRAND UNION HOTEL-How He
Got His Evidence.

Information was laid this morning
by Liquor Inspector J. B. Jones against
the Grand Union Hotel, charging the
proprietor with selling liquor on Sun-
day. No defence was made and the
fine of \$100 was paid.
The charge was based on evidence
secured by Inspector Jones last night.
Having reason to suspect that the law
was being violated he went there last
evening. At the entrance, it is said,
the first attendant who saw him come
in the door pressed the alarm button
so that the bar might receive his de-
serted appearance. The inspector, so
the story goes was warmly greeted,
and a bell boy who appeared from be-
hind the scenes was ordered to run up
stairs and get the key of the bar from
the manager. But Mr. Jones inter-
fered, and catching hold of the boy asked
him for the key. It was not forthcom-
ing, so the boy's hand was opened by
force and the key found in it. The in-
spector then let himself into the bar
and secured evidence enough to war-
rant him in laying information.
It is also understood that the in-
spector secured evidence that liquor in bot-
tles was being sold over the office
counter.

A MIRACLE SAVES
FOUR MEN'S LIVES.

Were in East River Tunnel
When It Collapsed.

Compressed Air Blew Them Through Forty
Feet of Water-One Was Hurled
20 Feet Above the Surface.

NEW YORK, March 27.-Four men
who were at work in the forward com-
partment of the railroad tunnel under
the East River between Brooklyn and
the Battery were saved from either
death or serious injury in miraculous
fashion today when all four were blown
out of the tunnel and up to the sur-
face of the river by the force of com-
pressed air in which they were work-
ing. Bystanders, who saw the men
shoot to the surface, say that Richard
Creedon, one of the four, shot twenty
feet into the air from the level of the
water and that his startling appear-
ance so frightened several Italian la-
borers on the nearby pier that they
took to flight.
The tunnel in which the men were
at work is to be used eventually to
connect the Manhattan subway lines
with Brooklyn subway lines. Two
tubes, side by side, are in process of
construction. The work is being done
by the New York Tunnel Company.
The Brooklyn end of one of the tubes
had been extended about 150 feet be-
yond the pier line at the foot of Jor-
lemont street.
Twenty-two men were at work in the
tunnel today when the accident hap-
pened. Creedon and his companions
were in the forward compartment,
working under a high pressure of air.
In a compartment back of them the
other 18 men were at work. This sec-
ond compartment was not affected by
the accident, as there is a bulkhead be-
tween them. Creedon was the first to
ascertain that the roof of the tunnel
was leaking and that the air was rush-
ing out into the bottom of the East
River, which was about forty feet
deep above them.
With sand bags he attempted to plug
the leak, but as he did so, the whole
roof of the tunnel gave way, and the tremen-
dous force of the compressed air drove
Creedon and all his four companions
out through the hole. The upward rush
of air was so strong that it was impos-
sible for them to hold on. Creedon was
tumbling and Creedon shot into the
air with great force. Bystanders quick-
ly fished them out of the water. All
four were badly bruised, but not
dangerously hurt.

ST. JOHN MAN LOST
IN BROCKTON FIRE.

LONDON, March 27.-In the house
of commons this afternoon, Swift Mas-
Neill (Irish Nationalist) tried to elicit
information regarding the peace ne-
gotiations. He asked Premier Balfour
if he could make any statement on the
subject, but as no previous notice had
been given of the question, the pre-
mier took no notice of it.
PARIS, March 26.-It was stated in
diplomatic quarters here today that
among the conditions of peace which
Japan might ask would be that Rus-
sia give a pledge to build no more war-
ships for a term of years. A diplo-
matic official said that such a con-
dition would be the most effective means
of assuring Japan against Russia's
carrying out her cherished project of
naval rearmament for the renewal of
hostilities under better conditions than
those at present existing. It is well
known that Russia contemplates a
huge plan of naval rehabilitation.
