### "Baby's Own" is the best product of scientific soap making.

Fragrant --- absolutely pure --- economical. No amount of care or expense is spared to make it as perfect as possible. Refined Vegetable oils render it specially suitable for delicate skins.

Natural flower perfumes (from Grasse, France) give it a lasting yet delicate fragrance. Yet its cost to you is very small.

Try "Albert Soap" because it is best for Baby and best for You

### 2,000 FOREIGNERS ON LAKE MICHIGAN

### Record Number for This Season

### Insane Italian Jumped Overboard on Trip--Enterprising Jew Makes Money

The C. P. R. steamship Lake Michigan docked at Sand Point yesterday morning with the largest number of passengers on board that has been brought here this season by a single vessel. The Lake Michigan carried 2113 immigrants and was overtaken by the Antwerp, where she took on her passengers.

She had a fairly rough passage and the voyage marked by some unusual incidents. When the Lake Michigan was about a week out from Antwerp one of her passengers, an Italian, became violently insane. The unfortunate man was placed under the care of the ship's doctor and finally had to be confined in a cell and put into a strait-jacket.

On Monday night last it was discovered that in some way the insane Italian had freed himself and unassisted had escaped from the cell. It is supposed by way of the portholes. The entire ship was searched, but the missing man was not found. It is now thought that he jumped into the sea.

A couple of days after this occurred two Belgian stewards were placed under arrest for robbing passengers. A number of stolen property was found in the possession of the men. Detective Joseph Walsh of the C. P. R. happened to be on the Lake Michigan and on the vessel's arrival here he handed the two Belgians over to the local police.

The passengers of the Lake Michigan are all from Continental Europe. They are bound for Montreal, Toronto, Chicago and various points in the Canadian west and the western States. Many of them have been in this country before and are merely returning to resume their former occupations. They are of various nationalities.

Last night large numbers of spectators gathered about the immigration building at Sand Point and watched the immigrants board the trains which were to take them west. The first train left at eight o'clock, the others later. The last train did not until this morning.

Yesterday afternoon an enterprising Jew from the North End drove to Sand Point with a wagon filled with bread, which he sold to the immigrants for the price of twenty and twenty-five cents a loaf. The Jews were said to be smaller than the others and the highest for twenty years. Heavy rains today, added to the already swollen streams. One man lost.

Clear Fork in sight of citizens, who were unable to rescue him. People are leaving houses for higher ground and bridges across the Tidal River are in danger of being carried away. City park is flooded and power houses are threatened by water. Several bridges south of here on the Frisco road have been washed away and seventeen hundred feet of track washed out at Harbin. Traffic between Stephenville and Brownwood has been abandoned.

### BASEBALL IS HARD ON GRANDMOTHERS.

Baseball is a good thing for everything and everyone except Grandmothers. While statistics are unobtainable, it is estimated that about 1,000 grandmothers perish on or before the day every game is played on the big league circuits. Sometimes she dies of mumps; other times she perishes because the doctor doesn't know anything about the case, or, maybe, because even he cannot make a call that afternoon because she falls and breaks her backbone, and more often she dies just because. Only the grandmothers of office boys, errand boys, and other youngsters who help around the house are so taken off. It is only common decency that they should attend the funerals which are held in the afternoon, usually between four and five o'clock. The boss grins knowingly, but he hasn't the time to keep any away from his grandmother's funeral. He was once a lad himself, and maybe he had a grandmother to perish in the baseball season. Rain has spoiled many a funeral--John J. McCutcheon in the May Apportion.

### HELPING THE MUSICIAN.

At a political meeting an Irishman watched closely the trombone player in the band. Presently the man laid down his instrument and went out for a beer. Paddy investigated and promptly pulled the horn to pieces.

The player returned, "who's meddled mit my drombone?" he roared.

"Oid did," said Paddy, "Here ye've been for two hours tryin' to pull it apart, an' Oid did it in wan minit!"

### A BLESSING TO MANY PEOPLE HERE

### Simple Home-Made Remedy for Kidney and Bladder Trouble or Rheumatism, and Full Directions to Prepare

This is a message that will bring happiness again into many families and sunshine into the lives of hundreds of disheartened and discouraged men and women here. It requires just a little inconvenience, for it can't be bought already prepared. It is a simple home recipe now being made known in all the larger cities through the newspapers.

The many cases of rheumatism, kidney and bladder trouble which have made so many cripples and invalids and waddlers of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Syrup of Sarsaparilla, three ounces.

Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments, even in severe hospital cases, prove this simple mixture the remedy for rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It cleanses the kidneys, strengthens them and removes quickly such symptoms as backache, blood disorders, bladder weakness, frequent urination, painful, and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure, puts new life into them and invigorates the entire tract. It makes the kidneys clean the blood. The Dandelion will take care of liver trouble and constipation and is fine for the stomach.

All the ingredients, states a well-known local druggist, are of vegetable extraction, making it a safe and harmless prescription at any time.

Those who suffer are accustomed to purchase a bottle of patent medicine should not let a little inconvenience interfere with making up this prescription. Wherever this becomes generally known, states a large Eastern publication, it ruins the sale of the patent medicine and so-called rheumatism and kidney cures, which is its best endorsement of virtue.

On Sunday morning a daughter was born to them. On Monday the child died, and the mother's condition is very critical, as she contracted smallpox some days ago. Mrs. Watson, Sr., is also very ill--Victoria Co. News.

Upon the eve of his departure for Halifax, Mr. Harder, of the Myrtle-Harder Co., desires to thank the theatre-going public of St. John for the hospital manner in which he and his company have been received during their stay here and for the many compliments they have seen fit to bestow upon them. Several years ago Mr. Harder came to this city unheralded and unknown, but today the name Myrtle-Harder is a household word and is a source of pride to the city. The engagement was a phenomenal one financially and socially, and it is with sincere regret that they say farewell. To Mr. Hall, Mr. Harder's partner, who brings the Harder-Hall show Monday night, St. John will extend welcome and from advance advice, this company will continue no doubt to perpetuate the name of Harder in this city. The Myrtle-Harder Co. leave tonight for Halifax for two weeks, then playing Montreal and Quebec. This company has been booked again next season for St. John.

### CONSTITUTION

The nourishment you derive from food is absorbed into your system through the walls of the intestines, but when the bowels are not acting freely, naturally, poisons are generated from the obstructed, undigested mass and these poisons, instead of Nature's nourishment, are then taken into the blood and carried through every part of your body.

Every organ is weakened, your breath becomes offensive, your eyes dull and heavy, and your skin is disfigured by pimples and blackheads. Mother Seigel's Syrup regulates your liver, gives perfect digestion, and makes constipation impossible.

"My little girl suffered much from constipation," says Mr. W. E. Sieves, Hillsboro, Albert Co., N.B., in a letter of Feb. 1st, 1908. "She was subject to headache and sleeplessness, her breath was offensive and her tongue coated. But Mother Seigel's Syrup completely cured her."
