### SPORTS OF THE SEASON.

#### THE BASE-BALL AND TUFF GOSSIP OF THE PROVINCES.

**Notes and Comments on Local Clubs and Players—Some of the Ways in Which Small and Plummer Differ—What the Amateurs are Doing.**

Some time ago a city ball crank tried to convince me that the interest in base ball was declining in St. John. I grinned at him then, and laugh at him now. Seven thousand people at four games in one day and the interest declining! But that makes me weary.

I was in Fredericton Monday, and my second and third nights saw the city ball games. They had the best of it, for while I groaned at snuff and error enough to spoil one score book, they saw two games that have never been equalled in the city. The St. John's with their dandy amateur battery, White and Kennedy, broke the record of the Pre-emptors (6-4), and the Shamrock's new grounds, new players and new battery held the Bostonian St. Stephen—who forced last year's Nationals to a tenth inning—down to a total score of 6, with only two base hits off Kelly. Their own score was 3.

The home team went to pieces in the afternoon, the Shamrocks getting whitewashed, 10-0, and the St. John's, with Small and Rogers as battery, going under, 10-7.

Had our boys given their star battery any adequate support the result would have been different. That does not however disguise the fact that Small was batted freely and hard.

But he gave no man his base on balls, and if you had been with me and watched Plummer of the Houltons invite twelve men to the first leg in this way, you would appreciate Small's work.

It is worth a long to face Plummer, of Houlton, who doesn't seem to care where the ball goes, whether in the pitchers' claws or in the batters' bread basket.

Thayer the left handed pitcher of the Fredericton, did not impress me as a twirling wonder. There is lots of show about him, and the shape he makes when in the box are enough to excite an ordinary fan.

Considerable interest is being taken in the amateur league games, and the clubs are showing up better than most of the cranks expected. Now that games are being played on the Shamrock's grounds, I look forward to more enthusiasm and a boom at the financial end.

The way the La Tours acted Wednesday struck me as being rather mean. Placing a scrub nine on the field, with all sorts of uniforms and no signs of organization, isn't going to help the league along. If the La Tours are not able to put a regular nine on the field and play the games scheduled, the sooner they drop out the better.

The game Wednesday was not without interest, but it was only because the Thistles put in a poor battery in the first innings. Give us good, honest ball or none at all.

There was considerable kicking at some of Umpire Mitchell's decisions and Ritchie, who appears to be a very windy young man when he gets among amateurs, came very near being fined. Somebody suggested to me that another umpire be chosen to watch the bases, so as to let Mr. Mitchell give all his attention to balls and strikes. This seems to be as much as he is capable of attending to, just yet; but perhaps experience will learn him something.

I hear that Mitchell wants the Franklins to pay him \$2 a game. This is very funny. If he don't play any better ball than he has been doing for the Franklins, I would not be surprised to hear of him being requested to leave. I should think Mitchell would find playing with the Franklins good practice if he keeps playing with the St. John's.

I believe the managers have some difficulty in getting their tenth man to sit on the player's bench, but why they should be beyond my comprehension. The tenth man should be as good as any player on the field and usually is.

The amateur league is very representative. There are players in it from all over the county, but it strikes me that Carleton is rather bad place to have the treasurer located, especially when he can't attend every game. What's the matter with having one person secretary-treasurer. The business of the league hardly requires two such officers, and from what I hear from outside parties, the change would be a good one.

I heard a very amusing story the other day, which is too good to keep. The manager of a St. John club wrote to the Moncton Electric, asking what they would be willing to give for a game. The manager of the Electric, who is a wholesale grocer, and should be well posted on railway rates, etc., sent word that if the St. John club paid its own expenses, the Electric would be willing to give them \$25. Just think of it. The fare to Moncton would cost the team something like \$35—and then their board bill! And Moncton's gross business to see a ball game!

George Carvill paid his \$25 bus, withdrew his suit and trotted Lady Max at Fredericton. He came to a wise decision.

The St. John horses contributed much of the fun to the races in Fredericton. The audience was worth about \$200, and the crowd to cover expenses and a little something to boot. I am glad of this for it is poor satisfaction to any association to prepare a programme and get left.

If St. Stephen's weather compared with ours Thursday, the horsemen there must have been disgusted.

President John Johnson, of the Agricultural society manages to be present at most of the races. He was in Fredericton Monday, and Thursday went to St. Stephen.

I call attention with considerable satisfaction to the attractive announcement of the maritime province trotting circuit in this issue. What a grand aggregate of purses, \$5,000! Nothing like it was ever offered to horsemen before, and if I am not mistaken, this is but the beginning.

The prize is a grand one, and the money is well placed in the provinces. I have seen some of the drivers runners for so long to the exclusion of the trotter, have come around and gives the latter an equal chance.

There have been meetings in every town of importance in the provinces this year. Moncton has had two and St. John has had a second one in the grand magnificent program presented this week. Even Woodville, where trotting did not receive as warm a support as it should have last year, has tried again this season.

Thirteen hundred dollars—\$1300—in purses for one meeting is the highest offered horsemen at Moncton.

The "Herald" displays some of the best horse racing in the "National", the best time in all hours.

path during carnival time. A great feast to be sure. Here are the courses:

Wednesday, July 24: 3-minute class, Purses, \$250. 2-40 class, Purses, \$250.

Thursday, July 25: 2-45 class, Purses, \$250. 2-40 class, Purses, \$250. Running races for provincial horses, divided cup, valued at \$150, and entrance money divided.

**Fishing.**

Mr. A. U. Hanson and H. V. McLaughlin recently enjoyed a fish at Skiff lake, where they were the guests of Mr. Miles Moore and party.

#### RAIL GOSSIP IN HALIFAX.

**What the Halifaxians are Doing on the Diamond.**

HALIFAX, July 3.—The defeat of the St. John nine by the Gardiners has excited many Halifax fans to be more anxious than ever for a game between the Socials and the St. John team, as they feel that the victory of the visitors confirms their opinion that the Halifaxians have a stronger nine than St. John. They of course think the St. John people will say that it was the bad feeling of the nine that lost the game, but Halifaxians think it was the heavy batting of the visitors, as in the several games they played in the provinces they showed themselves to be exceptionally strong in this respect.

In this city, they batted Davison at a man, in which no other club has ever done here, at Moncton, they batted the former St. John representatives, with telling effect, Soule making two home runs, and at St. John 15 hits were scored against front pitcher Parsons, while they made four earned runs to one by the St. John team. It is this latter fact that Halifaxians point to, and which makes them feel that it was their batting that beat the St. John nine. Flynn was the only pitcher whom they met in the provinces, they did not get but three hits off his delivery, and did not earn a run. Halifaxians base ballists do not think the St. John team is stronger than last season, while the Socials are greatly strengthened, and with Flynn in perfect form will under favorable circumstances, they feel they can score a victory, as with White playing regularly behind the bat, Doyle at second, and Davison at short, they have a strong team.

In comparing last year's St. John team with that of the present season, Halifaxians do not think Parsons is as good a pitcher as Robinson. During the past two seasons they have always had difficulty in beating Robinson, while in the Colby game Parsons was batted for 14 bases with a total of 17, the Socials winning the game, 11 to 0. Then Small is not considered to be Wagon's equal as the latter played last season, judging from his record in the games he has pitched for your team. Rogers is looked upon as the only real improvement, and on the whole they estimate the team to be not any stronger than last season.

As I have already stated, our base ballists think their team is much better than last summer, and are therefore anxious to see a game between the two clubs. As to my own opinion, I might say base ball is an uncertain game.

It is hoped that the \$100 matter will not interfere with bringing the meeting about. As I understood the matter, the Socials had nothing to do with the arrangement, which I heard one of the Atlantians brought the team here, say they are quite willing to pay the amount as soon as the Nationals fulfill their contract. They state they want to St. John to play two games, and although they claim the umpiring could not have been worse, they remained the second day, according to their agreement, and played the two games, but the Nationals came here with the understanding to play two games, and they were to receive \$100 for expenses, but because the Nationals were not satisfied with the umpiring, they would not play the second game, but played in Truro instead on the day they had agreed to play in Halifax. I do not know whether this member of the Atlantians could speak with authority; he said that when the St. John team came to Halifax and played the other game they would receive their \$100, but not before, as far as they were concerned.

"Home Plate" says that record "ought to settle the little dispute," and certainly does. If I am not mistaken, as in these days both sides had to play equal innings. In this game the Atlantians did not have their turn at the bat in the ninth innings, and when the game was called, on account of darkness, after the Mutuals had made three runs, the score reverted to the previous inning, making the score 9 to 5.

The arrangements for base ball for carnival week, August 5 to 10, have all been made. The committee offer ten gold medals as first prize, and silver medals as second prize for an amateur base ball tournament, open to amateur clubs from any place desiring to enter. There will be professional games on August 5, 6, 7 and 8. The games on the first two days will be between the Zno. P. Lovells and Woven Bone teams of Boston, and should one of these clubs win two games, the Socials will play against that club on the third day, and on the following day with the other club. Should the clubs win one game each on the first two days, another arrangement will be made. The Woven Bone and Lovells teams have played close games this season, and the Socials have made all arrangements to have them visit here.

The amateur league here this season is a great success, as three of the four clubs in the league are now tied for first place. Saturday's game between the Y. M. L. A. and the Standards was most interesting, as a large amount of money was wagered on the result. Gleason, the old St. John player, accepted six chances out of seven at third, making two fine catches near the stand, and his quick work in one inning resulted in a double play. His catch in the last innings was a difficult one, and ended the game, when there were three men on bases. He leads the third baseman of the amateur league. In the seven games the Socials have had with the Lewistons, Portlands, Bates Colleges and Gardiners, Flynn has a batting average of .416.

The St. John cricket club have made arrangements to play the Wanderers in this city on August 14 and 15. They play the Garrison August 12 and 13. The Wanderers are endeavoring to have the game in St. John take place early in August or the two days following the match between the Toronto club and the maritime province eleven at St. John, so that one trip will suffice for both games.

#### HORSE GOSSIP FROM HALIFAX.

**The Fast Class in the Circuit Will Remain at 2:30—Why It Wasn't Changed.**

HALIFAX, July 3.—The proposed change of the fast class in the circuit from 2:30 to 2:17 will not be made. It will be remembered that Mr. Wheeler of Bangor, wrote requesting the change for his horse Elmo, 2:27, but when it was shown that there was no necessity as Elmo was eligible, the folders were printed. All the track were willing to make the change if it would give them additional entries in every class, if it was necessary to sell Elmo, but one, and the secretary of that club objected. Mr. Wheeler has since written that it was not for Elmo he wanted the class changed, but for Octavius, who has a record of 2:26, but the change will not be made owing to the folders being printed, and the secretary of that club has said that he did not see the necessity of having a meeting to change them afterwards, and if the class were changed, it would be establishing a bad precedent, and if they changed for one applicant, they would be obliged to apply to all others, and if they would have to grant in consequence of this precedent, and while running satisfaction to some, it would mean the greatest displeasure to others. If this change was made he knew of it.

Elmo and Octavius were the fastest horses in the circuit, and the fastest in the world.

man in the provinces who would apply for a change in one of the other classes, and would guarantee entries at all the meetings. But this question of classes had been thoroughly discussed at the St. John meeting, and the classes then made should be adhered to. Mr. Wheeler stated in his letter he would give entries in each class, but this gentleman said that before the circuit opened Mr. Wheeler would not be able to have his horses here, and then the change would have been made without any benefit to the track, and causing dissatisfaction among the owners of provincial horses. He thought that, taking all these matters into consideration, it would be much better for the interests of all concerned to allow the class to remain as decided upon. The folders are being sent this week to the secretaries of the various tracks for distribution. Posters are being printed and an advertisement appears in Progress, giving full particulars, so that the circuit will be thoroughly advertised.

Your St. Stephen correspondent says "DeBarry is the one horse that caused the Nova Scotia representatives to the maritime circuit to kick against the free for all and substituted a 2:35 class." Your correspondent is rather too broad in his statement, as DeBarry was not the one horse the Nova Scotia representatives kicked against, while it was a representative from the other province who styled the horse "an old thief."

The three year old mare Florence by Oxmoor, owned by A. E. Egan, of Amherst, recently gave birth to a filly by Sir Nutwood, son of Nutwood, 2:19.

#### TUFF GOSSIP FROM EVERYWHERE.

**Compiled by "Progress" St. Croix Correspondent—Recent Events on the Track.**

It is said that Piedmont will make his mark as a star this year as he already has in the '30 list, Stanford 2:30, and Marston 2:35, at Rapa, Cal., June 8th.

The fast Dart, by Dr. Franklin, has been sent to Turner's stable to be given a record. Dart has trotted quarters in 21, and halves in 1:30, and should be one of the fastest Knockers alive.

Elmbrook, four-year-old, by Hambletonian Chief, got a record of 2:28, at Lewiston, Me., in the '35 class. Elmbrook now holds the two-year old record (2:42) and the 4-year old record of the State of Maine.

At Canton, Me., last week, Palm, by Messenger Wilkes, won the two-year old colt race easily in 2:52, trotting the last quarter in '36 seconds, a '25 clip. Pretty good for a young fellow, but he is a dandy.

The only horse that has beaten 2:30 this year trotting, is the bay horse White Stockings. At Terre Haute, Ind., he trotted to beat the best time in the State made by Arab of 2:18, and won, doing the trick in 1:74.

Griffin, of the Tuff, Field and Farm, says: "Some people remain in ignorance of the fact that time made at three quarters of a mile is a bar at a year. As I have already stated, the fastest horse I have seen, three-quarter mile heats, and Bradshaw Boy won a heat in 2:18, and Mand F. one in 2:13. If these colts grow up to be as fast as their owners claim that they cannot be entered on first-class track except on a special basis."

There may be some kicking among the good people in Moncton over this statement, and some may doubt it, but it is true, nevertheless, and it is about the time the sporting people of Moncton had their eyes open, as they have been salted twice in good style that I know of. And after they get caught a few more times they will think that perhaps they did not know it all.

The American Derby, run at Chicago, June 22, was one of the most exciting and over \$1,000,000 changed hands. Proctor Knott, won the running and led into the home stretch, when Kiley brought the Montana blizzard, Spokane, through, winning easily. Sorrento, Proctor Knott, Don Jose and Long Dance came after. The followers of Spokane went wild with delight, and he was given chances to drink and was washed with the champagne and led into the home stretch, when Kiley brought the Montana blizzard, Spokane, through, winning easily. Sorrento, Proctor Knott, Don Jose and Long Dance came after.
